Reengineering Nursing And Health Care Handbook For Organizational Transformation:

Reengineering Nursing and Health Care Suzanne Smith Blancett, Dominick L. Flarey, 1995 Reengineering Nursing and Health Care adopts the basic principles of Hammer and Champy's bestselling book Reengineering the Corporation as the framework for how reengineering may be implemented in health care settings The book advances the existing trend away from the compartmentalization of services by department toward full integration to create a seamless organization of health care services While the primary focus is on nursing the new imperatives organizational integration and collaboration are emphasized throughout making this book appropriate for all health care managers executives and educators

Nursing Administration Handbook Howard S. Rowland, Beatrice L. Rowland, 1997 With the recent new and radical developments in the health care field that have been introduced at a breathless pace nurse administrators must work to stay informed of the developments that affect their nursing departments both directly and indirectly The Nursing Administration Handbook has a long track record both as a textbook and as a hands on tool for nurse executives seeking insight and step by step guidance in all aspects of administration The fourth edition of this text surveys the entire field of nursing administration and incorporates the most significant new developments and current practices

Quality Improvement Projects in Health Care Eleanor G. Gilpatrick, 1999 This book provides a review of basic terminology and offers guidelines to the untrained researcher for carrying out nuts and bolts quality improvement research Fourteen case studies involving actual health care situations help to demonstrate how such a research project can be implemented

Health Care Outcomes Dominick L. Flarey, 1998 The transformation in the health care industry begun over a decade ago will continue well into the 21st century And the dominant theme in the new millennium is likely to be collaborative practice and outcome s based health care delivery A collection of the most current and innovative presentations in path based collaborative practices this book focuses on the design implementation and analysis of outcomes for the heavy volume DRGs For each DRG the authors present two to three standard clinical pathways and then show how those pathways can be manipulated to alter outcomes Health Care Outcomes covers topics in Respiratory Neonatal Pediatric General Surgery Orthopaedic and Geriatric Care A comprehensive collection of critical pathways and outcomes maps being used by leading hospitals and health care agencies around the country this is an important reference for developing path based care models or revising critical paths and outcomes maps

Cardiovascular Outcomes Dominick L. Flarey, Suzanne Smith Blancett, 1998 A collection of the most current and innovative presentations in path based collaborative practices this second of two volumes focuses on the design implementation and analysis of outcomes in cardiovascular care As in Health Care Outcomes the authors present two to three standard clinical pathways for each DRG and then show how those pathways can be manipulated to alter outcomes Cardiovascular Outcomes covers a full range of medical and surgical cardiovascular outcomes A comprehensive collection of critical pathways and outcomes maps being used by leading hospitals and health care agencies around the country this is an

important reference for developing path based care models or revising critical paths and outcomes maps *Making Sense of Organizational Change* Jean Helms-Mills,2003-12-16 Applying an invaluable sensemaking framework to organizational change and combining the theory and practice of implementing change this book represents an instructive and informative view on change in business Its strength lies in two key areas the discussion and explanation of a strategic sensemaking approach for helping managers management educators and students to understand organizational change a longitudinal study of a major company which underwent several organizational changes revealing some of the key problems and challenges that managers face when introducing implementing and managing change Rather than being structured as a how to book this outstanding text provides the reader with practical insights and skills for managing or resisting change Applying Weick s famous sensemaking approach it offers a unique way to understand the processes involved in organizational change
