Refounding The Church Dissent For Leadership:

Refounding the Church Gerald A. Arbuckle, 1993 **Refounding the Church** Gerald A. Arbuckle, 1993 Preaching to Second Generation Korean Americans Matthew D. Kim, 2007 This in depth study on preaching to second generation Korean Americans the first of its kind is based on empirical and ethnographic fieldwork Matthew D Kim conducted surveys and semi structured qualitative interviews with Korean American pastors and second generation young adult respondents in three geographic regions of the United States the Midwest the West Coast and the East Coast His primary conceptual framework employs social psychologists Hazel Markus and Paula Nurius theory of possible selves to facilitate the process of congregational exegesis in the second generation Korean American church context This book offers a new contextual homiletic model that enables Korean American preachers to engage in deeper levels of ethnic and cultural analysis in their sermon preparation Simultaneously the author reconstructs conventional preaching roles of Korean American preachers and second generation listeners so that they may co creatively imagine new possible selves that radically advance Christian mission and practice in the world This book will serve as a primary or secondary source for upper level undergraduate graduate and postgraduate courses on preaching communication studies ethnic and racial studies cross cultural ministry or social psychology *Three Seasons of Charismatic Leadership* Tamas Czovek, 2008-04-01 This research is an investigation into the charismatic leadership of Saul David and Solomon Regarding methodology the study is a synchronic reading and is keen to demonstrate the theology explicit or implicit in the text This study assumes that charismatic leaders emerge in crisis situations and in order to resolve the crisis by the charisma granted by God In regard to Saul the book argues that Saul proved himself a charismatic leader as long as acting resolutely and independently from Samuel his mentor He failed however because in Samuel s shadow he could not establish himself as a charismatic leader David was successful because of his autonomy and resolution Also he was a successful charismatic leader as long as he remained independent King David however was gradually sidelined by Joab Another major theme of the David narrative is the clash between the concepts of charismatic military leadership and that of oriental kingship David s military leadership and the charisma related to it are constantly challenged by the concept of oriental kingship Although at his emergence he had lacked charisma Solomon wisely chose the leadership skills needed to lead Israel Attention is however drawn to the tensions between Solomon s leadership benefiting Israel and the royal pretension manifest in royal projects The relationship of the new charismatic leader with the old leader is scrutinized how the new leader is appointed how he emerges how the old persists in short the transition and succession in leadership An evaluation of the activity of the charismatic follows could he resolve the crisis from which he emerged and for which he was granted God s spirit To what extent were these leaders charismatic **Loneliness** Arbuckle, Gerald, A., 2018-10-18 *Accountability and Leadership in the Catholic Church* Brian Dive, 2020-01-06 The Catholic church is many things a sign and instrument of Christ a gathering of flawed human beings a mystery It is in some ways unlike any

other organization in the world yet it is nevertheless an organization as St John Henry Newman observed it has developed according to the laws under which combinations of men develop Over the past century a body of knowledge has emerged concerning how to create healthy effective organizations This volume innovatively applies this knowledge to the church identifying ways in which its organizational life needs to improve One fundamental problem considered here is that there is a gap in leadership above the bishops about 6 000 people report to the pope which is unworkable with the result that the curia which is largely unaccountable illegitimately moves into that gap and tries to run the church The book proposes a new role for cardinals to remedy this and outlines a new structure for the curia reorienting it towards its proper functions Things can and should change if the church is to show the world the light within it
