**Nordic Moral Climates** Ulla Bondeson, Morality was a dominant theme in the 1990s but concerns about morality seem omnipresent in the first years of the third millennium The year 2002 witnessed the greatest corporate scandals ever seen in the United States with immense impact financially and in human terms Sex scandals were pervasive among Catholic priests in the United States disrupting the lives of thousands of abused children In Scandinavia moral debates and scandals are of a smaller magnitude and more often related to questions about the handling of money by politicians This volume takes an overarching look at the impact of such moral questions in the Nordic countries Its approach is multi disciplinarian embracing philosophy history sociology and political science Based mainly upon a survey of representative samples in Denmark Finland Norway and Sweden this unique study combines interview questions on crime and justice with moral questions concerning equality confidence tolerance and also personal social religious political and national values Bondeson first discusses the Nordic countries from a historical perspective and in statistical terms She then presents interview data on the general sense of justice in Nordic countries in particular exploring how much social and legal equality the Scandinavians have achieved in their welfare states She touches upon criminal behavior and victimization and discusses crime prevention and punishment Bondeson also reviews the problems and methods of the study Finally she adds depth to the statistical analysis by using a number of indexes of morality A trend analysis illustrates the stability of these attitudes over time Nordic Moral Climates is an original empirical study of moral values in Scandinavia It is one of the few comprehensive studies on this subject conducted in any nation or group of nations The book will be of great interest to criminologists sociologists and social theorists Ulla V Bondeson has been professor of criminology at the University of Copenhagen since 1980 and was previously professor of sociology of law at Lund University She has also been a guest professor at several American universities including Harvard and Yale She is the author of Prisoners in Prison Societies available from Transaction

**Nordic Moral Climates** Ulla Bondeson, 2017-09-04 Morality was a dominant theme in the 1990s but concerns about morality seem omnipresent in the first years of the third millennium The year 2002 witnessed the greatest corporate scandals ever seen in the United States with immense impact financially and in human terms Sex scandals were pervasive among Catholic priests in the United States disrupting the lives of thousands of abused children In Scandinavia moral debates and scandals are of a smaller magnitude and more often related to questions about the handling of money by politicians This volume takes an overarching look at the impact of such moral questions in the Nordic countries Its approach is multi disciplinarian embracing philosophy history sociology and political science Based mainly upon a survey of representative samples in Denmark Finland Norway and Sweden this unique study combines interview questions on crime and justice with moral questions concerning equality confidence tolerance and also personal social religious political and national values Bondeson first discusses the Nordic countries from a historical perspective and in statistical terms She then presents interview data on the general sense

of justice in Nordic countries in particular exploring how much social and legal equality the Scandinavians have achieved in their welfare states She touches upon criminal behavior and victimization and discusses crime prevention and punishment Bondeson also reviews the problems and methods of the study Finally she adds depth to the statistical analysis by using a number of indexes of morality A trend analysis illustrates the stability of these attitudes over time Nordic Moral Climates is an original empirical study of moral values in Scandinavia It is one of the few comprehensive studies on this subject conducted in any nation or group of nations The book will be of great interest to criminologists sociologists and social theorists

**The Strange Death of Moral Britain** Christie Davies,2004 In the last half of the twentieth century a once respectable and religious Britain became a seriously violent and dishonest society one in which person and property were at risk family breakdown was ubiquitous and drug and alcohol abuse was rising The Strange Death of Moral Britain demonstrates in detail the roots of Britain s decline It also shows how a society strongly Protestant in both morality and identity became one of the most secular societies in the world The culture wars about abortion capital punishment and homosexuality which have convulsed the United States have little meaning in Britain where there is neither a moral majority nor any indigenous emphasis on rights In the period when Britain had a strong national and religious identity defense of this identity led to legal persecution of male homosexuals As Britain s identity crumbled homosexuality ceased to be an important issue for most people Similarly all the pressing questions on abortion capital punishment and homosexuality were settled permanently on a purely utilitarian basis in Britain where all sources of moral argument are weak The ending of the death penalty marked the decline of the influence of the official hierarchies of church and state the Church of England the armed forces and their representative the Conservative Party The Strange Death of Moral Britain is a study of moral change secularization loss of identity and the growth of deviant behavior in Britain in the twentieth century Based on detailed scholarship it is tightly argued and clearly written with a minimum of jargon It will be of interest to scholars in religious studies and British social history and to a general reading public concerned with timely moral controversies

