Putting Power In Its Place Create Community Control:

Violence Explained John Wear Burton, 1997 Burton argues that the sources of conflict and violence are on the one hand the denial to many of their personal needs for development social recognition and identity and on the other the social expectation of compliance and the means used to enforce it Social protest terrorism revolution self appointed leaderships ethnic conflicts industrial strife street gangs of unemployed youth and even some family violence can be explained within this frame of structural violence He examines the adversarial institutions of society leadership legislatures the work place the legal system and the international relations system and considers what each would be like if designed to solve basic problems rather than to contain them This provocative and challenging book will be of interest to students lecturers and practitioners of politics administration and management industry law and law enforcement education and social work

State of the World 1985, 1984 **At the Edge** Ann Dale, 2007-10-01 At the Edge is a rich and evocative call to action at a time when new ideas are urgently needed Mandatory reading for policy analysts and decision makers in the public private and volunteer sectors it will be equally useful to scholars teachers students and others interested in creating sustainable societies Throughout the world biophysical evidence is mounting that human growth and activity patterns are slowly destroying the earth This ecological deterioration is accompanied by similar social and economic decline with potentially grave consequences for the continued existence of human societies Yet as Ann Dale compassionately argues it is not too late to take action Hope lies in sustainable development the fundamental human imperative of the 21st century Sustainable development in Dale s view is the process of reconciling three imperatives the ecological the social and the economic Equitable access to resources in all three spheres is fundamental to the global realization of sustainable development This will not be realized without strong leadership by governments at all levels Ultimately needed is a new framework for governance based on human responsibility and a recognition of the interconnectedness of human and natural systems

Policymaking and Prosperity Stuart S. Nagel, 2003-01-01 Policymaking and Prosperity is the second volume of a three volume set that examines the multidimensional role of policy in the development and promotion of democracy prosperity and peace The prosperity volume discusses the relationship between democratic practices and economic prosperity Its chapters consider questions of bi and multilateral trade policy relations the impact of economic pluralism sustainable development the global agricultural economy international environmental politics and bioregionalism

Dwellers in the Land Kirkpatrick Sale, 2000 Imagine a world structured around ecological and cultural diversity rather than national and political parameters In response to present and impending ecological and economic crises Kirkpatrick Sale offers a definitive introduction to the unique concept of bioregionalism an alternative way of organizing society to create smaller scale more ecologically sound individually responsive communities with renewable economies and cultures He emphasizes among many other factors the concept of regionalism through natural population division settlement near and stewardship of watershed areas and the importance of

communal ownership of and responsibility for the land Dwellers in the Land focuses on the realistic development of these bioregionally focused communities and the places where they are established to create a society that is both ecologically sustainable and satisfying to its inhabitants **Counter Culture Anthology** Patrick Harrington, Terry Burgoyne, 2006-08-01 First published in 1992 Counter Culture was conceived as part of a War of Position against capitalism It represents a vibrant alternative view of popular culture through reviews debate and commentary This anthology is an introduction to a radical new way of looking at our world www.altculture.org **Bioregionalism** Michael Vincent McGinnis, 2005-07-28

Bioregionalism is the first book to explain the theoretical and practical dimensions of bioregionalism from an interdisciplinary standpoint focusing on the place of bioregional identity within global politics Leading contributors from a broad range of disciplines introduce this exciting new concept as a framework for thinking about indigenous peoples local knowledge globalization science global environmental issues modern society conservation history education and restoration

Bioregionalism s emphasis on place and community radically changes the way we confront human and ecological issues

Conscious Acts and the Politics of Social Change Robin L. Teske, Mary Ann Tétreault, 2000 **Environmentalism** David Pepper, Frank Webster, George Revill, 2003 **Environmental Democracy** Michael Mason, 2012 Through a wide range of case studies Mason reveals just how sensitive we all must be to styles of power vulnerability and resilience in any democratic transition to sustainability This is a fine book Timothy O Riordan Professor of Environmental Science University of East Anglia and Associate Director Centre for Social and Economic Research on the Global Environment Civic self determination and ecological sustainability are widely accepted as two of the most important public goals This book explains how they can be combined Using vivid and telling case studies from around the world it shows how liberal rights can include both ecological and social conditions for collective decision making environmentalist goals and social justice can be achieved together Integrating theory and original case studies the book makes a very significant contribution to the fundamentals of how environmental democracy can be advanced at all levels Cogently argued and engaged Environmental Democracy provides a superb teaching text and a source of ideas and persuasive arguments for the politically and environmentally engaged It will be essential reading for students teachers and researchers in politics policy studies environmental studies geography and social science [Talk and Log](#) Jeremy Wilson, 1998 For more than three decades British Columbia s old

