Reformation And Rural Society:

The Reformation and Rural Society C. Scott Dixon, 2002-05-02 What was the effect of the Reformation movement on the parishioners of the German countryside This book examines the reform movement at the level of its implementation the rural parish Investigation of the Reformation and the sixteenth century parish reveals the strength of tradition and custom in village life and how this parish culture obstructed and frustrated the efforts of the Lutheran reformers The Reformation was not passively adopted by the rural inhabitants On the contrary the parishioners manipulated the reform movement to serve their own ends Parish documentation reveals that the system of parish rule diffused the disciplinary aims of the church and rendered the pastors impotent A look at parish beliefs suggests that the nature of parish thought worked to undermine the main tenets of the Lutheran faith and that the legacy of the Reformation was a dialogue between these two realms of experience

The Reformation World Andrew Pettegree, 2000 The most ambitious one volume survey of the Reformation yet this book is beautifully illustrated throughout The strength of this work is its breadth and originality covering the Church art Calvinism and Luther

Reformation and Early Modern Europe David M. Whitford, 2007-11-01 Continuing the tradition of historiographic studies this volume provides an update on research in Reformation and early modern Europe Written by expert scholars in the field these eighteen essays explore the fundamental points of Reformation and early modern history in religious studies European regional studies and social and cultural studies Authors review the present state of research in the field new trends key issues scholars are working with and fundamental works in their subject area including the wide range of electronic resources now available to researchers *Reformation and Early Modern Europe A Guide to Research* is a valuable resource for students and scholars of early modern Europe

Reformation and the German Territorial State William Bradford Smith, 2008 Territory and community Rebellion representation and reform Lord in our own house Reformation and revolution The limits of obedience A plague of preachers Orthodoxy and order The Christian commune Cuius regio The stool of wickedness

The Negotiated Reformation Christopher W. Close, 2009-09-30 Consultation and the urban hierarchy Imperial cities and collective politics Preachers consultation and the spread of urban reform in southern Germany The urban reformation in Donauw rth The urban reformation in Kaufbeuren Negotiation and the rural reformation in eastern Swabia Eastern Swabia and the Schmalkaldic War

The Long European Reformation Peter G. Wallace, 2019-09-28 In this established textbook Wallace provides a succinct overview of the European Reformation interweaving the influential events of the religious reformation with the transformations of political institutions socio economic structures gender relations and cultural values throughout Europe Examining the European Reformation as a long term process he reconnects the classic 16th century religious struggles with the political and religious pressures confronting late medieval Christianity and argues that the resolutions proposed by reformers such as Luther were not fully realised for most Christians until the early 18th century This new edition features a brand new chapter on the Reformation from a global

perspective updated historiography a new chronology and updated material throughout including on the interrelationship between religion and politics after 1648 The Long European Reformation provides an even handed and detailed account of this complex topic providing a clear overview that is perfect for undergraduate and postgraduate students of history and religious studies New to this Edition New chapter on the Reformation in global perspective Incorporates new perspectives and current debates on Luther and the place of the Reformation within Western history including consideration of how people lived with their religious differences Expanded conclusion with references to the 500th anniversary and religious continuities

Early Modern European Society Henry Kamen, 2005-07-28 Drawing together common features of society from a range of different contexts throughout Europe from Italy and Spain to Poland and Russia Early Modern European Society surveys the sweeping changes affecting Europe from the end of the fifteenth century to the early decades of the eighteenth century Henry Kamen includes discussion on European identities frontiers and language leisure work and migration religion ritual and witchcraft the aristocracy the bourgeoisie and the poor gender roles social discipline and absolutism

The Negotiated Reformation, *The German People and the Reformation* R. Po-chia Hsia, 1988 In the past scholars tended to treat the Reformation as a chapter in the history of ideas emphasizing the thought of the major reformers and the changes in Christian doctrine Today however more and more historians are asking how the revolution in theology affected the lives of ordinary men and women Aware that religious faith is part of the larger cultural and material universe of early modern Europeans these scholars have exploited hitherto neglected sources in an attempt to reconstruct the people's Reformation The twelve essays commissioned for this collection represent the broad spectrum of recent scholarship in the social history of the German Reformation Historians from various countries offer a panorama of different methodological approaches and thematic concerns Some of the essays represent original research others address current historiographical debates still others offer concise syntheses of recently published monographs including seminal works in German The essays are centered around four themes cities and the Reformation the transmitting of the Reformation in print ritual and song women and the family and lastly the impact of the Reformation on education and other aspects of lay culture
