General Fox Conner Steven Rabalais, 2016-11-30 Winner of the 2016 Army Historical Society Distinguished Writing Award Anyone interested in American military history will find it a treasure Karl Roeder Alumni Professor Emeritus Louisiana State University During World War I Gen Conner served as chief of operations for the American Expeditionary Force in Europe Gen Pershing told Conner I could have spared any other man in the A E F better than you In the early 1920s Conner transformed his protégé Dwight D Eisenhower from a struggling young officer on the verge of a court martial into one

of the American army's rising stars Eisenhower acknowledged Fox Conner as the one more or less invisible figure to whom I owe an incalculable debt. This book presents the first complete biography of this significant but now forgotten figure in American military history. In addition to providing a unique insider's view into the operations of the American high command during World War I, General Fox Conner also tells the story of an interesting life. Conner felt a calling to military service although his father had been blinded during the Civil War. From humble beginnings in rural Mississippi, Conner became one of the army's intellectuals. During the 1920s when most of the nation slumbered in isolationism, Conner predicted a second world war. As the nation began to awaken to new international dangers in the 1930s, Pres. Roosevelt offered Fox Conner the position of army chief of staff, which he declined. Poor health prevented his participation in World War II, while others whom he influenced, including Eisenhower, Patton, and Marshall, went on to fame. A biography that is both dramatic and compelling.

Mark Perry, author of *The Pentagon's Wars*, [Scouting with the Buffalo Soldiers](#), John P. Langellier, 2020-10-15. On a hot summer's day in Montana, a daring frontier cavalry officer, Powhatan Henry Clarke, died at the height of his promising career. A member of the U.S. Military Academy's Class of 1884, Clarke graduated dead last and while short on academic application, he was long on charm and bravado. Clarke obtained a commission with the black troops of the Tenth Cavalry, earning his spurs with these Buffalo Soldiers. He evolved into a fearless field commander at the troop level, gaining glory and first-hand knowledge of what it took to campaign in the West. During his brief action-packed career, Clarke saved a black trooper's life while under Apache fire and was awarded the Medal of Honor. A chance meeting brought Clarke together with artist Frederic Remington, who brought national attention to Clarke when he illustrated the exploit for an 1886 Harper's Weekly. The officer and artist became friends, and Clarke served as a model and consultant for future artwork by Remington. Remington's many depictions of Clarke added greatly to the cavalryman's luster. In turn, the artist gained fame and fortune in part from drawing on Clarke as his muse. The story of these two unlikely comrades tells much about the final stages of the Wild West and the United States' emergence on the international scene. Along the way, Geronimo, the Apache Kid, Texas John Slaughter, and others played their roles in Clarke's brief but compelling drama.
