each case state repression of Islam and ideology motivated and enabled Islamist mobilization      *Political Islam and Democracy in Central Asia* Ajam Kalonov, 2023-06-30 *Political Islam and Democracy in Central Asia* is a study of moderation of political Islam in Central Asia. It analyses the only Islamic political party that was ever allowed to participate in elections in Central Asia and contributes to the debate on the radicalization or moderation of Islamic political parties. The book examines the Islamic Revival Party of Tajikistan (IRPT) which has been the only legal Islamic party in post-Soviet Central Asia until 2015 and has been recognized by many observers as moderate. Studying the ideological change of the party which happened after its inclusion into political process, the book identifies their moderation as either tactical or ideological. The author examines and describes the main factors that led the IRPT toward moderation with a focus on the inclusion moderation hypothesis which concludes that inclusion can lead to moderation. Based on extensive analytical data, the author provides reasons for the moderation of the Tajik Islamists. It also challenges the ideological moderation of the Tajik Islamists by examining their attitudes toward the conventions of the modern democratic political system. Providing a detailed analysis of moderate Islamism and its controversial challenges for the modern world, this book will be of interest to researchers in the fields of Political Science, electoral politics, Islamic studies, and Area Studies with particular reference to Central Asia.      **Global Security Watch—Central Asia** Reuel R. Hanks, 2010-10-21 This volume is the only current treatment of security issues in Central Asia for the nonspecialist as well as specialists and policy makers. *Global Security Watch Central Asia* is the first authoritative examination of the security issues affecting and affected by the region where Russia, South Asia, China, and the Middle East meet. Coverage includes the dynamics of each country's domestic politics, the allure of the region's natural resources, Central Asia's role in U.S.-Russian relations, and the renewed focus on the region in the aftermath of the attacks of September 11, 2001.      [History of Central Asia, The: 4-volume set](#) Christoph Baumer, 2018-04-18 This set includes all four volumes of the critically acclaimed *History of Central Asia* series. The epic plains and arid deserts of Central Asia have witnessed some of the greatest migrations as well as many of the most transformative developments in the history of civilization. Christoph Baumer's ambitious four-volume treatment of the region charts the 3000-year drama of Scythians and Sarmatians, Soviets, and transcontinental Silk Roads trade routes and the transmission of ideas across the steppes and the breathless and brutal conquests of Alexander the Great and Genghis Khan. Masterfully interweaving the stories of individuals and peoples, the author's engaging prose is richly augmented throughout by colour photographs taken on his own travels. This set includes *The Age of the Steppe Warriors* (Volume 1), *The Age of the Silk Roads* (Volume 2), *The Age of Islam and the Mongols* (Volume 3), and *The Age of Decline and Revival* (Volume 4).      **Globalizing Central Asia** Marlene Laruelle, Sebastien

Peyrouse,2015-02-12 In this global era Central Asia must be understood in both geo economic and geopolitical terms The region s natural resources compel the attention of rivalrous great powers and ambitious internal factions The local regimes are caught between the need for international collaborations to valorize these riches and the need to maintain control over them in the interest of state sovereignty Russia and China dominate the horizon with other global players close behind meanwhile neighboring countries are fractious and unstable with real potential for contagion This pathbreaking introduction to Central Asia in contemporary international economic and political context answers the needs of both academic and professional audiences and is suitable for course adoption      **The Central Asia-Afghanistan Relationship** Marlene

Laruelle,2017-08-14 Central Asia is a relatively understudied neighbor of Afghanistan The region is often placed into a number of historical and political contexts a section of the Silk Road a pawn in the Great Game the spillover state that exemplifies the failure of US foreign policy that limit scholarly understanding This edited volume contributes by providing a broad long term analysis of the Central Asia Afghanistan relationship over the last several decades It addresses the legacy of Soviet intervention with a unique first hand selection of interviews of former Soviet Central Asian soldiers that fought in the Soviet Afghan War It examines Afghanistan s norther neighbors discussing Russia Uzbekistan Tajikistan and Turkmenistan their strategy for Afghanistan their perception of challenges and opportunities of the country and patterns of cooperation and conflict The collection also looks at recent US strategic initiatives in the region in particular the New Silk Road Initiative that envisions a growing Central Asia South Asia connection      Varieties of Secularism in Asia Nils Ole Bubandt,Martijn Van

