FDR and the Jews Richard Breitman, Allan J. Lichtman, 2013-03-19 A contentious debate lingers over whether Franklin Delano Roosevelt turned his back on the Jews of Hitler's Europe FDR and the Jews reveals a concerned leader whose efforts on behalf of Jews were far greater than those of any other world figure but whose moral leadership was tempered by the political realities of depression and war

Jewish Displaced Persons in Italy 1943-1951 Chiara Renzo, 2023-08-04 This book focuses on the experiences of thousands of Jewish displaced persons (DPs) who lived in refugee camps in Italy between the liberation of the southern regions in 1943 and the early 1950s waiting for their resettlement outside of Europe It explores the Jewish DPs daily life in the refugee camps and what this experience of displacement meant to them This book sheds light on the dilemmas the Jewish DPs faced when reconstructing their lives in the refugee camps after the Holocaust and how this challenging process was deeply influenced by their interaction with the humanitarian and political actors involved in their rescue rehabilitation and resettlement Relating to the peculiar context of post fascist Italy and the broader picture of the postwar refugee crisis this book reveals overlooked aspects that contributed to the making of an incredibly diverse and lively community in transit able to elaborate new paradigms of home belonging and family

Propaganda and Persecution Renée Poznanski, 2024-01-23 Renée Poznanski's magisterial history of the French Resistance during World War II offers a comprehensive exploration of the most significant issue in that period's social imaginary the Jewish question With extraordinary nuance she analyzes the discourse around Jews and Judaism that pervaded the Resistance's propaganda and debates while closely examining the fate of Jews under Vichy and after Poznanski argues that Jews in France suffered a double persecution one led by the Vichy government the other imposed by the Nazis Marginalization and exclusion soon led to internment and deportation to terrifying places Meanwhile a propaganda war developed between the Resistance and the official voice of Vichy Poznanski draws on a breathtaking array of sources especially clandestine publications and French language BBC transmissions to show how the Resistance both fought and accommodated the deeply entrenched antisemitism within French society Her close readings of propaganda texts against public opinions probe ambiguities and silences in Resistance writing about the persecution of the Jews and in parallel the numerous and detailed denunciations that could be read in the Jewish clandestine press This extensive synthesis extends to the post-Liberation period during which the ongoing persecution of Jews in Europe and North Africa would be portrayed as secondary to the suffering of the nation The winner of the 2009 Henri Hertz Prize by the Chancellerie des Universités de Paris Sorbonne *Propaganda and Persecution* makes major contributions to the study of the Resistance and of antisemitism Lenn J Schramm's English translation brings Poznanski's dynamic prose to life

Award winning film *The Pianist* and Rod Serling's teleplay *In the Presence of Mine Enemies* as well as accounts in the *American Jewish Yearbook* and the *New York Times* the art of Samuel Bak and Arthur Szyk and the poetry of Yala Korwin and Charles Reznikoff In probing these works Baskind pursues key questions of Jewish identity What links artistic representations of the ghetto to the Jewish diaspora How is art politicized or depoliticized Why have Americans made such a strong cultural claim on the uprising Vibrantly illustrated and vividly told *The Warsaw Ghetto in American Art and Culture* shows the importance of the ghetto as a site of memory and creative struggle and reveals how this seminal event and locale served as a staging ground for the forging of Jewish American identity **Vilnius between Nations, 1795-2000** Theodore R.

Weeks, 2015-12-04 The inhabitants of Vilnius the present day capital of Lithuania have spoken various languages and professed different religions while living together in relative harmony over the years The city has played a significant role in the history and development of at least three separate cultures Polish Lithuanian and Jewish and until very recently no single cultural linguistic group composed the clear majority of its population *Vilnius between Nations 1795 2000* is the first study to undertake a balanced assessment of this particularly diverse city Theodore Weeks examines Vilnius as a physical entity where people lived worked and died as the object of rhetorical struggles between disparate cultures and as a space where the state attempted to legitimize a specific version of cultural politics through street names monuments and urban planning In investigating these aspects Weeks avoids promoting any one national narrative of the history of the city while acknowledging the importance of national cultures and their opposing myths of the city's identity The story of Vilnius as a multicultural city and the negotiations that allowed several national groups to inhabit a single urban space can provide lessons that are easily applied to other diverse cities This study will appeal to scholars of Eastern Europe urban studies and multiculturalism as well as general readers interested in the region *The Disentanglement of Populations* J. Reinisch, E. White, 2011-01-26 An examination of population movements both forced and voluntary within the broader context of Europe in the aftermath of the Second World War in both Western and Eastern Europe The authors bring to life problems of war and post war chaos and assess lasting social political and demographic consequences
