John Baker

Reform And Revival English Government In Ireland 1470 1534 Royal Historical Society Studies In History:

Reform and Revival Steven G. Ellis, 1986 Ireland's English Pale, 1470-1550 Steven G. Ellis, 2021 Challenges the argument that the English Pale was contracting during the early Tudor period A key argument of this book is that the English Pale the four counties around Dublin under English control was expanding during the early Tudor period not contracting as other historians have argued The author shows how the new system whereby the four obedient shires were protected by new fortifications and a newly constituted English style militia which replaced the former system of extended marches was highly effective making unnecessary money and troops from England and enabling the Dublin government to be self financing The book provides full details of this new system It also demonstrates how direct rule by an English army and governor which replaced the system in the years after 1534 was much more costly and led on in turn to the policy of surrender and regrant under which Irish chiefs became subject to English law The book highlights how this policy made the English Pale's frontiers redundant but how ideologically ideas of English civility nevertheless survived and the wild Atlantic way remained beyond the Pale **A New History of Ireland, Volume II** Art Cosgrove, 2008-11-06 A New History of Ireland is the largest scholarly project in modern Irish history In 9 volumes it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the Middle Ages down to the present day Volume II opens with a character study of medieval Ireland and a panoramic view of the country c 1169 followed by nineteen chapters of narrative history with a survey of Land and People c 1300 There are further chapters on Gaelic and colonial society economy and trade literature in Irish French and English architecture and sculpture manuscripts and illuminations and coinage **A New History of Ireland, Volume II** Theodore William Moody, Art Cosgrove, Francis X. Martin, Francis John Byrne, 2008-11-06 A wide range of national and international scholars in every field of study have produced studies of the archaeology art culture geography geology history language law literature music and related topics to produce a comprehensive and authoritative account of Irish history *The Oxford History of the Laws of England Volume VI* John Baker, 2003-09-18 This volume covers the years 1483 1558 a period of immense social political and intellectual changes which profoundly affected the law and its workings It first considers constitutional developments and addresses the question of whether there was a rule of law under king Henry VIII In a period of supposed despotism and enhanced parliamentary power protection of liberty was increasing and habeas corpus was emerging The volume considers the extent to which the law was affected by the intellectual changes of the Renaissance and how far the English experience differed from that of the Continent It includes a study of the myriad jurisdictions in Tudor England and their workings and examines important procedural changes in the central courts which represent a revolution in the way that cases were presented and decided The legal profession its education its functions and its literature are examined and the impact of printing upon legal learning and the role of case law in comparison with law school doctrine are addressed The volume then

considers the law itself Criminal law was becoming more focused during this period as a result of doctrinal exposition in the inns of court and occasional reports of trials After major conflicts with the Church major adjustments were made to the benefit of clergy and the privilege of sanctuary was all but abolished The volume examines the law of persons in detail addressing the impact of the abolition of monastic status the virtual disappearance of villeinage developments in the law of corporations and some remarkable statements about the equality of women The history of private law during this period is dominated by real property and particularly the Statutes of Uses and Wills designed to protect the king s feudal income against the consequences of trusts which are given a new interpretation Leaseholders and copyholders came to be treated as full landowners with rights assimilated to those of freeholders The land law of the time was highly sophisticated and becoming more so but it was only during this period that the beginnings of a law of chattels became discernible There were also significant changes in the law of contract and tort not least in the development of a satisfactory remedy for recovering debts

The Oxford History of the Laws of England: 1483-1558 John Hamilton Baker,2003 This volume in The Oxford History of the Laws of England covers the years 1483 1558 a period of immense social political and intellectual changes which profoundly affected the law and its workings

Thomas Cromwell Diarmaid MacCulloch,2019-10-29 The long awaited biography of the genius who masterminded Henry VIII s bloody revolution in the English government which reveals at last Cromwell s role in the downfall of Anne Boleyn This a book that and it s not often you can say this we have been awaiting for four hundred years Hilary Mantel author of Wolf Hall Since the sixteenth century we have been fascinated by Henry VIII and the man who stood beside him guiding him enriching him and enduring the king s insatiable appetites and violent outbursts until Henry ordered his beheading in July 1540 After a decade of sleuthing in the royal archives Diarmaid MacCulloch has emerged with a tantalizing new understanding of Henry s mercurial chief minister the inscrutable and utterly compelling Thomas Cromwell History has not been kind to the son of a Putney brewer who became the architect of England s split with Rome Where past biographies portrayed him as a scheming operator with blood on his hands Hilary Mantel reimagined him as a far more sympathetic figure buffered by the whims of his master So which was he the villain of history or the victim of her creation MacCulloch sifted through letters and court records for answers and found Cromwell s fingerprints on some of the most transformative decisions of Henry s turbulent reign But he also found Cromwell the man an administrative genius rescuing him from myth and slander The real Cromwell was a deeply loving father who took his biggest risks to secure the future of his son Gregory He was also a man of faith and a quiet revolutionary In the end he could not appease or control the man whose humors were so violent and unpredictable But he made his mark on England setting her on the path to religious awakening and indelibly transforming the system of government of the English speaking world

The Routledge Handbook of the History of Settler Colonialism Edward Cavanagh,Lorenzo Veracini,2016-08-12 The Routledge Handbook of the History of Settler Colonialism examines the global history of settler colonialism as a distinct

mode of domination from ancient times to the present day It explores the ways in which new polities were established in freshly discovered New Worlds and covers the history of many countries including Australia New Zealand Israel Japan South Africa Liberia Algeria Canada and the USA Chronologically as well as geographically wide reaching this volume focuses on an extensive array of topics and regions ranging from settler colonialism in the Neo Assyrian and Roman empires to relationships between indigenes and newcomers in New Spain and the early Mexican republic to the settler dominated polities of Africa during the twentieth century Its twenty nine inter disciplinary chapters focus on single colonies or on regional developments that straddle the borders of present day states on successful settlements that would go on to become powerful settler nations on failed settler colonies and on the historiographies of these experiences Taking a fundamentally international approach to the topic this book analyses the varied experiences of settler colonialism in countries around the world With a synthesizing yet original introduction this is a landmark contribution to the emerging field of settler colonial studies and will be a valuable resource for anyone interested in the global history of imperialism and colonialism

The Cambridge History of Ireland: Volume 1, 600-1550 Brendan Smith, Thomas Bartlett, 2018-04-26 The thousand years explored in this book witnessed developments in the history of Ireland that resonate to this day Interspersing narrative with detailed analysis of key themes the first volume in the Cambridge History of Ireland presents the latest thinking on key aspects of the medieval Irish experience The contributors are leading experts in their fields and present their original interpretations in a fresh and accessible manner New perspectives are offered on the politics artistic culture religious beliefs and practices social organisation and economic activity that prevailed on the island in these centuries At each turn the question is asked to what extent were these developments unique to Ireland The openness of Ireland to outside influences and its capacity to influence the world beyond its shores are recurring themes Underpinning the book is a comparative outward looking approach that sees Ireland as an integral but exceptional component of medieval Christian Europe

The Elizabethan Conquest of Ireland John McGurk, 1997 This book is about the impact of the nine years war on central and local government and society in the English and Welsh shires in the 1590 s It contains fascinating new insights into the centrality of Ireland to England s problems in the crucial last decade of Elizabeth I s reign