Beek,2012-03-12 Varieties of Secularism is an ethnographically rich theoretically well informed and intellectually coherent volume which builds off the work of Talal Asad Charles Taylor and others who have engaged the issue of secularism s and in socio political life The volume seeks to examine theories of secularism secularity and examine concrete ethnographic cases in order to further the theoretical discussion Whereas Taylor s magisterial work draws up the conditions and problems of a belief in God in Western modernity it leaves unexplored the challenges posed by the spiritual in modernity outside of the North Atlantic rim This anthology seeks to begin that task It does so by suggesting that the kind of secularity described by Taylor is only one amongst others By attending to the shifting relationship between proper religion and bad faiths between politically valorised and embarrassing spiritual phenomena between the new visibilities and silences of magic ancestors and religion in democratic politics this book seeks to outline the particular formations of secularism that have become possible in Asia from China to Indonesia and from Bahrain to Timor Leste This book will appeal to students and scholars of Asian religion politics and anthropology      *Kyrgyzstan* Laurence Mitchell,2019-04-05 Bradt s Kyrgyzstan remains the only English language guide dedicated solely to this astounding country described as the Switzerland of central Asia and regarded by many as the most beautiful country in the world This new thoroughly updated fourth edition further extends its comprehensive coverage of all the country has to offer including trekking mountaineering horse riding historical sites

**Soviet Nation-Building in Central Asia** Grigol Ubiria, 2015-09-16 The demise of the Soviet Union in 1991 resulted in new state led nation building projects in Central Asia The emergence of independent republics spawned a renewed Western scholarly interest in the region's nationality issues Presenting a detailed study this book examines the state led nation building projects in the Soviet republics of Kazakhstan and Uzbekistan Exploring the degree forms and ways of the Soviet state involvement in creating Kazakh and Uzbek nations this book places the discussion within the theoretical literature on nationalism The author argues that both Kazakh and Uzbek nations are artificial constructs of Moscow based Soviet policy makers of the 1920s and 1930s This book challenges existing arguments in current scholarship by bringing some new and alternative insights into the role of indigenous Central Asian and Soviet officials in these nation building projects It goes on to critically examine post Soviet official Kazakh and Uzbek historiographies according to which Kazakh and Uzbek peoples had developed national collective identities and loyalties long before the Soviet era This book will be a useful contribution to Central Asian History and Politics as well as studies of Nationalism and Soviet Politics

*The Heritage of Soviet Oriental Studies* Michael Kemper, Stephan Conermann, 2011-02-01 This book examines the Russian Soviet intellectual tradition of Oriental and Islamic studies which comprised a rich body of knowledge especially on Central Asia and the Caucasus The Soviet Oriental tradition was deeply linked to politics probably even more than other European Orientalisms It breaks new ground by providing Western and post Soviet insider views especially on the features that set Soviet Oriental studies apart from what we know about its Western counterparts for example the involvement of scholars in state supported anti Islamic agitation the early and strong integration of Orientals into the scientific institutions the spread of Oriental scholarship over the Oriental republics of the USSR and its role in the Marxist reinterpretation of the histories of these areas The authors demonstrate the declared emancipating agenda of Soviet scholarship with its rhetoric of anti

colonialism and anti imperialism made Oriental studies a formidable tool for Soviet foreign policy towards the Muslim World and just like in the West the Iranian Revolution and the mujahidin resistance to the Soviet occupation of Afghanistan necessitated a thorough redefinition of Soviet Islamic studies in the early 1980s Overall the book provides a comprehensive analysis of Soviet Oriental studies exploring different aspects of writing on Islam and Muslim history societies and literatures It also shows how the legacy of Soviet Oriental studies is still alive especially in terms of interpretative frameworks and methodology after 1991 Soviet views on Islam have contributed significantly to nation building in the various post Soviet and Russian Muslim republics      **Transnational Organized Crime and Jihadist Terrorism** Michael Fredholm,2017-09-14

