Richard Wright Keneth Kinnamon,2014-11-04 African American writer Richard Wright 1908 1960 was celebrated during the early 1940s for his searing autobiography Black Boy and fiction Native Son By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris But his writings changed American culture forever and today they are mainstays of literature and composition classes He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers This volume presents a comprehensive annotated bibliography of those essays books and articles from 1983 through 2003 Arranged alphabetically by author within years are some 8 320 entries ranging from unpublished dissertations to book length studies of African American literature and literary criticism Also included as an appendix are addenda to the author s earlier bibliography covering the years from 1934 through 1982 This is the exhaustive reference for serious students of Richard Wright and his critics

Handbook of American Poetry Sabine Sielke,2025-01-27 This handbook offers scholars an overview of the state of research and students a sense of how American poetry from its first forms evolving in the 17th century settler colonies to its current digital modes has addressed issues and experiences central to human consciousness and to political life over five centuries of cultural practice At the same time it aims to show how poetry philosophy and theory have always been involved in productive dialogues

American Literature Emory Elliott,1991 Emory Elliott one of our outstanding American Literature scholars and critics and his co editors have assembled an extraordinarily rich diverse and iconoclastic anthology It constitutes a virtual revision

of American literary history Joyce Carol Oates **Nationalism, Marxism, and African American Literature between the Wars** Anthony Dawahare, 2009-09-18 During and after the Harlem Renaissance two intellectual forces nationalism and Marxism clashed and changed the future of African American writing Current literary thinking says that writers with nationalist leanings wrote the most relevant fiction poetry and prose of the day Nationalism Marxism and African American Literature Between the Wars A New Pandora's Box challenges that notion It boldly proposes that such writers as A Philip Randolph Langston Hughes and Richard Wright who often saw the world in terms of class struggle did more to advance the anti racist politics of African American letters than writers such as Countee Cullen Jessie Redmon Fauset Alain Locke and Marcus Garvey who remained enmeshed in nationalist and racist discourse Evaluating the great impact of Marxism and nationalism on black authors from the Harlem Renaissance and the Depression era Anthony Dawahare argues that the spread of nationalist ideologies and movements between the world wars did guide legitimate political desires of black writers for a world without racism But the nationalist channels of political and cultural resistance did not address the capitalist foundation of modern racial discrimination During the period known as the Red Decade 1929 1941 black writers developed some of the sharpest critiques of the capitalist world and thus anticipated contemporary scholarship on the intellectual and political hazards of nationalism for the working class As it examines the progression of the Great Depression the book focuses on the shift of black writers to the Communist Left including analyses of the Communists position on the Negro Question the radical poetry of Langston Hughes and the writings of Richard Wright Liberation Memories Keith Gilyard, 2003-04-01 This first book length study of John Oliver Killens aims to help secure his place in literary history and explores his creation of an inspiring Black vernacular art one that ennobles people of African descent and urges their political liberation No serious history of the development of the African American novel from the 1950s onward can be written without reference to John Oliver Killens A two time nominee for the Pulitzer Prize and founding chairman of the legendary Harlem Writers Guild Killens was regarded by many as a spiritual father who inspired a generation of African American novelists with his politically charged works And yet today he rarely receives proper critical attention Seeking to strengthen our understanding of this important literary figure Keith Gilyard departs from standard critical frameworks to reveal Killens's novels as artful renderings of rich African American rhetorical forms and verbal traditions Gilyard finds that many critics adhering to ideals of art for art's sake or narrative conciseness are ill equipped to appreciate the many ways in which Killens's fiction succeeds Rejecting the pure art position Killens sought to articulate Black heroism particularly within a family or community context offering a set of values he deemed liberatory He focused on rendering noble and polemical characters and his work represents a distinguished fusion of sociopolitical persuasion rhetoric and literary artifact poetics To help illuminate such novels as *Youngblood* 1954 *And Then We Heard the Thunder* 1962 and *The Cotillion* 1971 Gilyard examines Killens's work as an essayist and cultural organizer highlighting his activism His life and literary production can be

