Nutka: Captain Cook and the Spanish explorers on the Coast Barbara S. Efrat, W. J. Langlois, 1978 **Nu·tka·** The Royal British Columbia Museum, **Historical Dictionary of the Discovery and Exploration of the Northwest Coast of America** Robin Inglis, 2008-04-02 The Northwest Coast of America ranging from northern California through Oregon Washington and British Columbia all the way up to Alaska was the last temperate coastline to be placed on the world map First visited by Russians in 1741 and thought to contain a navigable passage between the Pacific and the Atlantic it was systematically revealed during an intense period of exploratory and commercial activity from the 1770s to the 1790s Subsequently the imperial ambitions of Russia Spain and Britain and an assumption of manifest destiny by the United States led to further exploration and ensured that the region would become disputed territory before national boundaries were determined in the mid 19th century The Historical Dictionary of the Discovery and Exploration of the Northwest Coast of America tells of the heroic endeavors and remarkable achievements the endless speculation about a northwest passage and the fighting and manipulation for commercial advantage that surrounded this terrain This is done through an introductory essay a detailed chronology an extensive bibliography modern maps and selected historical maps and drawings and over 400 cross referenced dictionary entries Entries cover the native people encountered the scientists and artists who left an invaluable documentary and visual record of people places flora and fauna the numerous voyages taken by men such as Vitus Bering James Cook Juan Francisco de la Bodega y Quadra and George Vancouver overland expeditions like those of Alexander Mackenzie Simon Fraser Meriwether Lewis and William Clark and David Thompson and maritime fur traders including George Dixon Grigori Shelikhov Robert Gray and William Sturgis No other dictionary exists that is dedicated solely to the coverage of this region *Captain Cook* Frank McLynn, 2011-06-07 This thoroughly researched and sharply opinionated biography presents a nuanced portrait of the renowned 18th century navigator The Wall Street Journal The age of discovery was at its peak in the eighteenth century with bold adventurers charting the furthest reaches of the globe Foremost among these explorers was Captain James Cook of the British Royal Navy Recent writers have viewed Cook through the lens of colonial exploitation regarding him as a villain While they raise important issues many of these critical accounts overlook his major contributions to science navigation and cartography In *Captain Cook* Frank McLynn re creates the voyages that took the famous navigator from his native England to the outer reaches of the Pacific Ocean Although Cook died in a senseless avoidable conflict with the people of Hawaii McLynn illustrates that to the men with whom he served Cook was master of the seas and nothing less than a titan McLynn reveals Cook's place in history as a brave and brilliant yet tragically flawed man *The Captain Cook Encyclopaedia* John Robson, 2004 The ultimate reference work on Britain's greatest navigator and explorer The book aims to provide answers on all aspects of the life and voyages of Captain James Cook and the people places events and ships associated with the great explorer **Singing the Songs of My Ancestors**

Linda Goodman, 2003 Ever since she was a small child Helma Swan the daughter of a Northwest Coast chief loved and learned the music of her people As an adult she began to sing even though traditionally Makah singers had been men How did such a situation develop In her own words Helma Swan tells the unusual story of her life her music and how she became a singer An excellent storyteller she speaks of both musical and non musical activities and events In addition to discussing song ownership and other Makah musical concepts she describes songs dances and potlatch ceremonies proper care of masks and costumes and changing views of Native music education More generally she speaks of cultural changes that have had profound effects on contemporary Makah life Drawing on more than twenty years of research and oral history interviews Linda J Goodman in *Singing the Songs of My Ancestors* presents a somewhat different point of view than that of the anthropologist ethnomusicologist interested in Makah culture and history as well as the changing musical and ceremonial roles of Makah men and women Her information provides a context for Helma Swan's stories and songs Taken together the two perspectives allow the reader to embark on a vivid and absorbing journey through Makah life music and ceremony spanning most of the twentieth century Studies of American Indian women musicians are rare this is the first to focus on a Northwest Coast woman who is an outstanding singer and storyteller as well as a conservator of her tribe's cultural traditions *At the Far Reaches of Empire* Freeman M. Tovell, 2009-01-01 Captain Juan Francisco de la Bodega y Quadra was the most important Spanish naval officer on the Northwest Coast in the eighteenth century Serving from 1774 to 1794 he participated in the search for the Northwest Passage and with George Vancouver endeavoured to forge a diplomatic resolution to the Nootka Sound controversy between Spain and Britain Freeman Tovell's thorough and nuanced study presents this officer of Spain's Enlightened Navy as a key figure in the history of the region Intelligent observant and literate Bodega received high praise from the viceroys of New Spain under whom he served His enlightened policy toward the Nuuchahmuls and his close association with Chief Maquinna are a matter of record Bodega was not without his imperfections when his overarching ambition to make a name for himself exceeded his financial reach he incurred ruinous debts As a Peruvian creole he also struggled against the glass ceiling imposed by having been born outside Spain Despite constant efforts for promotions he never gained the full recognition from naval and political superiors that his achievements deserved Bodega's accomplishments place him in the company of Bering Cook Vancouver La Perouse and Malaspina those who advanced a better understanding of the geography ethnography and natural history of the area The most complete study of Bodega and his epoch yet written *At the Far Reaches of Empire* is an absorbing narrative of eighteenth century empire building

Captain Cook Glyndwr Williams, 2004 Essays reassess Cook's standing as a leading figure in eighteenth century history exploration and the advancement of science Hiking the West Coast of Vancouver Island Tim Leadem, 2015 The rugged west coast of Vancouver Island offers some of the most spectacular and storied hiking in the Pacific Northwest Home to the world famous West Coast Trail once a lifeline for marooned sailors and still among the most breath taking yet demanding