This book describes and analyzes the convergence of transnational organized crime and jihadist terrorism that has taken place within Russian speaking social networks in Western Europe Studies have shown that while under certain circumstances links between criminal organizations and terrorist groups appear these are usually opportunistic and temporary in nature Only rarely do they develop into something deeper and transformative a convergence between crime and terrorism This book reveals that Russian speaking transnational organized crime and jihadist terrorism pose a serious threat to security and constitute a major challenge for law enforcement Through their links with transnational organized crime Russian speaking jihadist networks from the Caucasus and Central Asia have easier access to weaponry commercial explosives and forged IDs than many other jihadist networks Being in effect an integral component of transnational organized crime the Russian speaking jihadists can be assessed as potentially more capable than many other jihadists The book assesses the effects of terrorism and organized crime on Russian speaking diasporas in Western Europe and examines the implications for counterterrorism as well as policing on how to counteract the illegal activities of these networks Drawing on Swedish court cases the work shows that an additional and sometimes more effective way to fight terrorism is by focusing on the non terrorist types of crime perpetrated by terrorists This book will be of much interest to students of terrorism and counter terrorism political violence criminology security studies and IR in general      **Islam after Communism** Adeeb Khalid,2007-01-18 Adeeb Khalid combines insights from the study of both Islam and Soviet history in this sophisticated analysis of the ways that Muslim societies in Central Asia have been transformed by the Soviet presence in the region Arguing that the utopian Bolshevik project of remaking the world featured a sustained assault on Islam that destroyed patterns of Islamic learning and thoroughly de Islamized public life Khalid demonstrates that Islam became synonymous with tradition and was subordinated to powerful ethnonational identities that crystallized during the Soviet period He shows how this legacy endures today and how for the vast majority of the population a return to Islam means the recovery of traditions destroyed under Communism Islam after Communism reasons that the fear of a rampant radical Islam that dominates both Western thought and many of Central Asia s governments should be tempered by an understanding of the politics of antiterrorism which allows governments to justify their own authoritarian policies by casting all opposition as extremist

Comparing the secularization of Islam in Central Asia to experiences in Turkey the former Yugoslavia and other secular Muslim states the author lays the groundwork for a nuanced and well informed discussion of the forces at work in this crucial region

**Muslim-Christian Relations in Central Asia** Christian van Gorder, 2008-06-05 This book explores issues of cultural tension that affect Muslim and Christian interaction within the Central Asian context It looks at the ways that Christians have interacted with Central Asian Muslims in the past and discusses what might need to be done to improve Muslim Christian relations in the region in the present and future Since the time that Nestorian Christian missionaries traveled eastward from Asia Minor along the Silk Road and Islamic cultures came to the region in the 7th century Christians and Muslims have shared a unique relationship in a fascinating cultural milieu Under the reigns of various conquerors Czars Soviets and modern nationalist strong men the ever changing political and economic situation of these former Soviet Republics has dramatically affected the ways that Muslims and Christians have practiced their faith Today as Muslims and Christians work to stabilize their interactions they face new challenges because of the activities of Protestant Christian and Islamist missionaries who are flooding into Central Asia as never before The book corrects common misunderstandings of Central Asia as a cultural backwater and is a valuable introduction to Muslim and Christian interactions in one of the most quickly changing regions of the globe It will appeal to readers interested in Muslim Christian interaction and for researchers in the field of World Religions Central Asian Studies and Intercultural Studies

**Not by Bread Alone** Robert Nalbandov, 2016-01-01 Since its independence in 1991 Russia has struggled with the growing pains of defining its role in international politics After Vladimir Putin ascended to power in 2000 the country undertook grandiose foreign policy projects in an attempt to delineate its place among the world s superpowers With this in mind Robert Nalbandov examines the milestones of Russia s international relations since the turn of the twenty first century He focuses on the specific goals engagement practices and tools used by Putin s administration to promote Russia s vital national and strategic interests in specific geographic locations His findings illuminate Putin s foreign policy objective of reinstituting Russian global strategic dominance Nalbandov argues that identity based politics have dominated Putin s tenure and that Russia s east west split is reflected in Asian European politics Nalbandov s analysis shows that unchecked domestic power an almost exclusive application of hard power and determined ambition for unabridged global influence and a defined place as a world superpower are the keys to Putin s Russia
