**A Rock and a Hard Place** Peter David, 2000-09-22 Under the best circumstances terraforming is a tough dangerous task that pits the hardest of pioneers against an unforgiving environment When the terraformers on the planet Paradise fall behind schedule commander Riker is given temporary leave from the U S S Enterprise and sent to assist Riker s replacement on the Starship Enterprise is a volatile officer named Stone whose behavior soon raises questions about his ability and his judgment Meanwhile Commander Riker has become enmeshed in a life and struggle with Paradise s brutal landscape However he soon learns that not all of the planet s dangers are natural in origin as he comes face to face with Paradise s greatest danger and most hideous secret *A Rock and a Hard Place* George Zelt, PhD, 2019-09-17 Deadly Snakes Heatstroke Scorpions These are just a few of the obstacles that George Zelt encounters as a graduate student in apartheid era South Africa In *A Rock and a Hard Place* readers will follow George as he explores this contradictory beautiful country during a time of growth and oppression With tales of finding refuge in a desert sandstorm being stalked by a leopard and narrowly escaping a herd of rampaging Cape buffalo George s story will leave readers breathless their hearts racing with the imagined grit of sand in their teeth Nature is not the only obstacle George encounters When he makes a discovery that may disprove an established geologic theory his graduate advisor and developer of said theory does everything in his power to prevent George from going public George has to fight not only against nature but also the politics of university life all while navigating the complexities of South African culture Who would have thought studying rocks could be so thrilling

**Between a Rock and a Hard Place** Oiva W. Saarinen, 2006-01-01 Where else can that well known phrase be better applied than to a study of the Finns in Sudbury Rock defines the physical reality of the Sudbury setting rugged hills mines farms and forests set in the Precambrian Shield Hard defines the human setting Finnish immigrants having to contend with the problems and stresses of relocating to a new culture with livelihoods that required great endurance as well as a tolerance for hazardous conditions Since 1883 Finnish immigrants in Sudbury men and women alike have striven to improve their lot through the options available to them Despite great obstacles the Finns never flagged in their unwavering fight for workers rights and the union movement And as agricultural settlers labour reformers builders of churches halls saunas and athletic fields Finns left an indelible imprint on the physical and human landscape In the process they have played an integral part in the transformation of Sudbury from a small struggling rail town to its present role as regional capital of northwestern Ontario This penetrating study of the cultural geography of the Finns in the Sudbury region provides an international national and local framework for analysis a model for future studies of other cultural groups (2) *Between a Rock and a Hard Place* Ian D. Rotherham, Christine Handley (eds.), 2012 Organised by The Landscape Conservation Forum the *Between a Rock and a Hard Place* seminar was aimed at all those involved in the conservation of rural sites and landscapes It considered the impacts both individual and cumulative of mineral extraction on our landscapes The debate addressed why we

