North American Discovery Circa 1000 1612 Documentary History Of The United States

Victor M. Corman

North American Discovery Circa 1000 1612 Documentary History Of The United States:

North American Discovery: Circa 1000-1612 David B. Quinn, 1971 This selection of documents is intended to show how North America gradually emerged as a geographical entity and the way in which the continent was revealed by successive explorers Exploration was far from complete by 1612 when this selection ends but the whole of the east coast from the southern tip of Florida to Cape Chidley the northern tip of Labrador was known by the latter date and some idea had been gained of the nature and extent of the interior and of a substantial part of the west coast as well This volume emphasizes the east since the evolution of the knowledge of the west will be developed in subsequent volumes in this series but it is not possible to ignore the Coronado expedition which with that under Hernando de Soto was a decisive event in the definition of the extent of the interior Publisher Historical Dictionary of the American Frontier Jay H. Buckley, Brenden W. Rensink, 2015-05-05

The Historical Dictionary of the American Frontier covers early Euro American exploration and development of frontiers in North America but not only the lands that would eventually be incorporated into the United States it also includes the multiple North American frontiers explored by Spain France Russia England and others The focus is upon Euro American activities in frontier exploration and development but the roles of indigenous peoples in these processes is highlighted throughout The history of this period is covered through a chronology an introductory essay and an extensive bibliography The dictionary section has over 300 cross referenced entries on explorers adventurers traders religious orders developers and indigenous peoples This book is an excellent access point for students researchers and anyone wanting to know more about the development of the American frontier **Herbert E. Bolton and the**

Historiography of the Americas Russell Magnaghi, 1998-08-20 The comparative approach to the understanding of history is increasingly popular today This study details the evolution of comparative history by examining the career of a pioneer in this area Herbert E Bolton who popularized the notion that hemispheric history should be considered from pole to pole Bolton traced the study of the history of the Americas back to 16th century European accounts of efforts to bring civilization to the New World and he argued that only within this larger context could the histories of individual nations be understood After American entry into the Spanish American War in 1898 historians such as Bolton promoted the idea of comparative history and it remains to this day a significant historiographical approach Consideration of the history of the Americas as a whole dates back to 16th century European treatises on the New World Chapter one of this study provides an overview of pre Bolton formulations of such history In chapter two one sees the forces that shaped Bolton's thinking and brought about the development of the concept Chapters three and four focus upon the evolution of the approach through Bolton's history course at the University of California at Berkeley and the reception of the concept among Bolton's contemporaries Unfortunately Bolton never fully developed the theoretical side of his argument thus chapter five chronicles the decline of his ideas after his death The final chapter reveals the survival of the concept which is now embraced by a new generation of

historians who are largely unfamiliar with Bolton's instrumental role in the promotion of comparative history **Jamestown Colony** Frank E. Grizzard Jr., Daniel Boyd Smith, 2007-03-21 Jamestown Colony is an authoritative and thorough treatment of all aspects of life in Jamestown the first successful British colony in the New World Four centuries after its founding Jamestown has become the stuff of movies legend and tourism This important work treats the reality behind the legends Pocahontas John Rolfe Powhatan John Smith and others and puts the stories into a broader context More than 250 A-Z entries detail the colonial strategies military considerations political realities and personal privations that went into the creation of the first enduring beachhead in the British effort to colonize the New World Based on primary sources and ongoing archaeological work this book is the most comprehensive look at life in Jamestown The reader will find detailed scholarship on all the familiar names along with the stories of the lesser known told in their own words when possible Published in the quadricentennial of Jamestown's founding this solid reference is an invaluable resource for the student and history buff *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1974 **The Secret Token** Andrew Lawler, 2019-06-04 National Bestseller A sweeping account of America's oldest unsolved mystery the people racing to unearth its answer and the sobering truths about race gender and immigration exposed by the story of the Lost Colony of Roanoke In 1587 115 men women and children arrived at Roanoke Island on the coast of North Carolina Chartered by Queen Elizabeth I their colony was to establish England's first foothold in the New World But when the colony's leader John White returned to Roanoke from a resupply mission his settlers were nowhere to be found They left behind only a single clue a secret token carved into a tree Neither White nor any other European laid eyes on the colonists again What happened to the Lost Colony of Roanoke For four hundred years that question has consumed historians and amateur sleuths leading only to dead ends and hoaxes But after a chance encounter with a British archaeologist journalist Andrew Lawler discovered that solid answers to the mystery were within reach He set out to unravel the enigma of the lost settlers accompanying competing researchers each hoping to be the first to solve its riddle Thrilling and absorbing *The Secret Token* offers a new understanding not just of the first English settlement in the New World but of how the mystery and significance of its disappearance continues to define and divide our country **Coldest Harbour in the Land** Luca Codignola, 1988 Simon Stock born Thomas Doughty was a missionary priest of the Discalced Carmelite order in England *Bibliographie de l'histoire du Québec et du Canada, 1966-1975* Paul Aubin, 1981 *A Savage Empire* Alan Axelrod, 2011-12-06 Reveals the astonishingly vital role a small animal the beaver played in the creation of our nation From publisher description
