Rediscovering Reverence The Path To Intimacy:

Rediscovering Reverence, The Path to Intimacy Matt L Rawlins, 2005 Are you aching for an intimate walk with God One where you know He understands you and what you are going through Where you understand His heart and desire for you and you see His plan unfolding in your life Rediscovering Reverence unlocks the mystery of walking in daily intimacy with God Reverence due the Almighty is rarely taught from the pulpit anymore and a lack of knowledge of this important principle is robbing God's people of the intimacy they desire This roadblock keeps many from discovering a more fulfilling relationship with God today and the glorious future planned for them tomorrow Fear swirls around us insecurity becomes a good friend and terror seems to dwell on our doorstep We sense we need help but we don't know where to turn God tells us He is that dwelling place where we can hide from fear insecurity and terror But if we don't know who He is we won't know where to run This book has its biblical roots embedded in the numerous examples of great men and women of faith whose destinies were released only as they walked in the fear of the Lord The author also shares personal examples of his own journey in fearing the Lord Rediscovering Reverence explores the divine sequence in a reverent and intimate relationship with God Many people understand and long for intimacy with God but few in the West realize that the fear of the Lord is a foundation for that You can't have intimacy without reverence This fast paced and readable book maintains a compassionate and personable tone while challenging the reader spiritually and intellectually Every Christian who yearns to discard his discontented lukewarm lifestyle and pursue a serious and fulfilling life in God should read Rediscovering Reverence

Emails from Hell Matt Rawlins, 1999 The devious ideas and strategies used to bring down leaders of groups organizations even nations are revealed in the intercepted diabolical e-mails of an executive demon to his student trainee Christian Living

Living Faithfully Frances Schoonmaker, 2012-07-01 Living Faithfully is for anyone interested in education and education policy whether parent community member teacher student of leadership or policy maker It looks at school leadership and reform in an alternative way following the story of change at Washington School a troubled grades 5-6 center in a small town in Western Oklahoma Not only does the book address a neglected population the more than 13% of the nation's children who go to school in small towns and rural areas it uses the occasion to invert thinking about school reform It argues that in today's policy climate where guaranteed standard outcomes are touted as goals of

education leadership schemes even those designed to challenge topdown bureaucratic models are quickly co opted to produce the appearance of learning Prevailing leadership theories beg the question of who is being transformed and to what end failing to challenge assumptions and dominant ideas of contemporary education and leadership thinking Drawing on Philip Phenix s idea of the faithful life the book proposes an alternative way forward Phenix talks about connections between school and life According to Phenix the faithful life is concerned with the normative question of what is good true right just beautiful and holy This is not the vocabulary of current education policy But it describes the kind of community created at Washington School despite its history of failure And it describes what most families want for their children whether they live in the city or country America or elsewhere an education that matters
