Norms Of Rhetorical Culture Paperback:

Norms of Rhetorical Culture Thomas B. Farrell, 1993 Rhetoric is widely regarded by both its detractors and advocates as a kind of antithesis to reason In this book Thomas B Farrell restores rhetoric as an art of practical reason and enlightened civic participation grounding it in its classical tradition particularly in the rhetoric of Aristotle Farrell also offers a critique of the dominant currents of modern humanist thought which bear principal responsibility for the disparagement of the rhetorical tradition Rhetorical Norms of Ableist Culture James Lavigne Cherney, 2003 Constitutions and the Classics Denis Galligan, 2014-12-11 The period from the fifteenth century to the late eighteenth century was one of critical importance to British constitutionalism Although the seeds were sown in earlier eras it was at this point that the constitution was transformed to a system of representative parliamentary government Changes at the practical level of the constitution were accompanied by a wealth of ideas on constitutions written from different and often competing perspectives Hobbes and Locke Harrington Hume and Bentham Coke the Levellers and Blackstone were all engaged in the constitutional affairs of the day and their writings influenced the direction and outcome of constitutional thought and development They treated themes of a universal and timeless character and as such have established themselves of lasting interest and importance in the history of constitutional thought Examining their works we can follow the shaping of contemporary ideas of constitutions and the design of constitutional texts At the same time major constitutional change and upheaval were taking place in America and France This was an era of intense discussion examination and constitution making The new nation of the United States looked to authors such as Locke Hume Harrington and Sydney for guidance in their search for a new republicanism adding to the development of constitutional thought and practice This collection includes chapters examining the influences of Madison Hamilton Jefferson and Adams In France the influence of Rousseau was apparent in the revolutionary constitution and Sieves was an active participant in its discussion and design Montesquieu and de Maistre reflected on the nature of constitutions and constitutional government and these French writers drew on engaged with and challenged the British and American writers The essays in this volume reveal a previously unexplored dynamic relationship between the authors of the three nations explaining the intimate connection between ruler and ruled The Rhetorical Rise and Demise of "Democracy" in Russian Political Discourse, Volume 1 David Cratis Williams, Marilyn J. Young, Michael K. Launer, 2021-12-14 The essays in this book examine the arguments and rhetoric used by the United States and the USSR following two catastrophes that impacted both countries as blame is cast and consequences are debated In this environment it was perhaps inevitable that conspiracy theories would arise especially about the downing of Korean Air Lines Flight 007 over the Sea of Japan Those theories are examined resulting in at least one method for addressing conspiracy arguments In the case of Chernobyl the disaster ruptured the social compact between the Soviet government and the people efforts to overcome the resulting disillusionment quickly became the focus of state efforts The QUARTERLY JOURNAL of SPEECH, 1994 Academic

