Interdisciplinary Handbook of the Person-Centered Approach Jeffrey H. D. Cornelius-White, Renate Motschnig-Pitrik, Michael Lux, 2013-06-04 This book examines the scientific contribution and increasing relevance of the Person Centered Approach PCA in psychotherapy The direction taken in the book is to provide readers with a multidisciplinary and multi perspective view as well as practical applications Beyond the more conventional psychotherapy applications client centered experimental emotion focused child centered motivational interviewing existential filial etc others have evolved including peace and conflict resolution work encounter and T groups nonviolent communication parent effectiveness training person centered planning for people with disabilities relationship enhancement methods learner centered education technology enhanced learning environments human relations leadership training etc Simultaneously scientific disciplines were influenced by this perspective in less obvious ways Hence the major contribution of this book is to identify and characterize the key bridges so far only partly recognized between the PCA and several other disciplines Based on the results of the bridge building endeavor the editors will propose an initial formulation of the PCA as a meta theory It is intended as a generic framework to solve complex social problems and to stimulate further research and development concerning the human species in relationship to its environment **Person-Centred Therapy** Brian Thorne, Elke

Lambers, 1998 Contributors from all over Europe cover a wide range of person centred issues and provide an insight into a professional network whose contribution to the field is both substantial and significant **Carl Rogers** Brian Thorne, Pete Sanders, 2012-11-13 As founder of the person centred approach Carl Rogers 1902 1987 is arguably the most influential psychologist and psychotherapist of the 20th century This book provides unique insights into his life and a clear explanation of his major theoretical ideas This Third Edition is co authored by Brian Thorne and Pete Sanders leading person centred practitioners and bestselling authors Pete Sanders contributes a new chapter on The Ongoing Influence of Carl Rogers covering topics such as research the emerging tribes in person centred tradition and its interaction with the medical profession Brian Thorne draws on his experience of having known and worked with Rogers to beautifully describe the way in

which Rogers worked with clients and from that to draw out the practical implications of what is in effect a functional philosophy of human growth and relationships In the twenty years since the first edition of Carl Rogers appeared the book has continued to provide an accessible introduction for all practitioners and students of the person centred approach *The Open Knowledge Society* Miltiadis D. Lytras, John M. Carroll, Ernesto Damiani, Robert D. Tennyson, David Avison, Gottfried Vossen, Patricia Ordóñez de Pablos, 2008-09-24 It is a great pleasure to share with you the Springer CCIS proceedings of the First World Summit on the Knowledge Society WSKS 2008 that was organized by the Open Research Society NGO <http://www.openknowledge.society.org> and hosted by the American College of Greece <http://www.acg.gr> during September 24-27 2008 in Athens Greece The World Summit on the Knowledge Society Series is an international attempt to promote a dialogue on the main aspects of a knowledge society toward a better world for all based on knowledge and learning The WSKS Series brings together academics people from industry policy makers politicians government officers and active citizens to look at the impact of information technology and the knowledge based era it is creating on key facets of today's world the state business society and culture Six general pillars provide the constitutional elements of the WSKS series Social and Humanistic Computing for the Knowledge Society Emerging Technologies and Systems for the Society and Humanity Knowledge Learning Education Learning Technologies and E-learning for the Knowledge Society Information Technologies Knowledge Management Systems E-business and Enterprise Information Systems for the Knowledge Society Culture and Cultural Heritage Technology for Culture Management Management of Tourism and Entertainment Tourism Networks in the Knowledge Society Government and Democracy for the Knowledge Society Research and Sustainable Development in the Knowledge Society The summit provides a distinct unique forum for cross disciplinary fertilization of research favoring the dissemination of research that is relevant to international research [Being Gay in Ireland](#) Gerard Rodgers, 2018-06-20 In *Being Gay in Ireland: Resisting Stigma in the Evolving Present* Gerard Rodgers argues that existing theory and research on the lives of gay men often exhibits a social weightlessness such that self-beliefs are frequently decoupled from an analysis of society History and conventions inform and shape gay men's self-beliefs yet psychology as a discipline rarely dialogues with historical or political scholarship Rodgers corrects this oversight with a critical analysis of the decades of socio-political struggle in Ireland and elsewhere Rodgers captures the lives of gay men who are situated in varied contexts and who all despite their different situations possess self-beliefs that are shaped by wider historical traditions and evolving social change Rodgers argues that the nuances and particulars of self-beliefs are significantly affected by wider historical traditions and evolving social and political changes Through his reconstruction Rodgers provides practitioners of applied psychological and therapeutic disciplines with an in-depth picture of how historical context and social justice successes have interacted with gay men's self-beliefs with a particular focus on how prosocial resistances against prejudice have incrementally eroded historical standards of gay stigma
