The Spanish story of the Armada. On the Danish ballads, I-II. Iceland and the humanities. The early historians of Norway. Gudmund Arason William Paton Ker, 1925 Historic Tales, The Romance of Reality: American, Spanish American, English, German, French, Spanish, Russian, Scandinavian, Greek, Roman, Japanese and Chinese, King Arthur (Complete) Charles Morris, The year 1000 A D was one of strange history Its advent threw the people of Europe into a state of mortal terror Ten centuries had passed since the birth of Christ The world was about to come to an end Such was the general belief How it was to reach its end whether by fire water or some other agent of ruin the prophets of disaster did not say nor did people trouble themselves to learn Destruction was coming upon them that was enough to know how to provide against it was the one thing to be considered Some hastened to the churches others to the taverns Here prayers went up there wine went down The petitions of the pious were matched by the ribaldry of the profligate Some made their wills others wasted their wealth in revelry eager to get all the pleasure out of life that remained for them Many freely gave away their property hoping by ridding themselves of the goods of this earth to establish a claim to the goods of Heaven with little regard to the fate of those whom they loaded with their discarded wealth It was an era of ignorance and superstition Christendom went insane over an idea When the year ended and the world rolled on none the worse for conflagration or deluge green with the spring leafage and ripe with the works of man dismay gave way to hope mirth took the place of prayer man regained their flown wits and those who had so recklessly given away their wealth bethought themselves of taking legal measures for its recovery Such was one of the events that made that year memorable There was another of a highly different character Instead of a world being lost a world was found The Old World not only remained unharmed but a New World was added to it a world beyond the seas for this was the year in which the foot of the European was first set upon the shores of the trans Atlantic continent It is the story of this first discovery of America that we have now to tell In the autumn of the year 1000 in a region far away from fear haunted Europe a scene was being enacted of a very different character from that just described Over the waters of unknown seas a small strange craft boldly made its way manned by a crew of the hardiest and most vigorous men driven by a single square sail whose coarse woollen texture bellied deeply before the fierce ocean winds which seemed at times as if they would drive that deckless vessel bodily beneath the waves This crew was of men to whom fear was almost unknown the stalwart Vikings of the North whose oar and sail driven barks now set out from the coasts of Norway and Denmark to ravage

the shores of southern Europe now turned their prows boldly to the west in search of unknown lands afar Shall we describe this craft It was a tiny one in which to venture upon an untravelled ocean in search of an unknown continent a vessel shaped somewhat like a strung bow scarcely fifty feet in length low amidships and curving upwards to high peaks at stem and stern both of which converged to sharp edges It resembled an enormous canoe rather than aught else to which we can compare it On the stem was a carved and gilt dragon the figurehead of the ship which glittered in the bright rays of the sun Along the bulwarks of the ship fore and aft hung rows of large painted wooden shields which gave an Argus eyed aspect to the craft Between them was a double row of thole pins for the great oars which now lay at rest in the bottom of the boat but by which in calm weather this walker of the seas could be forced swiftly through the yielding element *Robin Hood (Spanish Version)* Anonimo Anonimo,2015-08-02 Robin Hood fue un arquet pico h roe y forajido del folclore ingl s medieval Inspirado por Ghino di Tacco seg n la leyenda Robin Hood era un hombre llamado Robin Longstride o Robin de Locksley quien era de gran coraz n y viv a fuera de la ley escondido en el Bosque de Sherwood y de Barnsdale cerca de la ciudad de Nottingham El mejor arquero defensor de los pobres y oprimidos luchaba contra el sheriff de Nottingham y el pr ncipe Juan sin Tierra que utilizaban la fuerza p blica para acaparar ileg timamente las riquezas de los nobles que se les opon an En la Inglaterra medieval todo individuo que se opon a a los edictos reales era forajido *History of Spanish Literature* George Ticknor,1891

Spanish Screen Fiction Paul Julian Smith,2009-01-01 This pioneering volume argues that cinema and television in Spain only make sense when considered together as twin vehicles for the screen fiction that has come to dominate the twenty first century Offering comparative readings of films such as Pedro Almod var s classic *Women on the Verge of a Nervous Breakdown* with his production company s first foray into television production a 2006 series called *Women alongside prize winning workplace dramas* watched by thousands on Spanish television Alejandro Amen bar s *The Sea Inside* and the attempts to establish the dominant Latin American genre of the telenovela in the very different context of Spanish television
