Primitive Rebels Or Revolutionary Modernisers? Paul J. White, 1999 [The Kurdish National Movement in Turkey](#) Cengiz Gunes, 2013-01-11 This book provides an interpretive and critical analysis of Kurdish identity nationalism and national movement in Turkey since the 1960s By raising issues and questions relating to Kurdish political identity and highlighting the ideological specificity diversity and the transformation of Kurdish nationalism it develops a new empirical dimension to the study of the Kurds in Turkey Cengiz Gunes applies an innovative theoretical approach to the analysis of an impressively large volume of primary sources and data drawn from books and magazines published by Kurdish activists political parties and groups The analysis focuses on the specific demands articulated by the Kurdish national movement and looks at Kurdish nationalism at a specific level by disaggregating the nationalist discourse showing variations over time and across different Kurdish nationalist organisations Situating contemporary Kurdish political identity and its political manifestations within a historical framework the author examines the historical and structural conditions that gave rise to it and influenced its evolution since the 1960s The analysis also encompasses an account of the organisational growth and evolution of the Kurdish national movement including the political parties and groups that were active in the period Bringing the study of the organisational development and growth of the Kurdish National Movement in Turkey up to date this book will be an important reference for students and scholars of Middle Eastern politics social movements nationalism and conflict

Iraqi Kurdistan, the PKK and International Relations Hannes Černý, 2017-07-28 Due to its primacy in explaining issues of war and peace in the international arena the discipline of International Relations IR looms large in analyses of and responses to ethnic

conflict in academia politics and popular media in particular with respect to contemporary conflicts in the Middle East Grounded in constitutive theory this book challenges how ethnic ethno nationalist conflict is represented in explanatory IR by deconstructing its most prominent state centric models frameworks and analytical concepts As much a critique of contemporary scholarship on Kurdish ethno nationalism as a detailed analysis of the most prominent Kurdish ethno nationalist actors the book provides the first in depth investigation into the relations between the PKK and the main Iraqi Kurdish political parties from the 1980s to the present It situates this inquiry within the wider context of the ambiguous political status of the Kurdistan Region of Iraq its relations with Turkey and the role Kurdish parties and insurgencies play in the war against ISIS in Iraq and Syria Appreciating these complex dynamics and how they are portrayed in Western scholarship is essential for understanding current developments in the Iraqi and Syrian theatres of war and for making sense of discussions about a potential independent Kurdish state to emerge in Iraq Iraqi Kurdistan provides a comprehensive and critical discussion of the state centric and essentialising epistemologies ontologies and methodologies of the three main paradigms of explanatory IR as well as their analytical models and frameworks on ethnic identity and conflict in the Middle East and beyond It will therefore be a valuable resource for anyone studying ethnicity and nationalism International Relations or Middle East Politics

The Kurdish Women's Freedom Movement Isabel Käser, 2021-08-26 Amidst ongoing wars and insecurities female fighters politicians and activists of the Kurdish Freedom Movement are building a new political system that centres gender equality Since the Rojava Revolution the international focus has been especially on female fighters a gaze that has often been essentialising and objectifying brushing over a much more complex history of violence and resistance Going beyond Orientalist tropes of the female freedom fighter and the movement's own narrative of the free woman Isabel Käser looks at personal trajectories and everyday processes of becoming a militant in this movement Based on in depth ethnographic research in Turkey and Iraqi Kurdistan with women politicians martyr mothers and female fighters she looks at how norms around gender and sexuality have been rewritten and how new meanings and practices have been assigned to women in the quest for Kurdish self determination Her book complicates prevailing notions of gender and war and creates a more nuanced understanding of the everyday embodied epistemologies of violence conflict and resistance

The Kurdish Movement in Turkey Elsa Tulin Sen, 2025-08-21 This book examines the Kurdish movement in the context of total social movement theory First tracing its origins as a

conventionally nationalist movement Elsa Sen draws upon Alan Touraine's concept of a total social movement to argue that from 2000 to 2015 the Kurds in Turkey pursued a policy of engaging in a peace process channeling energy into civil society activism and electoral campaigns and promoting an inclusive understanding of national identity for all the components of Turkish society not just the Kurds in a hypothetically fully functioning democracy Both theoretically informed and drawing upon empirical research in the form of interviews with Kurdish and Turkish activists non activists and political representatives the book provides a new perspective on contemporary Kurdish politics as oscillating between nationalist and social movement paradigms with the recent decline of the latter due to the resumption of military action by the Turkish state and the Kurdistan Workers Party after 2015

The Political Representation of Kurds in Turkey Cengiz Gunes, 2020-11-26

Throughout the 1960s and 1970s Turkey relentlessly persecuted any form of Kurdish dissent. This led to the radicalisation of an increasing number of Kurds, the rise of the Kurdish national movement and the PKK's insurgency against Turkey. Political activism by the Kurds or around Kurdish related political demands continues to be viewed with deep suspicions by Turkey's political establishment and severely restricted. Despite this the pro Kurdish democratic movement has emerged providing Kurds with a channel to represent themselves and articulate their demands. This book is a timely contribution to the debate on the Kurds political representation in Turkey tracing the different forms it has taken since 1950. The book highlights how the transformations in Kurdish society have affected the types of actors involved in politics and the avenues organisations and networks Kurds use to challenge the state. Based on survey data obtained from over 350 individuals this is the first book to provide an in depth analysis of Kurdish attitudes from across different segments of Kurdish society including the elite, the business and professional classes, women and youth activists. It is an intimate portrait of how Kurds today are dealing with the challenges and difficulties of political representation.
