**The Repertory Movement** George Rowell, Tony Jackson, Anthony Jackson, 1984-10-18. This is an account of the origins, development and current state of the repertory theatre movement in Britain. The movement had its roots in ideas, experiments and traditions stretching back into the nineteenth century and first found its voice in 1907 with Miss Horniman's company in Manchester. Since then it has played a vital, often a dominant role in British twentieth century theatre. As a method of theatre organisation, repertory refers to those theatres based primarily in the regions, housing a resident acting company and seeking to maintain each season a programme of plays catering for the tastes of the whole community. But the theory has never been dogmatic and the movement has evolved from a gamut of complex factors, not least the visions of particular personalities. Major landmarks in the history include the effects of the two World Wars, the advent of substantial state funding for the Arts, the growth of cinema and television and the renewal of theatre's link with the community in the form of such initiatives as Theatre in Education. The history concludes with a detailed study of six representative regional theatres: The Nottingham Playhouse, The Citizens Theatre, Glasgow, The Salisbury Playhouse, The Victoria Theatre, Stoke, The Everyman, Liverpool, and The Royal Exchange, Manchester. Appendixes include a Chronology, sample repertory programmes from the period, audience attendance figures and some comparative statistics about funding. Interspersed through the text are photographs of selected theatre exteriors, auditoria, stages and productions.

The Continuum Companion to Twentieth Century Theatre Colin Chambers, 2006-05-14. International in scope, this book is designed to be the pre-eminent reference work on the English speaking theatre in the twentieth century. Arranged alphabetically, it consists of some 2500 entries written by 280 contributors from 20 countries, which include not only top level experts but uniquely leading professionals from the world of theatre. A fascinating resource for anyone interested in theatre, it includes: Overviews of major concepts, topics and issues; Surveys of theatre institutions, countries and genres; Biographical entries on key performers, playwrights, directors, designers, choreographers and composers; Articles by leading professionals on crafts, skills and disciplines including acting, design, directing, lighting, sound and voice.