partly characterized Gilyard suggests by the African American jeremiad a major rhetorical form in the Black intellectual tradition expressing faith that America's destiny is to become an authentic pluralistic democracy Encyclopedia of African American Popular Culture Jessie Smith, 2010-12-17 This four volume encyclopedia contains compelling and comprehensive information on African American popular culture that will be valuable to high school students and undergraduates college instructors researchers and general readers From the Apollo Theater to the Harlem Renaissance from barber shop and beauty shop culture to African American holidays family reunions and festivals and from the days of black baseball to the era of a black president the culture of African Americans is truly unique and diverse This diversity is the result of intricate customs forged in tightly woven communities not only in the United States but in many cases also stemming from the traditions of another continent Encyclopedia of African American Popular Culture presents information in a traditional A-Z organization capturing the essence of the customs of African Americans and presenting this rich cultural heritage through the lens of popular culture Each entry includes historical and current information to provide a meaningful background for the topic and the perspective to appreciate its significance in a modern context This encyclopedia is a valuable research tool that provides easy access to a wealth of information on the African American experience Each Hour Redeem Daylanne K. English, 2013-03-29 Each Hour Redeem advances a major reinterpretation of African American literature from the late eighteenth century to the present by demonstrating how its authors are centrally concerned with racially different experiences of time Daylanne K. English argues that from Phillis Wheatley to Suzan Lori Parks African American writers have depicted distinctive forms of temporality to challenge racial injustices supported by dominant ideas of time The first book to explore the representation of time throughout the African American literary canon Each Hour Redeem illuminates how the pervasive and potent tropes of timekeeping provide the basis for an overarching new understanding of the tradition Combining literary historical legal and philosophical approaches Each Hour Redeem examines a wide range of genres including poetry fiction drama slave narratives and other forms of nonfiction English shows that much of African American literature is characterized by strategic anachronism the use of prior literary forms to investigate contemporary political realities as seen in Walter Mosley's recent turn to hard boiled detective fiction By contrast strategic presentism is exemplified in the Black Arts Movement and the Harlem Renaissance and their investment in contemporary political potentialities for example in Langston Hughes and Amiri Baraka's adaptation of the jazz of their eras for poetic form and content Overall the book effectively demonstrates how African American writers have employed multiple and complex conceptions of time not only to trace racial injustice but also to help construct a powerful literary tradition across the centuries *The Other Black Church* Joseph L. Tucker Edmonds, 2020-12-02 The Other Black Church Alternative Christian Movements and the Struggle for Black Freedom examines the movements led by Father Divine Charles Mason and Albert Cleage later known as Jaramogi Abebe Agyeman as alternative Christian movements in the middle of the twentieth century that radically re-envisioned the limits

and possibilities of Black citizenship These movements not only rethink the value and import of Christian texts and reimagined the role of the Black Christian prophetic tradition but they also outlined a new model of protest that challenged the language and logic of Black essentialism economic development and the role of the state By placing these movements in conversation with the long history of Black theology and Black religious studies this book suggests that alternative Christian movements are essential for thinking about African American critiques of and responses to the failures of U S based democracy These prophets of Black theological thought and their attention to the limits of the state and traditional Black religious formations are most fully appreciated when studied in light of their conversations and interactions with other key Black prophetic and theological figures of the mid twentieth century Ultimately The Other Black Church will use those conversations and archives from these movements to highlight their protest of the racial state to explore the limits of the Black church and to argue for their continued significance for thinking about the variety and vibrancy of Black protest specifically Black religious protest during the twentieth century

Engaging Tradition, Making It New Stephanie Brown,Éva Tettenborn,2020-12-15 *Engaging Tradition Making It New* offers a rich collection of fresh scholarly and pedagogical approaches to new African American literature Organized around the theme of transgression the collection focuses on those writers who challenge the reading habits and expectations of students and instructors whether by engaging themes and literary forms not usually associated with African American literature or by departing from traditional modes of approaching historical social or legal struggles Each chapter offers a specific reading of a particular novel memoir or poetry collection sometimes in concert with a second related text and suggests both a useful critical context and one or more pedagogical approaches *Engaging Tradition Making It New* points the way toward exciting new methods of teaching and researching authors in this dynamic field

Literary Theory: The Basics Hans Bertens,2017-07-14 This third edition of Hans Bertens bestselling book is an essential guide to the often confusing and complicated world of literary theory Exploring a broad range of topics from Marxist and feminist criticism to postmodernism and new historicism *Literary Theory The Basics* covers contemporary topics including reception theory and reader response theory the new criticism of postmodernism the after theory debate post humanism biopolitics and animal studies aesthetics *Literary Theory The Basics* helps readers to approach the many theories and debates in this field with confidence Now with updated case studies and further reading this is an essential purchase for anyone who strives to understand literary theory today

The Geographies of African American Short Fiction Kenton Rambsy,2022-03-25 Perhaps the brevity of short fiction accounts for the relatively scant attention devoted to it by scholars who have historically concentrated on longer prose narratives *The Geographies of African American Short Fiction* seeks to fill this gap by analyzing the ways African American short story writers plotted a diverse range of characters across multiple locations small towns a famous metropolis city sidewalks a rural wooded area apartment buildings a pond a general store a prison and more In the process these writers highlighted the extents to which places and

spaces shaped or situated racial representations Presenting African American short story writers as cultural cartographers author Kenton Rambsy documents the variety of geographical references within their short stories to show how these authors make cultural spaces integral to their artwork and inscribe their stories with layered and resonant social histories The history of these short stories also documents the circulation of compositions across dozens of literary collections for nearly a century Anthology editors solidified the significance of a core group of short story authors including James Baldwin Toni Cade Bambara Charles Chesnutt Ralph Ellison Zora Neale Hurston and Richard Wright Using quantitative information and an extensive literary dataset *The Geographies of African American Short Fiction* explores how editorial practices shaped the canon of African American short fiction
