Red Tears War Famine And Revolution In Ethiopia:

Red Tears Dawit Wolde Giorgis,1989 War Famine and Revolution in Ethiopia **Red Tears** Dawit Wolde Giorgis,1989

The Ethiopian Revolution 1974-1987 Andargachew Tiruneh,1993-04-08 This book is a comprehensive account of the Ethiopian revolution dealing with the entire span of the revolutionary government's life. Particular emphasis is placed on effectively isolating and articulating the causes and outcomes of the revolution. The author traces the revolution's roots in the weaknesses of the autocratic regime of Haile Selassie, examines the formative years of the revolution in the mid-seventies when the ideology of scientific socialism was espoused by the ruling military council, and finally charts the consolidation of Mengistu Haile Miriam's power from 1977 to the adoption of a new constitution in 1987. In examining these events, Dr. Tiruneh makes extensive use of primary sources written in the national official language. He was also the first Ethiopian nation to write a book on this subject. This book is thus a unique account of a fascinating period, capturing the mood of the revolution as never before, yet firmly grounded in scholarship. In This Land of Plenty Benjamin Talton,2019-07-26

On August 7, 1989, Congressman Mickey Leland departed on a flight from Addis Ababa with his thirteen-member delegation of Ethiopian and American relief workers and policy analysts bound for Ethiopia's border with Sudan. This was Leland's seventh official humanitarian mission in his nearly decade-long drive to transform U.S. policies toward Africa to conform to his black internationalist vision of global cooperation, antiracism, and freedom from hunger. Leland's flight never arrived at its destination. The plane crashed with no survivors. When Leland embarked on that delegation, he was a forty-four-year-old, deeply charismatic, fiercely compassionate black radical American. He was also an elected Democratic representative of Houston's largely African American and Latino Eighteenth Congressional District. Above all, he was a self-proclaimed citizen of humanity. Throughout the 1980s, Leland and a small group of former radical activist African American colleagues inside and outside Congress exerted outsized influence to elevate Africa's significance in American foreign affairs and to move the United States from its Cold War orientation toward a foreign policy devoted to humanitarianism, antiracism, and moral leadership. Their internationalism defined a new era of black political engagement with Africa. *In This Land of Plenty* presents Leland as the embodiment of larger currents in African American politics at the end of the twentieth century. But a sober look at his aspirations shows the successes and shortcomings of domestic radicalism and aspirations of politically neutral humanitarianism during the 1980s and the extent to which the decade was a major turning point in U.S. relations with the African continent. Exploring the links between political activism, electoral politics, and international affairs, Benjamin Talton not only details Leland's political career but also examines African Americans' successes and failures in influencing U.S. foreign policy toward African and other Global South countries. The Ethiopian Revolution Gebru Tareke,2009-06-23

Revolution, civil wars, and guerilla warfare wracked Ethiopia during three turbulent decades at the end of the 20th century. Here, Tareke brings to life the leading personalities in the domestic political struggles, strategies of the warring parties.