are so concerned about these impacts and what steps are being and could or should be taken to conserve our natural and historic environments The seminar considered the impacts of mineral extraction on our natural and historic environments how they have and are being assessed and how those impacts can be mitigated      A Rock and a Hard Place Anne Sutcliffe,2006 This gripping novel draws the reader into the chaotic exasperating and at times humorous world of Lucy a mother of three the oldest of whom has severe autism Nine year old Hollie s erratic and often destructive behavior is putting a strain on Lucy s marriage and beginning to negatively affect her younger children In trying to secure the best possible educational situation for her daughter Lucy must choose between sending her daughter away to a boarding school where she has the best chance to learn and keeping her at home with her family but where she will make very little progress While faced with this decision that places Lucy between the proverbial rock and a hard place she meets Joel a man who has offered to help her secure the money she needs to hire specialists for Hollie s due process hearing Lucy is now not only forced to make the most difficult decision of her daughter s young life but the most difficult decision of her own life as well She must choose between an affair with a man who makes her feel alive and her faltering marriage and family      *Between a Rock and a Hard Place* Tony Evans,2010-10-01 You know the story God told Abraham he would become a great nation Then he told him to sacrifice his own and only son Isaac Abraham obeyed God and was about to kill Isaac when God intervened This is a classic between a rock and a hard place situation So how was Abraham able to obey in the face of losing it all Or to bring it closer to home what would you have done In this powerful book Tony Evans reveals what to do when your love for God is tested According to Evans When you don t know God or when you either forget or dismiss what is true about Him then you don t know how to respond Moving through passages in both the Old and New Testaments Evans makes a powerful case for obedient living as the key to an abundant life      *Summary of Aron Ralston's Between a Rock and a Hard Place* Everest Media,2022-04-23T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I was mountain biking by myself in the far southeastern corner of Emery County in central eastern Utah on April 26 2003 I had twenty five pounds of supplies and equipment on my bike ride which was difficult to move forward due to the wind 2 Lightweight travel is a pleasure to me and I ve figured out how to do more with less so I can go farther in a given amount of time I biked the twelve mile loop of the Slick Rock Trail over east of Moab yesterday carrying only six pounds of water and camera equipment 3 I am planning on riding the White Rim Trail in Canyonlands National Park a 108 mile route that takes about twenty four hours to complete I am hoping to carry fifteen pounds and complete the loop in under twenty four hours 4 I had the impression that I was watching the ongoing birth of a landscape as if I were standing on the rim of an exploding caldera The vista made me realize how scarce and delicate life is how insignificant we are compared to the forces of nature and the dimensions of space      *BattleTech: A Rock and a Hard Place* William H. **Between a Rock and a Hard Place** Aron Ralston,2004-09-15 One of the most extraordinary survival stories ever told Aron Ralston s searing account of his six days trapped in one of the most remote spots in America and how one inspired act of bravery brought him home It started out as a simple hike in the Utah canyonlands on a warm Saturday afternoon For Aron Ralston a twenty seven year old mountaineer and outdoorsman a walk into the remote Blue John Canyon was a chance to get a break from a winter of solo climbing Colorado s highest and toughest peaks He d earned this weekend vacation and though he met two charming women along the way by early afternoon he finally found himself in his element alone with just the beauty of the natural world all around him It was 2 41 P M Eight miles from his truck in a deep and narrow slot canyon Aron was climbing down off a wedged boulder when the rock suddenly and terrifyingly came loose Before he could get out of the way the falling stone pinned his right hand and wrist against the canyon wall And so began six days of hell for Aron Ralston With scant water and little food no jacket for the painfully cold nights and the terrible knowledge that he d told no one where he was headed he found himself facing a lingering death trapped by an 800 pound boulder 100 feet down in the bottom of a canyon As he eliminated his escape options one by one through the days Aron faced the full horror of his predicament By the time any possible search and rescue effort would begin he d most probably have died of dehydration if a flash flood didn t drown him before that What does one do in the face of almost certain death Using the video camera from his pack Aron began recording his grateful good byes to his family and friends all over the country thinking back over a life filled with adventure and documenting a last will and testament with the hope that someone would find it For their part his family and friends had instigated a major search for Aron the amazing details of which are also documented here for the first time The knowledge of their love kept Aron Ralston alive until a divine inspiration on Thursday morning solved the riddle of the boulder Aron then committed the most extreme act imaginable to save himself Between a Rock and a Hard Place a brilliantly written funny honest inspiring and downright astonishing report from the line where death meets life will surely take its place in the annals

of classic adventure stories      *Between a Rock and a Hard Place* Elaine Graham, 2013-07-31 Public theology is an increasingly important area of theological discourse with strong global networks of institutions and academics involved in it Elaine Graham is one of the UK's leading theologians and an established SCM author In this book Elaine Graham argues that Western society is entering an unprecedented political and cultural era in which many of the assumptions of classic sociological theory and of mainstream public theology are being overturned Whilst many of the features of the trajectory of religious decline typical of Western modernity are still apparent there are compelling and vibrant signs of religious revival not least in public life and politics local national and global This requires a revision of the classic secularization thesis as well as much Western liberal political theory which set out separate or at least demarcated terms of engagement between religion and the public domain Elaine Graham examines claims that Western societies are moving from secular to post secular conditions and traces the contours of the post secular the revival of faith based engagement in public sphere alongside the continuing perhaps intensifying questioning of the legitimacy of religion in public life She argues that public theology must rethink its theological and strategic priorities in order to be convincing in this new post secular world and makes the case for the renewed prospects for public theology as a form of Christian apologetics drawing from Biblical classical and contemporary sources

*Between a Rock and a Hard Place* Dr. Herldleen Russell,2015-10-29 During a particular period in my life I felt as if I was between the proverbial rock and hard place It was as when the children of Israel in the book of Exodus on their journey to the Promised Land came to a place where Pharaohs army was behind and the Red Seas was in front I could not go forward and had no plans to go backward and the Red Sea would not open up to go forward The frustration of being in that place was terrible and I was at my wits end Just as an airplane arriving at its destination and preparing to land is told that it will not be able to do so because of some unforeseen circumstances is placed in a holding pattern so was I Come journey with me and see and learn what the Lord taught me Life happens to our best laid plans but God orders our steps even when we seemingly are not moving I was not between a rock
