Government Responsiveness in Race-Related Crisis Events Vickie T. Carnegie, 2022-11-28 Government Responsiveness in Race Related Crisis Events argues that decision making in crisis events related to race and ethnicity RRCEs is distinctive based upon the historical treatment of people of color and current narratives surrounding race in the United States The author presents racially sensitive crisis events not as independent problems but as symptoms of an underlying condition which began upon the country s founding She contends public officials will need to recognize and draw upon the interrelated nature of these crises for effective solutions and introduces a decision making model for race related crisis events The author uses grounded theory and a critical race lens to explore the decision making of public officials in Alabama South Carolina and Mississippi concerning the removal of the Confederate Flag from state grounds in the aftermath of the 2015 Charleston Church Shooting

You Don't Know Jack Kevin D. Cordi, 2019-02-11 Jack and the Beanstalk Little Jack Horner and Jack the

Giant Killer are all famous tales and rhymes featuring the same hero a character who often appears in legends fairy tales and nursery rhymes Unlike moralizing fairy tale heroes however Jack is typically depicted as foolish or lazy though he often emerges triumphant through cleverness and tricks With their roots traced back to England Jack tales are an important oral tradition in Appalachian folklore It was in his Appalachian upbringing that Kevin D Cordi was first introduced to Jack through oral storytelling traditions Cordi s love of storytelling eventually led him down a career path as a professional storyteller touring the US for the past twenty seven years In addition to his work as a storyteller Cordi worked a second job in an unrelated field a high school teacher and for many years he kept his two lives separate Everything changed when Cordi began telling stories in the classroom and realized he was connecting with his students in ways he had not previously Cordi concluded that storytelling storymaking and drama can be used as systems of learning instead of as just entertainment In *You Don t Know Jack A Storyteller Goes to School* Cordi describes the process of integrating storytelling into his classroom Using autoethnographic writing he reflects upon the use of storytelling and storymaking in order to promote inquiry and learning He argues that engaging with the stories of others discovering that one voice or identity should not be valued over the other and listening especially listening to stories of difference are of utmost importance to education and growth

The Counselor's Companion Jocelyn Gregoire,Christin Jungers,2013-05-13 Students and recent graduates of counseling and human services programs will consider *The Counselor s Companion* an indispensable tool to enhance professional practice knowledge and skill The text is a reference style resource that provides new counselors with a way to bridge the gap between what they learned in the classroom and the challenges they will meet in their practice Beginning counselors will find concise answers to common questions that will likely arise in the course of their professional development and a reliable reference companion as they embark on their careers in the profession This volume features contributions from counselor educators and professionals in the field guided largely by the core curriculum of the Council for Accreditation of Counseling and Related Program CACREP Information is presented in brief form making the main points of each section concise clear visible and easily accessible Readers are also introduced to cutting edge areas of research

Corporate Insolvency Elizabeth Streten, 2024-06-17 Recent financial crisis and the global financial impacts of the COVID 19 pandemic have brought renewed interest to the regulation and practice of corporate insolvency and restructuring Modernisation of the insolvency profession and the regulation of its practitioners is a contemporary concern and recent years have seen significant reforms of insolvency law The success of such reforms can be enhanced through a clear understanding of difficulties faced by the insolvency profession in achieving successful restructuring and insolvency outcomes and through the determination of effective solutions to those difficulties However there is limited empirical data to inform the day to day practice of insolvency nor the difficulties experienced by insolvency practitioners in pursuing insolvency and restructuring solutions This book addresses this absence of data and understanding examining the role and practice of corporate insolvency practitioners and exploring the challenges that they encounter Offering an empirical study together with a comparative analysis of the experiences of practitioners around the world this book facilitates a greater understanding of corporate insolvency practice confronting a misunderstanding of and under confidence in corporate insolvency practitioners making it key reading for academics practitioners and regulators working in the area of corporate insolvency

The Divide Within Tina L. Heafner, Laura K. Handler, Tracy C. Rock, 2021-01-01 Globalization modernization and technologization have brought rapid social and economic change while also increasing diversity of democratic societies Plurality of democracy once viewed as a progressive ideology has been met by the movement of identity politics to the margins of society Although social movements demanding recognition on the part of groups that were once invisible to mainstream society have brought attention to systemic inequities prejudice and discriminatory policies other groups feeling a loss of status and a sense of displacement have pushed back with counterclaims and protests These conflicting narratives have fractured society and segmented the populace along narrowly defined identities creating a new era of democracy and isolationism Today in the United States we see the troubling effects of increasingly polarized political discourse amplified gridlock within government the politicization and fragmentation of economic and social life and the suppression of the spread of information across ideological lines The socio political climate in America is characterized by skepticism hostility distrust claims of fake news and unwavering opposition The divide within our nation has shifted the narrative of democracy from promoting the common good to protecting the interests of likeminded factions and the preservation of power and privilege In recent decades

researchers focused attention on studying the social geographic political and technological polarization in the United States Trends manifest in myriad ways both in politics and in everyday life and expose the divergence between urban and rural communities These inquiries also suggest that causes and effects of identity politics and polarization are too complex to be studied within the confines of a single discipline Its exploration therefore requires participation and collaboration from scholars in many different fields particularly those working in the social sciences In this edited volume we seek to leverage this research capacity to engage the reader in studies and instruction concerning the divide within and the intersections of realities facts theories and practices in social science education Download a sample article Teaching to a Statue Wade H Morris Georgia State University Chara Haessler Bohan Georgia State University
