Reflections On Revival:

Reflections on Revival Charles Grandison Finney, Donald W. Dayton, 1845 After more than twenty years of revival ministry America's greatest evangelist had accumulated knowledge of spiritual awakenings their implications and excesses perhaps exceeding that of almost anyone in Christian history This aggregate wisdom on the subject was first presented to the reading public in the form of a series of 32 open letters printed on the pages of the Oberlin Evangelist in 1845 Some were recently reproduced in a volume titled Revival Fire But fifteen of the original letters did not find their way into that book In your hands you have all thirty two of the invaluable epistles of the incomparable preacher Back cover **Letters on Revival** Charles G. Finney, 1845 Revivals of religion have been gradually becoming more and more superficial All the phenomena which they exhibit testify to this as a general fact There is very much less deep conviction of sin and deep depth of humility and much less strength in all the graces exhibited by converts in late revivals than in the converts from the revivals which occurred about 1830 and 1831 and for some time previous I have observed as have others also that revivals are of much shorter duration and that a reaction comes on much more suddenly and disastrously than formerly Also that fewer of the converts make stable and efficient Christians that those who do persevere appear to have less of the Spirit of Christ than in former revivals not so much of the spirit of prayer and are not so modest and humble In short all the phenomena of the more recent revivals judging from my own experience and observation and from the testimony of other witnesses show that they have at least very extensively taken on a much less desirable type than formerly Christians are much less spiritual in revivals much less prevalent in prayer not so deeply humbled and quickened and thoroughly baptized with the Holy Ghost as they were formerly These statements I do not suppose to be universally applicable to modern revivals but I do believe them to be applicable generally As revivals now exist I believe ministers are not nearly as desirous of seeing them in their congregations as they formerly were nor have they good reason to be Those ministers who have witnessed none but the later revivals of which I speak are almost afraid of revivals They have seen the disastrous results of modern revivals so frequently that they honestly entertain the doubt whether they are upon the whole desirable Those as I have good reason to know who saw the revivals which occurred ten or twenty years ago greatly prefer revivals of that type They are distressed with the superficiality of many recent revivals I make this as a general not a universal remark and state only my own opinion of public sentiment I have often heard it said both among ministers and private Christians we long to see the days return when we shall have such revivals as we saw years ago I have been anxiously watching the progress of things in this direction and inquiring as carefully and prayerfully as I could into the causes which are operating to produce these results If I am not misinformed and have not greatly misapprehended the case the following will be found among them **Reflections on Revival!** Frederick Julius Huegel, 2015 **A Legacy of Preaching, Volume Two---Enlightenment to the Present Day** Zondervan, 2018-11-13 A Legacy of Preaching Volume Two Enlightenment to the Present Day explores the history and development of preaching

through a biographical and theological examination of its most important preachers. Instead of teaching the history of preaching from the perspective of movements and eras, each contributor tells the story of a particular preacher in history, allowing these preachers from the past to come alive and instruct us through their lives, theologies, and methods of preaching. Each chapter introduces readers to a key figure in the history of preaching, followed by an analysis of the theological views that shaped their preaching, their methodology of sermon preparation and delivery, and an appraisal of the significant contributions they have made to the history of preaching. This diverse collection of familiar and lesser-known individuals provides a detailed and fascinating look at what it has meant to communicate the gospel over the past two thousand years. By looking at how the gospel has been communicated over time and across different cultures, pastors, scholars, and homiletics students can enrich their own understanding and practice of preaching for application today. Volume Two covers the period from the Enlightenment to the present day and profiles thirty-one preachers, including Charles Simeon by Darrell Young, Robert Murray M. Cheyne by Jordan Mark Stone, Alexander Maclaren by R. Scott Pace, Catherine Booth by Roger J. Green, Charles Haddon Spurgeon by Thomas J. Nettles, Rodney Gipsy Smith by Bill Curtis, George Liele by Terriel Byrd, Charles Finney by Robert W. Caldwell III, John Jasper by Alfonza W. Fulwood, and Robert Smith Jr. Henry Ward Beecher by Michael Duduit. John Albert Broadus by Hershael W. York, Phillips Brooks by Charles W. Fuller, D. L. Moody by Gregg L. Quiggle, B. H. Carroll by Robert Matz, and Jerry Sutton. Billy Sunday by Kristopher K. Barnett, Karl Barth by William H. Willimon, Dietrich Bonhoeffer by Keith W. Clements, D. Martyn Lloyd Jones by Carl Trueman, John Stott by Greg R. Scharf, Harry Emerson Fosdick by Dwayne Milioni, R. G. Lee by Charles A. Fowler, Aimee Semple McPherson by Aaron Friesen, W. A. Criswell by David L. Allen, Gardner C. Taylor by Alfonza W. Fulwood, and Robert Smith Jr. Billy Graham by John N. Akers. Martin Luther King Jr. by Alfonza W. Fulwood, Dennis R. McDonald, and Anil Sook Deo. Adrian Rogers by Daniel L. Akin, and Bill Curtis. E. V. Hill by Dante D. Wright. I. Jerry Falwell by Edward E. Hindson, J. I. Packer by Leland Ryken, and Benjamin Hernandez. Volume One, available separately, covers the period from the apostles to the Puritans and profiles thirty preachers, including Paul, Origen of Alexandria, Augustine of Hippo, Francis of Assisi, Martin Luther, Jonathan Edwards, John Wesley, George Whitefield, and more.

