Along the way, the SDF 1's Captain Henry Gloval was killed under mysterious circumstances, and Lisa Hayes took over his position. Rick appears to have gone blind but has somehow developed a different kind of vision, possibly connected to the Protoculture that powers Robotechnology. He is now concerned that Minmei has also been affected, and she has indeed begun to display strange abilities. Rick believes that his brother Roy is dead, unaware that Roy is being held prisoner by Dr. Lazlo Zand. Roy came across Gloval in a cloning chamber. Robotech #2.2 Brenden Fletcher, 2019-11-13 The struggle between humans and alien invaders attacking the Earth had drawn to a close, but the threat to mankind was far from over. With the fate of the universe on the line, a Robotech spacecraft was sent back in time, gifting the people of Earth's past an advanced alien technology that could alter their fortune, if not the timestream. Hidden in that vessel in a decade-long hypersleep was a passenger from the future: warrior hero and first child born to the union of human and alien, Dana Sterling. She awakened too late to prevent the first Robotech war from erupting, but just in time to become a wedge between the two people who would in her universe become her parents. Dana's arrival created a splinter timeline where she was never born, where everything feels like her past, but nothing is quite right. She clearly doesn't belong, but has no way to return to her reality, if it even exists anymore. But now an opportunity has arisen in the shape of two mysterious spaceships able to travel the multiple realities of the Protoverse. Could this be Dana's path home? The pilot of one vessel appeared to recognise her, while the other, now crashlanded and laying injured and unconscious in the wasteland outside New Macross City, has targeted Dana for elimination.