growthforests have been a major source of political conflict In Talk and Log Jeremy Wilson presents a comprehensive account of the rise of the wilderness movement examines the forest industry s political strategies and analyzes the inner workings of the policy process Wilson describes a number of major political battles such as those resulting in preservation of South Moresby the Carmanah and the Valhalla wilderness and investigates the factors that pushed the government towards a more comprehensive approach to expanding the protected areas system He considers a wide range of forest policy developments and assesses the effectiveness of government and industry attempts to contain the wilderness movement In the final part

heexplores the Harcourt NDP government s reform initiatives including the Commission on Resources and Environment CORE theProtected Areas Strategy and the Forest Practices Code Talk and Log illuminates the forces behind controveriesthat have divided British Columbians preoccupied the provincialgovernment and drawn the attention of people across Canada and theworld By discussing the patterns and trends underlying the past threedecades of wilderness politics Wilson identifies the currents likelyto dominate B C wilderness debates in decades to come **Canadian Forest Policy** Michael Howlett,2001-01-01 Arguing that the complexity of policy making in the forest sector has led many analysts to focus exclusively on specific sectoral activities or jurisdictions this collection of essays offers a simplifying framework of analysis

Our Ecological Footprint Mathis Wackernagel,William Rees,1998-07-01 Our Ecological Footprint presents an internationally acclaimed tool for measuring and visualizing the resources required to sustain our households communities regions and nations converting the seemingly complex concepts of carrying capacity resource use waste disposal and the like into a graphic form that everyone can grasp and use An excellent handbook for community activists planners teachers students and policy makers *Urban Affairs* Caroline Andrew,Katherine A. Graham,Susan D. Phillips,2002 Issues of urban policy are increasingly complex and important Whether considered from a social demographic or economic perspective Canada is overwhelmingly an urban nation and healthy prosperous cities are the key to its well being What then is our national policy toward urban affairs In Urban Affairs leading experts in a variety of disciplines explore this question

Organizing Your Own Say Burgin,2024-04-16 The fascinating history of white solidarity with the Black Power movement In the mid 1960s as the politics of Black self determination gained steam Black activists had a new message for white activists Go into your own communities and organize white people against racism While much of the media at the time and many historians since have regarded this directive as a white purge from the Black freedom movement Say Burgin argues that it heralded a new strategy racially parallel organizing which people experimented with all over the country Organizing Your Own shows that the Black freedom movement never experienced a white purge and it offers a new way of understanding Black Power s relationship to white America By focusing on Detroit from the mid 1960s through the mid 1970s this volume illuminates a wide cross section of white activists who took direction from Black led groups like the Northern Student Movement the City Wide Citizens Action Committee and the League of Revolutionary Black Workers Organizing Your Own draws on numerous oral histories and heretofore unseen archives to show that these white activists mobilized support for Black self determination in education policing employment and labor unions It was a trial and error effort that pushed white activists to grapple with tough questions which white people should they organize and how which Black led groups should they take direction from and when did taking Black direction become mere sycophancy The story of Detroit s white fight for Black Power thus not only reveals a broader richer movement but it carries great insight into questions that remain relevant

The Oxford Handbook of African American Citizenship, 1865-Present Henry Louis Gates Jr.,Claude Steele,Lawrence D. Bobo,Michael Dawson,Gerald Jaynes,Lisa Crooms-Robinson,Linda Darling-Hammond,2011-03-11 When newly liberated African American slaves attempted to enter the marketplace and exercise their rights as citizens of the United States in 1865 few if any Americans expected that a century and a half later the class divide between black and white Americans would be as wide as it is today The United States has faced several potential key turning points in the status of African Americans over the course of its history yet at each of these points the prevailing understanding of African Americans and their place in the economic and political fabric of the country was at best contested and resolved on the side of second class citizenship The Oxford Handbook of African American Citizenship 1865 Present

seeks to answer the question of what the United States would look like today if at the end of the Civil War freed slaves had been granted full political social and economic rights It does so by tracing the historical evolution of African American experiences from the dawn of Reconstruction onward through the perspectives of sociology political science law economics education and psychology As a whole the book is the first systematic study of the gap between promise and performance of African Americans since 1865 Over the course of thirty four chapters written by some of the most eminent scholars of African American studies and across every major social discipline this handbook presents a full and powerful portrait of the particular hurdles faced by African Americans and the distinctive contributions African Americans have made to the development of U S institutions and culture As such it tracks where African Americans have been in order to better illuminate the path ahead *Readings for Social Work Practice* ,
