Prince Lichnowsky And The Great War:

Prince Lichnowsky and the Great War Harry F. Young, 1977 *The Great War for Peace* William Mulligan, 2014-05-27

The war to end all wars rings out a bitter mockery of the First World War often viewed as the seminal catastrophe of the twentieth century the crucible from which Soviet Fascist and Nazi dictatorships emerged Today s conventional wisdom is that the Great War attuned the world to large scale slaughter that post war efforts directed by the Treaty at Versailles were botched that unbridled new nationalisms made the Second World War inevitable This provocative book refutes such interpretations arguing instead that the first two decades of the twentieth century and the First World War in particular played an essential part in the construction of a peaceful new order on a global scale Historian William Mulligan takes an entirely fresh look at the aspirations of statesmen soldiers intellectuals and civilians who participated in the war and at the new ideas about peace that were forged While the hope for ultimate peace may have legitimized and even intensified the violence of the war it also broadened conventional ideas about international politics and led to the emergence of such institutions as the League of Nations and the International Labour Organization The experience of the First World War reinforced humanitarian concerns in political life and focused attention on building a better and more peaceful world order Mulligan shows Such issues resonate still in the political and diplomatic debates of today **The Story of the Great War**

Instruments of Peacemaking 1870-1914 Michael Reynolds,2021-07-01 This book focuses on Anglo American disputes arising out of the civil war in the United States and British interests in the American continent: the Geneva Arbitration, the Venezuela/Guiana Arbitration and the Bhering Sea Arbitration. It draws on those cases as model proceedings which laid the foundations and inspiration for a promotion of international law through the Hague Conferences and by the work of English and American jurists. It considers the encouragement these cases gave to the promotion of public international law and how that contributed to the resolution of inter-state disputes.

The Story of the Great War, Volume 1 of 8 Various,2015-12-27 This ebook is the first in a series of eight books on the First World War 1914-1918. The first volume was first published in 1916, so halfway during the war. The printed edition has 562 pages. The book is written by several authors among them Allen L. Churchill, Francis Trevelyan Miller and others.

The Story of the Great War, Volume 1 Churchill, Miller, and Reynolds,2016-02-19 World War I (WWI) or WW1, also known as the First World War or the Great War, was a global war centred in Europe that began on 28 July 1914 and lasted until 11 November 1918. More than 70 million military personnel, including 60 million Europeans, were mobilised in one of the largest wars in history. Over 9 million combatants and 7 million civilians died as a result of the war, including the victims of a number of genocides, a casualty rate exacerbated by the belligerents' technological and industrial sophistication and the tactical stalemate caused by trench warfare, a grueling form of warfare in which the defender held the advantage. It was one of the deadliest conflicts in history and paved the way for major political changes, including revolutions in many of the nations involved. The war drew in all the world's economic great powers assembled in two opposing alliances: the Allies, based on the Triple Entente of the United Kingdom, British Empire, France, and the Russian Empire, versus the Central Powers of Germany and Austria-Hungary. Although Italy was a member of the Triple Alliance alongside Germany and Austria-Hungary, it did not join the Central Powers as Austria-Hungary had taken the offensive against the terms of the alliance. These alliances were reorganised and expanded as more nations entered the war. Italy, Japan, and the United States joined the Allies, while the Ottoman Empire and Bulgaria joined the Central Powers. The trigger for the war was the assassination of Archduke Franz Ferdinand of Austria, heir to the throne of Austria-Hungary, by Yugoslav nationalist Gavrilo Princip in Sarajevo on 28 June 1914. This set off a diplomatic crisis when Austria-Hungary delivered an ultimatum to the Kingdom of Serbia and entangled

international alliances formed over the previous decades were invoked Within weeks the major powers were at war and the conflict soon spread around the world On 28 July the Austro Hungarians declared war on Serbia and subsequently invaded As Russia mobilised in support of Serbia Germany invaded neutral Belgium and Luxembourg before moving towards France leading the United Kingdom to declare war on Germany After the German march on Paris was halted what became known as the Western Front settled into a battle of attrition with a trench line that would change little until 1917 Meanwhile on the Eastern Front the Russian army was successful against the Austro Hungarians but was stopped in its invasion of East Prussia by the Germans In November 1914 the Ottoman Empire joined the Central Powers opening fronts in the Caucasus Mesopotamia and the Sinai Italy joined the Allies in 1915 and Bulgaria joined the Central Powers in the same year while Romania joined the Allies in 1916 followed by United States in 1917 The Russian government collapsed in March 1917 and a subsequent revolution in November brought the Russians to terms with the Central Powers via the Treaty of Brest Litovsk which constituted a massive German victory After a stunning German offensive along the Western Front in the spring of 1918 the Allies rallied and drove back the Germans in a series of successful offensives On 4 November 1918 the Austro Hungarian empire agreed to an armistice and Germany which had its own trouble with revolutionaries agreed to an armistice on 11 November 1918 ending the war in victory for the Allies By the end of the war the German Empire Russian Empire Austro Hungarian Empire and the Ottoman Empire had ceased to exist National borders were redrawn with several independent nations restored or created and Germany's colonies were parceled out among the winners During the Paris Peace Conference of 1919 the Big Four Britain France the United States and Italy imposed their terms in a series of treaties The League of Nations was formed with the aim of preventing any repetition of such a conflict This however failed with economic depression renewed European nationalism weakened member states and the German feeling of humiliation contributing to the rise of Nazism These conditions eventually contributed to World War II
