School Library Journal, 2001 **When Kids Can't Read, what Teachers Can Do** G. Kylene Beers, 2003 For Kylene Beers the question of what to do when kids can't read surfaced in 1979 when she met and began teaching a boy named George. When George's parents asked her to explain why he couldn't read and how she could help, Beers, a secondary certified English teacher with no background in reading, realized she had little to offer. That moment sent her on a twenty-three year search for answers to the question: How do we help middle and high schoolers who can't read? Now she shares what she has learned and shows teachers how to help struggling readers with comprehension, vocabulary, fluency, word recognition and motivation. Filled with student transcripts, detailed strategies, reproducible material and extensive booklists, Beers' guide to teaching reading both instructs and inspires. The Way That We Climbed Paddy O'Leary, 2015-03-20 Hillwalking is one of Ireland's most popular leisure activities today. Rock climbing has developed to a level of technical excellence with crags in almost every county and numerous indoor climbing walls. Irish mountaineers have completed winter ascents in the Alps, scaled the highest Himalayan peaks and other previously unclimbed giants and explored hitherto unknown valleys. Paddy O'Leary recounts the history of hillwalking and mountaineering in Ireland from the early activists, some of whom were involved in gunrunning, others died at Gallipoli, until the turn of the millennium when mountaineering in Ireland was no longer the preserve of the middle class. This history recounts the adventures, dangers, successes and failures which make this multifaceted activity such a fascinating one and mirrors the spirit of all who love these places. Everest the Hard Way Chris Bonington, 2025-09-24 50th Anniversary Edition Everest the highest peak in the world the ultimate challenge to a mountaineer s skill and endurance It had been climbed before but never like this Chris Bonington and his team had ambitions to climb it the hard way Yet before Bonington and his team set out in August 1975 even their well wishers gave them only a fifty fifty chance of success The South West Face of Everest had already defeated five expeditions including one led by Bonington himself Everest the Hard Way is an exhilarating story of courage endurance and teamwork Bonington s narrative celebrates the big moments and recreates the excitement and danger of the climb with vivid immediacy He shares the logistical problems involved in keeping a large expedition moving and the very real psychological ones of balancing and pairing lead climbers and giving each a chance to make the route on the face He describes the constant avalanche threat which made the Western Cwm more dangerous than the ever treacherous Ice Fall and explains how lowering the sites of camps 4 and 5 solved a supply problem and kept the upward momentum for the attack on the notorious thousand foot tall Rock Band at 27 000 feet which had barred the way to the summit for all previous attempts Drawing upon his experiences and the first hand accounts and diaries of his fellow climbers Bonington gives us the first time jitters and unexpected emergencies the pressures of balancing egos and skills the meticulous planning and the undiluted joy of mastering a seemingly impossible climb which would see Britons stand on the summit of the world for the first time It is an immensely absorbing narrative stunningly augmented with photographs and maps with eleven appendices on everything from communications and equipment to food and medicine How Bonington s team climbed on Everest in 1975 bears no relation to how Everest is climbed fifty years on with endless resources and helicopter support It was much riskier in 1975 Weather forecasts were threadbare and although equipment was improving it was much more basic than today so the risk of frostbite was much greater for mountaineers in the 1970s These climbers the best of their generation were leading hard new ground in the only style which gave them a meaningful chance of success Chris Bonington s Everest the Hard Way is a beautiful fascinating and tragic story of their legendary achievement 1988
