Nootka Texts Edward Sapir, 1939 *Nootka Texts. Tales and Ethnological Narratives. With Grammatical Notes and Lexical Materials. By Edward Sapir ... and Morris Swadesh. Nootka & Eng Linguistic Society of America (PHILADELPHIA), Edward Sapir, Morris H. SWADESH, 1939* *Edward Sapir* □ *Appraisals of his life and work* E.F.K. Koerner, 1984-01-01 To commemorate the 100th anniversary of the birth of Edward Sapir 1884 1939 this volume brings together a number of papers by distinguished North American scholars appraising the life and work of the world renowned anthropologist and linguist It includes an introduction by the editor a full bibliography of Sapir s scientific writings a detailed index of names and many photographs and fac similes Among the contributors are Ruth Benedict Leonard Bloomfield Franz Boas Joseph Greenberg Mary Haas Zellig Harris A L Kroeber Robert H Lowie David Mandelbaum Morris Swadesh and C F Voegelin **Nootka texts** Edward Sapir, Morris Swadesh, 1978 *The Thread of Discourse* Joseph Evans Grimes, 1975 No detailed description available for *The Thread of Discourse* *In Honor of Mary Haas* William Shipley, 2010-10-13 No detailed description available for *In Honor of Mary Haas* *Syntax* Andrew Carnie, 2012-08-28 Andrew Carnie s bestselling textbook on syntax has guided thousands of students through the discipline of theoretical syntax retaining its popularity due to its combination of straightforward language comprehensive coverage and numerous exercises In this third edition topics have been updated new exercises added and the online resources have been expanded Supported by expanded online student and instructor resources including extra chapters on HPSG LFG and time saving materials for lecturers including problem sets PowerPoint slides and an instructors manual Features new chapters on ellipsis auxiliaries and non configurational languages Covers topics including phrase structure the lexicon Case theory movement covert movement locality conditions VP shells and control Accompanied by a new optional workbook available separately of sample problem sets which are designed to give students greater experience of analyzing syntactic structure **Essays in the History of Linguistic Anthropology** Dell H. Hymes, 1983-01-01 Anthropology and linguistics as historically developing disciplines have had partly separate roots and traditions In particular settings and in general the two disciplines have partly shared partly differed in the nature of their materials their favorite types of problem the personalities of their dominant figures their relations with other disciplines and intellectual current The two disciplines have also varied in their interrelation with each other and the society about them Institutional arrangements have reflected the varying degrees of kinship kithship and separation Such relationships themselves form a topic that is central to a history of linguistic anthropology yet marginal to a self contained history of linguistics or anthropology as either would be conceived by most authors There exists not only a subject matter for a history of linguistic anthropology but also a definite need *The Origin and Diversification of Language* Morris Swadesh, Morris Swadesh one of this century s foremost scientific investigators of language dedicated much of his life to the study of the origin and evolution of language This volume left nearly completed at his death and edited posthumously by Joel F Sherzer is

his last major study of this difficult subject Swadesh discusses the simple qualities of human speech also present in animal language and establishes distinctively human techniques of expression by comparing the common features that are found in modern and ancient languages He treats the diversification of language not only by isolating root words in different languages but also by dealing with sound systems with forms of composition and with sentence structure In so doing he demonstrates the evidence for the expansion of all language from a single central area Swadesh supports his hypothesis by exhibits that conveniently present the evidence in tabular form Further clarity is provided by the use of a suggestive practical phonetic system intelligible to the student as well as to the professional The book also contains an Appendix in which the distinguished ethnographer of language Dell Hymes gives a valuable account of the prewar linguistic tradition within which Swadesh did some of his most important work Morris Swadesh 1909 1967 initiated or was associated with the introduction of many new approaches in scientific linguistics including phonemics glottochronology and new concepts of language evolution At the time of his death he was research professor at the National Autonomous University of Mexico Joel F Sherzer is a professor in the Departments of Anthropology and Archaeology at the University of Texas at Austin He is the author editor or compiler of many books including *Stories Myths Chants and Songs of the Kuna Indians* *Speech Play and Verbal Art* and *Verbal Art in San Blas Kuna Culture through its Discourse* **Local Knowledge, Global Stage** Frederic W. Gleach, Regna Darnell, 2016-10 The *Histories of Anthropology Annual* presents localized perspectives on the discipline's history within a global context with a goal of increasing awareness and use of historical approaches in teaching learning and conducting anthropology This tenth volume of the series *Local Knowledge Global Stage* examines worldwide historical trends of anthropology ranging from the assertion that all British anthropology is a study of the Old Testament to the discovery of the untranslated shorthand notes of pioneering anthropologist Franz Boas Other topics include archival research into the study of Vancouver Island's indigenous languages explorations of the Christian notion of virgin births in Edwin Sidney Hartland's *The Legend of Perseus* and the Canadian government's implementation of European model farms as a way to undermine Native culture In addition to Boas and Hartland the essays explore the research and personalities of Susan Golla Claude Lévi Strauss and others *The Synchronic and Diachronic Phonology of Ejectives* Paul D. Fallon, 2013-12-16 This study is the first book length examination of ejectives and their phonological patterning deepening the empirical understanding of ejectives and contributing to both phonological theory and to typologies of sound change *The Psychology of Culture* Edward Sapir, 2011-03-01 This work presents Sapir's most comprehensive statement on the concepts of culture on method and theory in anthropology and other social sciences on personality organization and on the individual's place in culture and society Extensive discussions on the role of language and other symbolic systems in culture ethnographic method and social interaction are also included Ethnographic and linguistic examples are drawn from Sapir's fieldwork among native North Americans and from European and American society as well Edward Sapir 1884 1939 one of this century's leading figures in

