Railways of Cumbria Patrick Bennett,2022-05-15 Celebrating Cumbria s rail scene illustrated with a selection of photographs from different periods in their history **Railways of Cumbria** ,1980 Industrial Locomotives & Railways of Cumbria Gordon Edgar,2016-03-15 Gordon Edgar explores the industrial and minor railways of Cumberland and Westmorland Lost Railways of Cumbria Gordon Suggitt,2008 From the very beginning the geography of Cumbria conspired to prevent the spread of railways The majority of lines were built to transport freight but many developed passenger services Sadly the railway age was not to last local demand was simply not enough to keep many of the lines in operation and the services were doomed Happily some lines have been preserved by enthusiastic societies and reopened sections of track flourish This well written and excellently researched book brings to life the history of Cumbria s railways With photographs and specially drawn maps *Renewing Britain's Railways: Cumbria to Tyneside* Gordon D. Webster,2022-08-15 The latest volume in this series that focuses on recent developments on Britain s rail network in Cumbria This photographic collection looks at the rails of the north before and after the pandemic in all their scenic glory *Cumbria's Lost Railways* Peter W. Robinson,2002 The decline of Cumbria s railway network began long before Dr Beeching and during the 50s and 60s it was feared that it would disappear all together By the 1990s however it was clear that an amazing recovery was underway with the reopening of many stations and the restoration of many freight services Today there is an upgraded West Coast main line and much improved high speed passenger services Once upon a time however there was a far bigger network which operated at a much more relaxed and refined pace Featuring around 52 superb period photographs this volume recalls the sights of that bygone era including the long lost Solway Viaduct the Settle and Carlisle route and the many rural stations that were once the lifeblood of Cumbrian communities *Cumbrian Railway Association* ,199? *Railways of the North Pennines* Dr Tom Bell,2015-03-02 This illustrated history describes how the two pioneering railways of northern England the Stockton and Darlington and Newcastle and Carlisle railways developed from unsuccessful canal proposals and how they with the ill fated Stanhope and Tyne Railway initiated the development of the railway system that served the North Pennine Orefield It reveals the public and private railways as well as proposed lines and the recovery and extensions of the Stockton and Darlington Railway until the North Eastern Railway took over in the early 1860s Dr Tom Bell s impressive research also explores the subsequent slow but continuous decline as the minerals became exhausted to the situation today when all that is left are three different tourist lines one of which is trying to revive the mineral traffic **Railways in Cumbria** Alan Young,2022 **A Regional History of the Railways of Great Britain** David St. John Thomas,1990
