St. James Geoffrey K. Fleming, 2006 St James sits among a variety of old and intensely interesting communities that dot the north shore of Long Island many of which date to the mid 1600s After being named in the mid 1800s it quickly became one of the hot spots that stars of the American vaudeville stage made their own Built beside the homes of farmers and millers were hotels a casino and the mansions of the rich and famous giving the community a fascination all its own a fascination that is clearly captured in the pages of St James Peconic Bay Marilyn E. Weigold, 2015-04-03 Bordered on the south by the Atlantic Ocean and on the north by Long Island Sound the Peconic Bay region including the North and South Forks has only recently been recognized for its environmental and economic significance. The story of the waterway and its contiguous land masses is one of farmers and fishermen sailing vessels and submarines wealthy elite residents and award winning vineyards Peconic Bay examines the past 400 years of the region s history tracing the growth of the fishing industry the rise of tourism and the impact of a military presence in the wake of September 11 Weigold introduces readers to the people of Peconic Bay's colorful history from Albert Einstein and Captain Kidd to Clara Barton and Kofi Annan as well as to the residents who have struggled and continue to struggle over the well being of their community and their estuarine connection to the planet Throughout Weigold brings to life the region s rich sense of place and shines a light on its unique role in our The Encyclopedia of New York State Peter Eisenstadt, 2005-05-19 The Encyclopedia of New York nation s history State is one of the most complete works on the Empire State to be published in a half century In nearly 2 000 pages and 4 000 signed entries this single volume captures the impressive complexity of New York State as a historic crossroads of people and ideas as a cradle of abolitionism and feminism and as an apex of modern urban suburban and rural life The Encyclopedia is packed with fascinating details from fields ranging from sociology and geography to history Did you know that Manhattan's Lower East Side was once the most populated neighborhood in the world but Hamilton County in the Adirondacks is the least densely populated county east of the Mississippi New York is the only state to border both the Great Lakes and the Atlantic Ocean the Erie Canal opened New York City to rich farmland upstate and to the west Entries by experts chronicle New York's varied areas politics and persuasions with a cornucopia of subjects from environmentalism to higher education to railroads weaving the state s diverse regions and peoples into one idea of New York State Lavishly illustrated with 500 photographs and figures 120 maps and 140 tables the Encyclopedia is key to understanding the state s past present and future It is a crucial reference for students teachers historians and business people for New Yorkers of all persuasions and for anyone interested in finding out more about New York State Long Island Forum ,2001 101 luoghi proibiti nel mondo dove non è permesso entrare Gianluca Barbera, 2025-01-31 I posti pi inaccessibili segreti e pericolosi del pianeta Dall Area 51 a Fort Knox dagli archivi del Vaticano al caveau della Coca Cola Un viaggio attraverso siti enigmatici e proibiti bunker segreti e isole inaccessibili basi militari top secret e citt fantasma Ogni capitolo racconta la

He suggests that this dichotomy remains with us to this day and thus it is in early America that we find the origins of the modern day identity of the bachelor as a symbol of masculine independence McCurdy also observes that by extending citizenship to bachelors the founders affirmed their commitment to individual freedom a commitment that has subsequently come to define the very essence of American citizenship
