Special Subcommittee on Bankruptcy and Reorganization, 1939 Committee Serial No 11 *Railroad Reorganization* Stuart Daggett, 2015-06-25 Excerpt from Railroad Reorganization It sometimes happens that experiences long since past seem to be repeated and that knowledge apparently forgotten proves again of service This is illustrated by the subject of railroad reorganization In the years between 1893 and 1899 an imposing group of American railroads passed into receivers hands In 1893 alone more than 27 000 miles with an aggregate capitalization of almost 2 000 000 000 were taken over by the courts and in the following years the amount was largely increased Foreclosure sales aggregated 10 446 miles in 1895 12 355 in 1896 and 40 503 between 1894 and 1898 Among the more important failures were those of the Richmond to say nothing of the Norfolk some insisted upon the sale of the property securing their loans but without escaping the loss which fell upon their more pliant associates Much injustice to individuals came to light at this time Men who had invested in good faith were obliged to sacrifice their holdings through no fault of their own The savings of years were swept away The demand of the railroads was one nevertheless which the courts supported and rightly The companies could not be operated unless the creditors were deprived of part of their legal rights At the same time these rights no longer had a material basis on which to rest and their surrender meant but the recognition of a loss which had already taken place Most of the reorganizations were completed by the year 1899 About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Railroad Reorganization United States.