Constraints in Rhetorical Criticism of the New Testament J. David Hester Amador, 1999-01-01 Rhetorical criticism promised to bring New Testament studies into a new era that approached the Bible as a document of persuasive discourse Major proponents of this approach suggested that its potential lies in its democratization of biblical interpretation To date that promise has never been fulfilled The reasons can be found by exploring the rhetoric of these rhetorical critics Such an exploration uncovers systems of disciplinary constraints and discursive habits that keep rhetoric firmly within traditional units of academic biblical interpretation The promise of rhetoric can only be fulfilled by shattering all notions of a rhetorical Law Books Published 1993 Suppl ,1994 American Journal of Philology Charles programme of biblical interpretation William Emil Miller, Benjamin Dean Meritt, Tenney Frank, Harold Fredrik Cherniss, Henry Thompson Rowell, 1994 Each number includes Reviews and book notices The Journal of Philosophy, 1993 Covers topics in philosophy psychology and scientific methods Vols 31 include A Bibliography of philosophy 1933 Modern Rhetorical Criticism Roderick P. Hart, 1997 A comprehensive and up to date introduction to the analysis of public rhetoric this book illustrates for readers how to examine and interpret rhetorical situations ideas arguments structure and style The book covers a wide range of critical techniques from cultural and dramatistic analysis to feminist and Marxist approaches A wealth of original criticism demonstrates how to analyze such diverse forms as junk mail congressional debates and traffic regulations as well as Histories of Knowledge in Postwar Scandinavia Johan Östling, Niklas Olsen, David Larsson Heidenblad, 2020-06-04 Histories of Knowledge in Postwar Scandinavia uses case studies to explore how knowledge circulated in the different public arenas that shaped politics economics and cultural life in and across postwar Scandinavia particularly in the 1960s and 1970s This book focuses on a period when the term knowledge society was coined and rapidly found traction In Scandinavia society s relationship to rational forms of knowledge became vital to the self understanding and political ambitions of the era Taking advantage of contemporary discussions about the circulation arenas forms applications and actors of knowledge contributors examine various forms of knowledge economic environmental humanistic religious political and sexual that provide insight into the making and functioning of postwar Scandinavian societies and offer innovative studies that contribute to the development of the history of knowledge at large The concentration on knowledge rather than the welfare state the Cold War or the new social and political movements which to date have attracted the lion s share of scholarly attention ensures the book makes a historiographical intervention in postwar Scandinavian historiography Offering a stimulating point of departure for those interested in the history of knowledge and the circulation of knowledge this is a vital resource for students and scholars of postwar Scandinavia that provides fresh perspectives and new methodologies for exploration Color of Rape Sujata Moorti, 2012-02-01 Honorable Mention 2003 Myers Outstanding Book Award presented by The Gustavus Myers Center for the Study of Bigotry and Human Rights in North America Through an analysis of television images of rape this book makes important contributions to theories of the public sphere as well as

feminist theories of rape It shows how issues pertaining to race and gender are integrated in television discussions of rape and how ideas of race stereotypes of black male and female sexuality and the perceived threat of miscegenation continue to shape contemporary attitudes toward sexual violence Science-fiction Studies ,1980 The Branding of Right-Wing **Activism** Khadijah Costley White, 2018-08-02 From the start of Barack Obama's presidency in 2009 conservative populist groups began fomenting political fractiousness dissent and surprising electoral success The Tea Party was one of the major characters driving this story But as Khadijah Costley White argues in this book the Tea Party's ascent to major political phenomenon can be attributed to the way in which partisan and non partisan news outlets branded the Party as a pot stirrer in political conflicts over race class and gender In other words the news media played a major role in developing cultivating and promoting populism s brand particularly within the news spaces of commentary and opinion Through the language of political marketing branding and promotion the news media not only reported on the Tea Party but also acted as its political strategist and brand consultant Moreover the conservative press acted more as a political party than a news medium deliberately promoting the Tea Party and aiding in organizing headlining and galvanizing a conservative political base around specific Tea Party candidates values and events In a media environment in which everyone has the opportunity to tune out tune in and speak back The Branding of Right Wing Activism ultimately shows that distinctions between citizens journalists Mind, Morality and Magic Istvan activists politicians celebrities and consumers are more symbolic than concrete Czachesz, Risto Uro, 2014-10-14 The cognitive science of religion that has emerged over the last twenty years is a multidisciplinary field that often challenges established theories in anthropology and comparative religion This new approach raises many questions for biblical studies as well What are the cross cultural cognitive mechanisms which explain the transmission of biblical texts How did the local and particular cultural traditions of ancient Israel and early Christianity develop What does the embodied and socially embedded nature of the human mind imply for the exegesis of biblical texts Mind Morality and Magic draws on a range of approaches to the study of the human mind including memory studies computer modeling cognitive theories of ritual social cognition evolutionary psychology biology of emotions and research on religious experience. The volume explores how cognitive approaches to religion can shed light on classical concerns in biblical scholarship such as the transmission of traditions ritual and magic and ethics as well as uncover new questions and offer new methodologies A Preface to Our Times William Earl Buckler, 1968 Bibliografisch Repertorium Van de Wijsbegeerte),2001 How Institutions Matter! Joel Gehman, Michael Lounsbury, Royston Greenwood, 2016-12-21 This double volume presents a collection of 23 papers on how institutions matter to socio economic life The effort was seeded by the 2015 Alberta Institutions Conference which brought together 108 participants from 14 countries and 51 different institutions Time Passages George Lipsitz, 1997 Subject Guide to Books in Print, 1993
