## **Presidents A Biographical Dictionary:**

**Presidents** Neil A. Hamilton, 2010 Praise for the previous editions well written and engagingly contemporary  
Recommended Choice **Presidents** Neil A. Hamilton, 2010 A biographical dictionary profiling the presidents of the United States from George Washington to Barack H Obama *Vice Presidents* L. Edward Purcell, 2001 Offers profiles of the forty six vice presidents of the United States written by historians and persons responsible for each vice president s official papers  
*The Vice Presidents* , 2001 **Vice Presidents** L. Edward Purcell, 2010 The majority of our vice presidents have been people of extraordinarily high aspiration ability and achievement For some the vice presidency was the deflating end of a political career for others the office was a stepping stone to the presidency *First Ladies of the United States* Robert P. Watson, 2002 *The American Vice Presidency* Jody C Baumgartner, 2015-04-23 It is quite possible that no elected office has been more historically maligned than the vice presidency of the United States From the beginning of American politics the office has been the object of ridicule by scholars pundits humorists citizens and even vice presidents themselves The perception among many is that institution and its occupants are at best irrelevant Recent history would suggest otherwise but as it stands no book exists that takes a detailed look at the new impactful vice presidency that s been forged since Clinton Gore took office The American Vice Presidency fills an important hole in the literature available to those interested in the modern vice presidency Concise yet comprehensive this book is the fullest and most accurate examination of the office to date covering the origins and constitutional roots of the institution its history and the slow transformation of the office starting in the mid twentieth century Jody C Baumgartner and Thomas F Crumblin highlight major changes in vice presidential selection as well as the new and various roles that vice presidents are being asked to play in their administrations The book emphasizes the increasingly substantive Vice Presidencies of Gore Cheney and Biden and both informs and spurs the debate surrounding what form and role the Vice Presidency will take on moving forward [Our Country's Presidents](#) National Geographic, 2025-01-28 Revised and updated to include the winner of the 2024 presidential election this photo filled and fact packed book is a timely must have reference National Geographic presents the 45 individuals who have led the U S in this up to date authoritative and lavishly illustrated family school and library reference Key features include New foreword from Sharon McMahon author of the New York Times best seller *The Small and the Mighty* and host of the award winning podcast *Here s Where It Gets Interesting* Information about the 2024 election results Comprehensive profiles of all the former presidents along with timelines and descriptions of crucial events during their terms Thematic spreads covering a variety of topics from the history of voting rights and the impeachment process to White House traditions and the career paths that led to the presidency Full page portraits famous quotes and fascinating facts to help kids get to know each leader **Dead Presidents** Brady Carlson, 2016-02-01 Entertaining Carlson shifts deftly among sombre macabre and playful stories and shows how the death tourism industry reveals more than amusing trivia The New Yorker In