Reflections on Self Psychology (Psychology Revivals) Joseph Lichtenberg, Samuel Kaplan, 2014-01-27. Originally published in 1983, *Reflections on Self Psychology* records the development of a powerful initiative to alter psychoanalytic theory and practice and an evaluative questioning of this initiative. It presents a dialogue that developed at the Boston Symposium of 1980 between vigorous proponents of self psychology, equally energetic critics, and many participants between these polar positions. This book attempts to capture within its pages not only the content of what was presented, explored, and evaluated in Boston, but also a sense of the people, about 1,000 strong, who exchanged their ideas on and off the podium and the remarkable spirit of open inquiry that invigorated these proceedings. The book, as was the meeting, is organized to explore four subjects: the development of the self, infant research, the implications of self psychology for psychoanalytic practice, and self

psychology and psychotherapy and the implications of self psychology for psychoanalytic theory The final section of the book is devoted to an essay by Heinz Kohut that provides an integrated response to the issues and criticisms raised in the course of the symposium This essay while based on extemporaneous responses by Kohut during different phases of the meeting is in its written version a cohesive carefully revised and edited statement prepared in the mellowing period following the meeting and before Kohut's untimely death

If My People Eric D. Hilton, 2020-07-17 In this day and age of hyperactivity it is easy for us to mistake action for anointing and volume for presence However a chicken with its head cut off has action but it is not very healthy you could say thou hast a name that thou livest and art dead Revelation 3:1 Revival is our answer to all that ails the church but have we been so long

without revival that we no longer desire it If My People is a book designed to open our hearts and minds to what the Psalmist meant when he said Wilt thou not revive us again that thy people may rejoice in thee Psalm 85 6 Our only hope is revival but what is it What does it look like Why do we need it and What can I do This little book answers these questions and much more This little book puts us on the right path for a full out bona fide revival

Reflections on the Revolution in Europe Christopher Caldwell,2009-04-30 Why has Europe s half century of mass immigration failed to produce anything resembling the American melting pot Deadly terrorist attacks and rioting in Muslim neighbourhoods have now forced Europeans caught up in a demographic revolution they never expected to question its success and to confront the limits of their long held liberal values By overestimating its need for immigrant labour and underestimating the culture shaping potential of religion has Europe trapped itself in a problem to which it has no obvious solution Christopher Caldwell has been reporting on the politics and culture of Islam in Europe for over a decade In his provocative and unflinching book Reflections on the Revolution in Europe he reveals the anger of natives and newcomers alike He describes asylum policies that have served illegal immigrants better than refugees He exposes the strange interaction of welfare states and Third World traditions the anti Americanism that brings natives and newcomers together and the arguments over women and sex that drive them apart And he examines the dangerous tendency of politicians to defuse tensions surrounding Islam by curtailing the rights of all Based on extensive reporting and offering trenchant analysis Reflections on the Revolution in Europe is destined to become the classic work on how Muslim immigration permanently reshaped the West

Edwards on Revivals Jonathan Edwards,1832 **Reflections and Poetry to Ponder** Diane Hicks White,2009-08 My poetry can best be described as a personal journey lived through depression From childhood through adulthood I have existed with depression I have always enjoyed reading and so with reading the idea of writing poetry came to mind Being able to express my emotions has played a big part on my road to recovery Seeing people like myself has helped me give more understanding of how depression affects the mind Through my poetry I have been able to talk of these emotions through faith in others who have helped me and through my faith in God who has never left me I try to end my poetry not in negativity but with a purposeful emotion that will give the reader hope a hope that he or she will someday reach that pinnacle in their lives that will help them to see beyond that hopelessness of depression Diane Hicks White 2007

Reflections on Socialism in the Twenty-First Century Claes Brundenius,2020-02-27 In this volume the authors reflect on the question what is socialism as it pertains to today s economy There is particular emphasis on democratic socialism models as a potential alternative to classic authoritarian socialism A number of topical questions are addressed such as What is democratic socialism and is it feasible or even viable What can be learnt from existing democratic socialist experiences What would an ideal democratic socialist society look like today Under what circumstances and where could such a model emerge today In exploring these questions several themes arise within these chapters such as the role of socialist values and inspirations in capitalist societies and how capitalism and socialism

relate to the knowledge economy The contemporary world is showing many contradictions with uncertain future scenarios that preoccupy mankind The global capitalist system as we know it is in deep crisis and some even predict its slow death because of its inability to handle the environmental imperative At the same time classic socialism as experienced in the Soviet Union and its proxies is a stone dead alternative to capitalism today So what options remain The book considers this question as it examines a range of countries where socialism in one form or another has arisen or where democratic socialism could be possible including Brazil Chile Cuba Sweden and the United States
