*Little Friends* Stephanie Donald,2005-04-07 Contributing to the growing debates on children and media worldwide Little Friends explores the pervasive presence of film culture in the lives of children in China The book also introduces the work of the little known Children s Film Studio and the Film Course a reform period attempt by Chinese filmmakers and policy leaders to control the media to which schoolchildren were exposed Stephanie Donald uses expansive firsthand interviews children s drawings and film history to tell a compelling cinematic story before it is forgotten in the onrush of globalized culture She is especially careful to bring in the interests and experiences of children themselves The book follows the trajectory of contemporary media analysis in privileging the use as well as the content of media The author s turn to the end user enriches her discussion of media literacy cultural competencies and perhaps especially in the Chinese case consideration of the desired uses of media in relation to state priorities and social expectations This is a trend that belongs to an era of digital experimentation and commercial development in interactive television streamed news and entertainment and the multiple unintended uses of Internet and mobile technologies Notwithstanding the contemporary context Donald s arguments consider a range of media deployment that although not especially new in

technological terms offer new insights into a formalized Chinese media system for children Scholars and students of Asian and children s film and education will find this unique work a fascinating window into Chinese culture and society and a provocative exploration of media culture      *Big Ideas for Little Kids* Thomas E. Wartenberg,2014-05-01 *Big Ideas for Little Kids* includes everything a teacher a parent or a college student needs to teach philosophy to elementary school children from picture books Written in a clear and accessible style the book explains why it is important to allow young children access to philosophy during primary school education Wartenberg also gives advice on how to construct a learner centered classroom in which children discuss philosophical issues with one another as they respond to open ended questions by saying whether they agree or disagree with what others have said      Education Outlook ,1892      Popular Educator ,1912