*Nordic Prison Practice and Policy - Exceptional Or Not?* Thomas Ugelvik,Jane Dullum,2011-07-29 Written by leading prison scholars from the Nordic countries as well as selected researchers from the English speaking world looking in this book explores and discusses the Nordic jurisdictions as contexts for the specific penal policies and practices that may or may not be described as the exception from the rule

Humanizing Business Michel Dion,R. Edward Freeman,Sergiy D. Dmytriiev,2022-05-30 This book is about humanizing business In contrast to the mainstream modern management and leadership literature this book provides distinctly humane perspectives on business The volume travels outside the world of business to explore what Humanities such as Philosophy History Literature Creative Arts and Cultural Studies can offer to business Renowned scholars from different Humanities disciplines as well as management researchers exploring the heritage of Humanities convey what it actually means to make business more humane The book strives to humanize business It aims to show that it

is not people who have to suppress their human feelings aspirations and beliefs when they are at their workplaces but it is business itself that needs to be redefined by the human norms of human beings Companies should care about their employees and other stakeholders letting them be themselves i e be human at work and beyond The book will be of interest to management scholars across various business disciplines It can also be used as teaching material in the classroom with MBA students especially in Business Ethics Business and Society Sustainability Organizational Behavior Human Resource Management and other management courses The volume will also be of interest to scholars that work in different Humanities fields and whose interests span organizations management and business Finally many practitioners in the business world especially those in managerial and leadership positions will find the book both thought provoking and useful for them as well Chapter 37 is available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](http://springer.com)

**Ecology and Contemporary Nordic Cinemas** Pietari Kääpä, 2014-04-24 Ecology and Contemporary Nordic Cinemas uses a range of analytical approaches to interrogate how the traditional socio political rhetoric of national cinema can be rethought through ecosystemic concerns by exploring a range of Nordic films as national and transnational regional and local texts all with significant global implications By synergizing transnational theories with ecological approaches the study considers the planetary implications of nation based cultural production [International Bibliography Of Sociology 2003/Bibliographie Internationale Des Sciences Sociales](#) Compiled by the British Library of Political and Economic Science, Jean Sykes, 2004-12 First published in 1952 the International Bibliography of the Social Sciences anthropology economics political science and sociology is well established as a major bibliographic reference for students researchers and librarians in the social sciences worldwide Key features authority Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced Articles and books are selected on merit by some of the world s most expert librarians and academics breadth today the IBSS covers over 2000 journals more than any other comparable resource The latest monograph publications are also included international Coverage the IBSS reviews scholarship published in over 30 languages including publications from Eastern Europe and the developing world User friendly organization all non English titles are word sections Extensive author subject and place name indexes are provided in both English and French [The New Punitiveness](#) John Pratt, David Brown, Mark Brown, Simon Hallsworth, Wayne Morrison, 2013-06-17 This book seeks to understand the increase in prisoners in the western world It brings together leading authorities in the field to provide a wide ranging analysis of new penal trends compare the development of differing patterns of punishment across different types of societies and to provide a range of theoretical analyses and commentaries to help understand their significance **A Real Mind** Patricia Mindus, 2009-09-18 This comprehensive presentation of Axel H gerstr m 1868 1939 fills a void in nearly a century of literature providing both the legal and political scholar and the non expert reader with a proper introduction to the father of Scandinavian realism Based on his complete work including unpublished material and personal correspondence