American anthropology and linguistics planned to publish a major theoretical statement on culture and psychology. He developed his ideas in a course of lectures presented at Yale University in the 1930s which attracted a wide audience from many social science disciplines. Unfortunately, he died before the book he had contracted to publish could be realized. Like de Saussure's *Cours de Linguistique Générale* before it, this work has been reconstructed from student notes in this case twenty-two sets as well as from Sapir's manuscript materials. Judith Irvine's meticulous reconstruction makes Sapir's compelling ideas of surprisingly contemporary resonance available for the first time.

The Oxford Handbook of Word Classes Eva van Lier, 2023. This handbook explores multiple facets of the study of word classes also known as parts of speech or lexical categories. The contributions showcase the importance of word classes for the whole discipline of linguistics while also highlighting the many ongoing debates in the areas and outlining fruitful avenues for future research.

The Vanishing Languages of the Pacific Rim Osahito Miyaoka, Osamu Sakiyama, Michael E. Krauss, 2007-04-12. This book presents the first comprehensive survey of the languages of the Pacific rim, a vast region containing the greatest typological and genetic diversity in the world. It includes the littoral regions of North and South America, Australasia, east and south east Asia, and Japan as well as the Pacific itself. As its languages decline and disappear, sometimes without trace, this rich linguistic heritage is rapidly eroding. In *The Vanishing Languages of the Pacific Rim*, distinguished scholars report on the current state of the region's languages and provide a critical survey of the current state of the region's languages. They show what is currently known and recorded and what remains to be examined and documented. They consider which languages are the most vulnerable to extinction and what steps that can be taken to save them. Their analyses range from the regional to the local and focus on languages in a wide variety of social and ecological settings. Together they make a compelling case for research throughout the region and show how and where this needs to be done.

Northwest California Linguistics Victor Golla, Sean O'Neill, 2010-12-14. This volume contains Sapir's full edition of Hupa texts with complete linguistic and textual annotations. The texts are accompanied by an analytic lexicon, a complete inventory of all stems and derivational bases contained in the corpus, and a detailed ethnographic glossary.

The Handbook of Phonological Theory John A. Goldsmith, Jason Riggle, Alan C. L. Yu, 2011-09-15. The *Handbook of Phonological Theory*, second edition, offers an innovative and detailed examination of recent developments in phonology and the implications of these within linguistic theory and related disciplines. Revised from the ground up for the second edition, the book is comprised almost entirely of newly written and previously unpublished chapters. Addresses the important questions in the field including learnability, phonological interfaces, tone, and variation, and assesses the findings and accomplishments in these domains. Brings together a renowned and international contributor team. Offers new and unique reflections on the advances in phonological theory since publication of the first edition in 1995. Along with the first edition, still in publication, it forms the most complete and current overview of the subject in print.

Voice Quality John H. Esling, Scott R. Moisik, Allison Benner, Lise

Crevier-Buchman,2019-06-20 Offers a new model of vocal tract articulation that explains laryngeal and oral voice quality both auditorily and visually through language examples and familiar voices **Paddling to Where I Stand** Martine J. Reid,Daisy Sewid-Smith,2007-11-01 The first ever biography written about a woman of the Northwest Coast s Kwakwakawakw people Paddling to Where I Stand presents the memoirs of Agnes Alfred c 1890 1992 a non literate noble Qwiqwasutinuxw woman of the Kwakwakawakw Nation and one of the last great storytellers among her peers in the classic oral tradition Agnes Alfred documents through myths historical accounts and personal reminiscences the foundations and the enduring pulse of her living culture But this is more than another anthropological interpretation it is the first hand account of the greatest period of change the Kwakwaka wakw people experienced since first contact with Europeans and Alfred s memoirs flow from her urgent desire to pass on her knowledge to younger generations Respect and Responsibility in Pacific Coast Indigenous Nations E. N. Anderson,Raymond Pierotti,2022-10-12 This book examines ways of conserving managing and interacting with plant and animal resources by Native American cultural groups of the Pacific Coast of North America from Alaska to California These practices helped them maintain and restore ecological balance for thousands of years Building upon the authors and others previous works the book brings in perspectives from ethnography and marine evolutionary ecology The core of the book consists of Native American testimony myths tales speeches and other texts which are treated from an ecological viewpoint The focus on animals and in depth research on stories especially early recordings of texts set this book apart The book is divided into two parts covering the Northwest Coast and California It then follows the division in lifestyle between groups dependent largely on fish and largely on seed crops It discusses how the survival of these cultures functions in the contemporary world as First Nations demand recognition and restoration of their ancestral rights and resource management practices The Typology of Adjectival Predication Harrie Wetzter,2013-03-01 No detailed description available for The Typology of Adjectival Predication
