Radiance In The Gulag:

A Radiance in the Gulag Nijole Sadunaite,1992 *A Radiance in the Gulag* Nijolė Sadūnaitė,1987 **Finding God in the Gulag** Jeffrey S. Hardy,2024-10-23 The Soviet Communist Party with help of the secret police attempted to completely eliminate religion from Soviet society by in part imprisoning believers and attempting to re educate them in the labor camps of the infamous Gulag Finding God in the Gulag tells the story of how imprisoned Christians nevertheless found ways to pray read scripture sing hymns celebrate Easter and commune with their fellow believers The Holocaust and Soviet War Crimes Trials in the Cold War Context Gintarė Malinauskaitė,2024-02-23 This volume aims to offer a fresh perspective towards the evaluation of Soviet war crimes trials of Holocaust perpetrators their representation through various means of media and their reception in the context of the Cold War By examining the 1964 Klaip da war crimes trial in Soviet Lithuania through a microhistorical perspective the book explores the history of the second wave of Soviet justice in the 1960s It attempts to offer insight not only into how this Soviet war crimes trial was initiated and investigated but also into how it was presented in the courtroom and channeled through the media for publicity The book argues that the war crimes trials conducted by the Soviet Lithuanian judiciary can be on one hand perceived as an intrinsic element of Soviet ideological propaganda and on the other viewed as an alternative space for disclosing memories of the mass murder of Jews offering an opposing perspective to the official Soviet politics of memory Intended for both an academic audience and the general public this volume unveils an intertwined compilation of Soviet legal history politics of retribution memory and media during the Thaw period **Gulag** Anne Applebaum,2007-12-18 PULITZER PRIZE WINNER This magisterial and acclaimed history offers the first fully documented portrait of the Gulag from its origins in the Russian Revolution through its expansion under Stalin to its collapse in the era of glasnost A tragic testimony to how evil ideologically inspired dictatorships can be The New York Times The Gulag a vast array of Soviet concentration camps that held millions of political and criminal prisoners was a system of repression and punishment that terrorized the entire society embodying the worst tendencies of Soviet communism Applebaum intimately re creates what life was like in the camps and links them to the larger history of the Soviet Union Immediately recognized as a landmark and long overdue work of scholarship Gulag is an essential book for anyone who wishes to understand the history of the twentieth century Soviet Security and Intelligence Organizations 1917-1990 Michael Parrish,1992-01-30 One of the hallmarks of the Soviet system was its heavy reliance on internal and foreign security and intelligence organizations Not surprisingly given the secrecy surrounding Soviet efforts in these areas no biographical reference tools and few bibliographies have been published to date In this context Michael Parrish s work is a unique undertaking In the first section to the volume biographies are provided on some 4 000 officials in senior and mid level positions who had served in Cheka NKVD RFSFR GPU KGB and other organizations Also included are officials of the Committee for State Control formerly Ministry of State Control and before that Commissariat of Workers and Peasants

Inspection Prominent political personalities with earlier ties to security services such as N A Bulganin are listed even though such service formed only a brief part of their careers Others listed include party officials such as A A Kuznetsov who at different times served as the Party's watchdog of security organs Also included because of their close association with repression and security organs are members of Stalin's inner circle The second part of the volume is a survey of books in English published between 1917 and 1990 which related to Soviet security and intelligence organizations This is followed by a biographical addendum a glossary of terms and material showing the development of Soviet security organizations No one concerned with current intelligence issues and the role of security organizations in Soviet life can ignore this volume

The Gospel of Mark (Catholic Commentary on Sacred Scripture) Mary Healy, 2008-11-01 There is an increasing hunger among Catholics to study the Bible in depth and in a way that integrates Scripture with Catholic doctrine worship and daily life In October 2008 a meeting of the world Synod of Bishops scheduled by Pope Benedict XVI will focus on The Word of God in the Life and Mission of the Church Coinciding with that meeting is the launch of the Catholic Commentary on Sacred Scripture CCSS a series that responds to the desire of Catholics to access the living Word of God The Gospel of Mark is the first of seventeen volumes which will cover the entire New Testament Written by trusted Catholic biblical scholars these commentaries interpret Scripture in the light of Catholic tradition Accessibly written yet substantive the CCSS fills a gap in the available literature by offering commentaries that cover more than brief study guides but are less daunting than scholarly commentaries
