Reform Of The Ministry A Study In The Work Of Roland Allen:

Reform of the Ministry Roland Allen, 2003-06-26 No one was more radically critical of the ministry and the inherited Church policy that surrounds it than Roland Allen 1868 1949 whose prophetic writings constantly challenge the whole mission of the Christian Church and many of his most important essays are collected here along with contributions about him After studying at Oxford his clerical training was in Leeds He went as a missionary to China for the Society for the Propagation of the Gospel SPG where he stayed for twenty years His experience convinced him that missionary methods needed changing and that St Paul had more to offer than contemporary practice and in particular that ministry should be centred in the laity These ideas unpopular at the time have grown in importance and Roland Allen's influence is now greater than at any time In this volume Paton with the co operation of Grubb and King has written on the central concerns of Allen's life and how his witness gave rise to many fruitful enterprises in different parts of the world Many new writings of Allen's are included in the volume and Grubb tells the story of the Survey Application Trust which for over half a century played a formative and pioneering part in the mission of the church This title adds a lot of new information and throws fresh light on the modern history of many Christian enterprises and extends current debate over the role of the laity **Roland Allen's**

the Ministry of Expansion Roland Allen, 2017-09-01 The Priesthood of the Laity Roland Allen was one of the most influential mission thinkers of the twentieth century As a High Church Anglican he had great respect and value for Church tradition but was quick to confront cultural preferences when they appeared to contradict biblical prescriptions The Ministry of Expansion The Priesthood of the Laity reflects his thoughts that dealt with Communion related activities in the Majority World where the Anglican Church did not have well developed church structures and priests In this work Allen argues that there are times and circumstances when non clergy must take the lead in the administration of Holy Communion Written around 1938 The Ministry of Expansion The Priesthood of the Laity has remained unpublished until now The work you hold represents one of the last book length manuscripts written by Allen and includes a collection of articles by contemporary Allen scholars Though nearly eighty years since he first put pen to paper Allen's principles and convictions still speak to the Church with great gravitas What should be the response when the Church's cultural preferences are unable to keep up with the work of the Spirit on the mission field This was a not only a question in Allen's day but one for every generation of believers *Chinese Christianity* Peter Tze Ming Ng, 2012-02-03 This volume attempts to review the historical development

of Chinese Christianity from a global local or glocalization perspective It includes chapters on the Boxer Movement Chinese indigenous movements and Christian higher education and also contains seven biographical chapters The author expounds upon the interplay of universal and particular aspects as well as the global and local forces which shaped the characteristics of Chinese Christianity in the late nineteenth and early twentieth century This work focused on China could have wider implications for modern scholarship both in the fields of comparative history of education and modern Chinese church history

for those scholars who are exploring the dialogical interplay between global and local Christianities In the Shadow of the Mahatma Susan Billington Harper, 2019-06-04 This is a biography of Vedanayagam Samuel Azariah 1874 1945 bishop of the Anglican Church in India from 1912 until his death in 1945 His life sheds new light on the challenges and opportunities faced by religious minorities throughout the world today As a Christian leader in a non Christian culture he negotiated complex cultural social political and economic pressure with exceptional skill and diplomacy As the first Indian bishop of an Anglican diocese and as modern India s most successful leader of depressed class and non Brahmin conversion movements to Christianity Azariah was equally at home with the untouchables of rural India and the unreachables of the British Empire From this platform Azariah inevitably came into contact and ironically also into conflict with the dominating presence of Mahatma Gandhi Susan Billington Harper here reconstructs major events and issues of Azariah s public life including a previously unstudied controversy with Gandhi over the issue of conversion and religious freedom in the 1930s Based on hitherto untapped primary sources including diocesan records and vernacular oral histories expressed in both stories and songs this fascinating volume not only provides the first critical study of Bishop Azariah s life but also offers important at times challenging insights for those interested in modern India and the place of Christianity within it The Ministry of the Spirit Roland Allen, 2006-08-24 Roland Allen is internationally renowned for his controversial solutions to dilemmas within churches and missions His works were first written in the first decade of the twentieth century yet their ideas are so radical that they are still relevant today Indeed Allen predicted that his principles would not be broadly accepted until around fifty years after their creation This selection of works by this mission pioneer and creative thinker takes extracts from Allen s other writings which although having potential to be just as influential as those better known have long been out of print It is now the present day reader s chance to investigate the theories within texts such as *Pentecost and the World Non Professional Missionaries* *Mission Activities Considered in Relation to the Manifestation of the Spirit* *St Paul and the Judaizers* *A Dialogue* *An Illustration from V S Azariah* *The Case for Voluntary Clergy* and *To the Parishioners of Chalfont St Peter* Throughout all of these writings is Allen s central belief that the Holy Spirit is in the Church everywhere This selection of texts makes an ideal accompaniment to Allen s significant works on missionary methods and principles including *Missionary Methods* *St Paul s or Ours* *Missionary Principles* *The Spontaneous Expansion of the Church* all of which have been reprinted by The Lutterworth Press *The Encyclopedia of Christian Literature* George Thomas Kurian, James D. Smith III, 2010-04-16 The written word is one of the defining elements of Christian experience As vigorous in the 1st century as it is in the 21st Christian literature has had a significant function in history and teachers and students need to be reminded of this powerful literary legacy Covering 2 000 years *The Encyclopedia of Christian Literature* is the first encyclopedia devoted to Christian writers and books In addition to an overview of the Christian literature this two volume set also includes 40 essays on the principal genres of Christian literature and more than 400 bio bibliographical essays describing the principal writers