selected exclusively from the Uppsala archives *A Real Mind* follows the chronological evolution of H gerstr m s intellectual enterprise and offers a full account of his thought The book summarizes H gerstr m s main arguments while enabling further critical assessment and tries to answer such questions as If norms are neither true nor false how can they be adequately understood on the basis of H gerstr m s theory of knowledge Did the founder of the Uppsala school uphold emotivism in moral philosophy What consequences does such a standpoint have in practical philosophy Is he really the inspiration behind Scandinavian state absolutism *A Real Mind* places the complex web of issues addressed by H gerstr m within the broader context of 20th century philosophy stretching from epistemology to ethics His philosophy of law is examined in the core chapters of the book with emphasis on the will theory and the relation between law and power The narrative is peppered with vignettes from H gerstr m s life giving an insightful and highly readable portrayal of a thinker who put his imprint on legal theory The appendix provides a selected bibliography and a brief synopsis of the major events in his life both private and intellectual

**Comparative Law** Uwe Kischel, 2019-02-21 Uwe Kischel's comprehensive treatise on comparative law offers a critical introduction to the central tenets of comparative legal scholarship The first part of the book is dedicated to general aspects of comparative law The controversial question of methods in particular is addressed by explaining and discussing different approaches and by developing a contextual approach that seeks to engage with real world issues and takes a practical perspective on contemporary comparative legal scholarship The second part of the book offers a detailed treatment of the major legal contexts across the globe including common law civil law systems based on Germany and France and extended to Eastern Europe Scandinavia and Latin America among others the African context with an emphasis on customary law different contexts in Asia Islamic law and law in Islamic countries plus a brief treatment of Jewish law and canon law and transnational contexts public international law European Union law and *lex mercatoria* The book offers a coherent treatment of global legal systems that aims not only to describe their varying norms and legal institutions but to propose a better way of seeking to understand how the overall context of legal systems influences legal thinking and legal practice

*Cultural Semantics and Social Cognition* Carsten Levisen, 2012-12-06 Presenting original detailed studies of keywords of Danish this book breaks new ground for the study of language and cultural values Based on evidence from the semantic categories of everyday language such as the Danish concept of *hygge* roughly meaning pleasant togetherness the book provides an integrative socio cognitive framework for studying and understanding language particular universes It is argued that the worlds we live in are not linguistically and conceptually neutral but rather that speakers who live by Danish concepts are likely to pay attention to their world in ways suggested by central Danish keywords and lexical grids By means of a sophisticated semantic methodology the author accounts for the meanings of even highly culture specific and untranslatable linguistic concepts The book offers new tools for comparative research into the diversity of semantic and cultural systems in contemporary Europe Additionally it contributes to the emerging discipline of cultural semantics and to the ongoing debates of linguistic diversity metalanguage and the use of linguistic evidence in studies of culture and social cognition

Society without God, Second Edition Phil Zuckerman, 2020-07-21 An updated edition showcasing the social health of the least religious nations in the world Religious conservatives around the world often claim that a society without a strong foundation of faith would necessarily be an immoral one bereft of ethics values and meaning Indeed the Christian Right in the United States has argued that a society without God would be hell on earth In *Society without God Second Edition* sociologist Phil

Zuckerman challenges these claims Drawing on fieldwork and interviews with more than 150 citizens of Denmark and Sweden among the least religious countries in the world he shows that far from being inhumane crime infested and dysfunctional highly secular societies are healthier safer greener less violent and more democratic and egalitarian than highly religious ones Society without God provides a rich portrait of life in a secular society exploring how a culture without faith copes with death grapples with the meaning of life and remains content through everyday ups and downs This updated edition incorporates new data from recent studies updated statistics and a revised Introduction as well as framing around the now more highly developed field of secular studies It addresses the dramatic surge of irreligion in the United States and the rise of the nones and adds data on societal health in specific US states along with fascinating context regarding which are the most religious and which the most secular
