Norman Rockwell All American Master:

Norman Rockwell Laura Claridge, 2001-12-18 Norman Rockwell's tremendously successful prolific career as a painter and illustrator has rendered him a twentieth century American icon. However the very popularity and accessibility of his idealized nostalgic depictions of middleclass life have caused him to be considered not a serious artist but a mere illustrator a disparagement only reinforced by the hundreds of memorable covers he drew for The Sunday Evening Post. Symptomatic of critics neglect is the fact that Rockwell has never before been the subject of a serious critical biography. Based on private family archives and interviews and publishes to coincide with a major two year travelling retrospective of his work this book reveals for the first time the driven workaholic who had three complicated marriages and was a distant father so different from the loving all American dad image widely held to this day. Critically acclaimed author Laura Claridge also breaks new ground with her reappraisal of Rockwell's art arguing that despite his popular sentimental style his artistry was masterful complex and far more manipulative than people realize.

Norman Rockwell's Models S.T. Haggerty, 2023-02-15 This book is the first to tell the stories of Norman Rockwell's models and their time in his studio. In 1940 America's favorite illustrator Norman Rockwell his wife Mary and their three sons moved to the picturesque rural village of West Arlington Vermont. The artist discovered a treasure trove of models. Norman Rockwell's Models In and out of the Studio is the first to detail these models' lives friendships with the artist and experiences in his studio. Dressed in quaint work clothing the models were dairy farmers carpenters country doctors soldiers and mechanics. Norman Rockwell's Models features non-fiction narratives telling the story of these folks during an era when they helped the war effort farmed with horses and received home visits from doctors. The book also describes the challenges the models faced in their own lives and how these affected their expressions in the paintings. For example in several 1945 masterpieces the jubilation Americans felt after the close of the second world war is revealed in their faces. Upon meeting people young or old the artist would say Call Me. Norman Rockwell learned the models' roles in the community and their personalities which fostered genuine paintings. He strove for example to find real life soldiers to model as WWII heroes and spirited boys and girls for lively paintings. In the studio Norman was charming and polite but painstaking. He demonstrated poses and did whatever was necessary to evoke his trademark expressions including telling stories of his own life sometimes laughing or crying. Spending entire summers at his family's farmhouse near West Arlington Vermont the author S.T. Haggerty grew up knowing many models including those who posed for such iconic works as Freedom of Speech Breaking Home Ties and Girl at the Mirror. Along with models and their families the author hayed the scenic fields in the Batten Kill River Valley and swam under the red covered bridge on the Village Green. These experiences give him a unique perspective for telling this story.
