*The Rise of Little Big Norway* John F. L. Ross, 2019-11-30 *The Rise of Little Big Norway* explores the unlikely rise of Norway from peripherality to today's global steward with an enviable work life balance influential oil fund and Arctic front row seat Drawing on wide ranging source material John Ross's original approach combines astute observation thoughtful analysis and a flowing essay style leavened with the comparative insight that only a seasoned observer of the region can bring The book examines the settings histories and niche elements that lend Norway its distinctiveness and differentiate it from its Nordic neighbors It gives special attention to the northern and Arctic dimensions of Norwegian life and elaborates a connecting thematic thread the mobility that once took Vikings across the Atlantic in open boats and makes today's Norwegians the most traveled people on the planet The result is a carefully crafted general study of Norway a country long overlooked in favor of its Nordic neighbors but now a quiet force in its own right and a touchstone for twenty first century issues ranging from identity politics to the Arctic melt This book fills a major gap in the literature on Norway and the Nordic region *Norwegian language guide for travelers* YouGuide Ltd, *First Year Norse* Maren Bastine Hals Michelet, 1914