Dead Presidents public radio host and reporter Brady Carlson takes readers on an epic trip to presidential gravesites monuments and memorials from sea to shining sea With an engaging mix of history and contemporary reporting Carlson explores the death stories of our greatest leaders and shows that the ways we memorialize our presidents reveal as much about us as they do about the men themselves Secret Lives of the U.S. Presidents Cormac O'Brien,2009 Presents little known facts and trivia about the United States presidents from George Washington to Barack Obama including information on personal lives political stances and election scandals **Presidents as Military Officers, As Commander-in-Chief with Humor and Anecdotes** Lee McDowell,2021-02-14 A great deal of history can be learned by reading the policies of our 44 presidents This publication 45 chapters describes the military activity prior to the presidency as well as the Commander in Chief decisions of each president Important war battles are described with photographs For each president there is humor and anecdotes Of the 44 presidents 31 had served in the military Twelve were generals The most famous were Washington Jackson Taylor Grant Hays and Eisenhower Six Union veterans became presidents as did 8 who served in World War II Thirteen presidents would be considered heroes due to their conspicuous gallantry Other presidents who did not serve in the military but were effective while serving as Commander in Chief during War **White House Studies Compendium** Glenn P. Hastedt,2007 The American Presidency has become one of the most powerful offices in the world with the ascendancy of American power in the 20th century White House Studies Compendium brings together piercing analyses of the American presidency dealing with both current issues and historical events The compendia are the bound issues of White House Studies with the addition of a comprehensive subject index Your Presidential Fantasy Dream Team Daniel O'Brien,2016 Humorously Invites readers to evaluate thirty nine presidents from George Washington to Ronald Reagan and then draft their own presidential fantasy team **Presidents, Parties, and Prime Ministers** David J. Samuels,Matthew S. Shugart,2010-05-17 This book provides a framework for analyzing the impact of the separation of powers on party politics Conventional political science wisdom assumes that democracy is impossible without political parties because parties fulfil all the key functions of democratic governance They nominate candidates coordinate campaigns aggregate interests formulate and implement policy and manage government power When scholars first asserted the essential connection between parties and democracy most of the world's democracies were parliamentary Yet by the dawn of the twenty first century most democracies had directly elected presidents David J Samuels and Matthew S Shugart provide a theoretical framework for analyzing variation in the relationships among presidents parties and prime ministers across the world's democracies revealing the important ways that the separation of powers alters party organization and behavior thereby changing the nature of democratic representation and accountability **The 1970s** Neil A. Hamilton,2009 Traces the history of the United States during the 1970s as well as presenting primary source material such as memoirs letters news articles and speeches **Report of the President of the Board of Education** ,1873 **Virginia's Presidents: A History & Guide**

Heather S. Cole, 2023 Travel the Old Dominion and visit the museums and historic homes that tell the stories of Virginia's presidents George Washington Thomas Jefferson James Madison James Monroe William Henry Harrison John Tyler Zachary Taylor Woodrow Wilson More US Presidents were born in Virginia than in any other state in the union From Mount Vernon Monticello and Montpelier to the Wilson Presidential Library read the stories of the sites that shaped the lives of presidents Historian and author Heather S Cole is a guide to the places they called home **The Heritage Guide to the Constitution**

David F. Forte, Matthew Spalding, 2014-09-16 A landmark work of more than one hundred scholars The Heritage Guide to the Constitution is a unique line by line analysis explaining every clause of America's founding charter and its contemporary meaning In this fully revised second edition leading scholars in law history and public policy offer more than two hundred updated and incisive essays on every clause of the Constitution From the stirring words of the Preamble to the Twenty seventh Amendment you will gain new insights into the ideas that made America important debates that continue from our Founding and the Constitution's true meaning for our nation Rating America's Presidents

Robert Spencer, 2020-08-25 Most historians of the American presidency walking in lockstep with today's hard Left academic establishment favor presidents who were big government statist and globalists They dislike presidents who lowered taxes protected American workers and avoided getting the United States entangled in foreign conflicts that had nothing to do with protecting the American people It is through that prism that they see all of American history It's time for a change Nowadays with socialism massively discredited and internationalism facing more opposition than it has since before World War II it's time to reevaluate what the Leftist historians have told us Donald Trump was elected president pledging to put America First as any nation's leader should put his or her own people first There needs to be an America First reevaluation of him and his predecessors This book therefore rates the presidents not on the basis of criteria developed by socialist internationalist historians but on their fidelity to the United States Constitution and to the powers and limits to those powers of the president as delineated by the Founding Fathers America's presidents are rated on the extent to which they put America First not in the sense of a narrow isolationism but whether they really advanced the interests of the American people This upends the conventional wisdom about a great deal of American history and present day reality and is intended to do so This book offers what should be the only criteria for rating the occupants of the White House were they good for America Ohio's Presidents

Heather S. Cole, 2024-05-06 The Buckeye Presidents Ulysses S Grant Rutherford B Hayes James A Garfield Benjamin Harrison William McKinley William Howard Taft Warren G Harding These seven Ohio born presidents led the nation through some of the most pivotal periods in US history Learn how each of them became president and how their time in the White House shaped the future of the country Travel the Buckeye State and visit the museums monuments and historic homes that tell their stories From Canton to Freemont and Mentor to North Bend Heather S Cole is a guide to the places the Ohio presidents called home
