The Hum of Angels Scot McKnight, 2017-02-07 Would You Recognize an Angel if You Saw One The majority of earth's inhabitants believe in Angels Yet so few of us can claim to have seen one Why Perhaps it's because in order to encounter one we first have to learn what to look for and how to look We live in a world where the natural and supernatural overlap Angels are constantly on mission from God and constantly at work in this world From the Garden of Eden to the Book of Revelation Scripture is filled with hundreds of references to these wondrous creatures In this creative work Scot McKnight explores what the Bible says and doesn't say about these majestic beings And that's deeply important because angels are still on mission today They express God's love confirm His presence and even lead humans in redemptive worship Don't just believe in angels Learn how to recognize these messengers of God that are all around us and know how God might be using them to affect our lives Most People Believe in Angels It's What we Believe About them that Matters Believing in angels is one thing But how can we know what angels are really like especially when our preconceived notions have been mostly shaped by sensationalized misinterpretations of these wondrous beings To help sort things out Scot McKnight untangles fact from fiction on topics such as Do loved ones become angels when they die Can we hear from angels Is there a hierarchy of angels Do we have a specific guardian angel Should we be scared of angels Are cherubs and seraphs different creatures than angels Do angels have wings Are angels worship leaders The Hum of Angels illuminates what the Bible says about these heavenly beings and it helps you to understand the deepest truths about one of God's most magnificent and yet misunderstood creations

The eschatological function of the Prophet is represented in these sources through a series of royal metaphors connected to his rank j al-h on the Day of Judgement which will allow him access to a special station called the Station of Praise al-maqam al-ma'mud endowed with specific attributes of royalty.
