Swart, 2018-08 The *Shadow Tree Series* comprises a unique collection of Western Esoteric studies and practices which Jacobus G Swart spiritual successor to William G Gray and co founder of the Sangreal Sodality has actuated and taught over a period of forty years In *The Book of Immediate Magic Part 1* Jacobus G Swart perpetuates the fundamental tenets of Self Creation in which it is maintained that the Centre establishes the Circumference and that personal reality is emanated in harmony with personal Will Hence this tome comprises an enhancement and expansion of the magical doctrines and techniques of Practical Kabbalah addressed in *The Book of Self Creation* *The Book of Sacred Names* and *The Book of Seals Amulets* Jacobus Swart claims that working Immediate Magic is neither impossible nor difficult when we fully understand that consciousness is just one vast ocean and that thoughts are the waves we make in it It is all a matter of coordinating consciousness **How to Minister Inner Healing and Deliverance Step by Step** Rehmann Scott, Elizabeth Rehmann, 2005 This book is a necessary manual for Christian leaders to help set the captives free of demonic captivity It addresses the need for Inner Healing of the psychological wounds created by various traumas people experience through life s journey It explains what Generational curses are and how they can affect us It discusses the step by step process of eliminating the demonic stronghold and ministering Inner Healing to the Soul wounds For more information go to www.RaphaMin.com **The Psychology of Paranormal Belief** Harvey J. Irwin, 2009-09 With a thorough and systematic review of investigations into the bases of belief in paranormal phenomena this discussion explores the four main theoretical approaches relating to the nature of such beliefs Objective and well researched this account addresses different points of view on the topic while some commentators depict paranormal believers as foolish others

propose that paranormal beliefs must be understood as necessities that serve certain psychodynamic needs The foundations and shortcomings of each approach are also documented and a new comprehensive theory attempts to explain the development of scientifically unsubstantiated beliefs *Pyramid Power Theories* Kaia Stonebrook, AI, 2025-02-20 *Pyramid Power Theories* explores the enduring fascination with pyramids and the unconventional theories surrounding them It examines claims that these ancient structures found in civilizations from Egypt to Mesoamerica functioned beyond their traditionally understood roles such as tombs or monuments The book delves into the idea of pyramids as energy channeling devices exploring alleged experiments related to food preservation and plant growth within pyramid models It also investigates theories suggesting advanced ancient technologies or the presence of extraterrestrial intelligence linked to pyramid construction The book approaches these alternative theories with a critical fact based perspective contrasting them against established principles of physics engineering and archaeology Rather than sensationalizing it analyzes evidence from historical records archaeological findings and scientific studies It starts by establishing the known historical context of pyramid construction before moving into the emergence and evolution of pyramid power beliefs Throughout the chapters the book maintains a measured tone encouraging readers to analyze evidence and draw their own conclusions It neither confirms nor denies the existence of pyramid power instead offering a comprehensive guide for those interested in unexplained phenomena ancient civilizations and the intersection of science and history **Sensing Psychic** Mitchell
