Rock and Roll Will Stand Greil Marcus, 1969 **Rock and Roll, Social Protest, and Authenticity** Kurt

Torell, 2022-03-17 This book explores the relationships between rock and roll social protest and authenticity to consider how rock and roll could function as social protest music The author begins by discussing the nature and origins of rock and roll and the nature of social protest and social protest music within the wider context of the evolution of the commercial music industry and the social and technological infrastructure developed for the mass dissemination of popular music This discussion is followed by an examination of the causes of the public disapproval originally expressed toward rock and roll and how they illuminate its social protest and subversive quality By further investigating the nature of authenticity and its relationship to social protest and to commercialization the author considers how social protest and commercialization are antithetical This conclusion if correct has broad implications for human culture in advanced industrial society *Rocking in the Free World* Nicholas Tochka, 2023 *Rocking in the Free World* explains how Americans came to believe they had learned the truth about rock n roll a truth shaped by the Cold War anxieties of the Fifties the countercultural revolutions and counter revolutions of the Sixties and Seventies and the end of history triumphalism of the Eighties *The Bloomsbury Handbook of Rock Music Research* Allan Moore, Paul Carr, 2020-07-09 *The Bloomsbury Handbook of Rock Music Research* is the first comprehensive academic survey of the field of rock music as it stands today More than 50 years into its life and we still ask what is rock music why is it studied and how does it work both as music and as cultural activity This volume draws together 37 of the leading academics working on rock to provide answers to these questions and many more The text is divided into four major sections practice of rock analysis performance and recording theories business of rock and social and culture issues Each chapter combines two approaches providing a summary of current knowledge of the area concerned as well as the consequences of that research and suggesting profitable subsequent directions to take This text investigates and presents the field at a level of depth worthy of something which has had such a pervasive influence on the lives of millions

Power Misses David E. James, 1996-12-17 David James insists that popular resistance to domination by the culture industry must intervene at the point of production rather than consumption In its most resolute instances from the poetry of William Blake to the British Miners Campaign Tape Project alternative culture has fused with radical politics Authoritatively mapping the terrain of cultural resistance under capitalism James examines the material contradictions and the utopian potentials articulated in John Berger's fiction Dada rock music the films of Andy Warhol and Jonas Mekas and the poetry of punk Between Montmartre and the Mudd Club Bernard Gendron, 2023-08-31 During the late nineteenth and early twentieth century popular music was considered nothing but vulgar entertainment Today jazz and rock music are seen as forms of art and their practitioners are regularly accorded a status on par with the cultural and political elite To take just one recent example Bono lead singer and lyricist of the rock band U2 got equal and sometimes higher billing than Pope John Paul

II on their shared efforts in the Jubilee 2000 debt relief project When and how did popular music earn so much cultural capital To find out Bernard Gendron investigates five key historical moments when popular music and avant garde art transgressed the rigid boundaries separating high and low culture to form friendly alliances He begins at the end of the nineteenth century in Paris s Montmartre district where cabarets showcased popular music alongside poetry readings in spaces decorated with modernist art works Two decades later Parisian poets and musicians slumming in jazz clubs assimilated jazz s aesthetics in their performances and compositions In the bebop revolution in mid 1940s America jazz returned the compliment by absorbing modernist devices and postures in effect transforming itself into an avant garde art form Mid 1960s rock music under the leadership of the Beatles went from being reviled as vulgar music to being acclaimed as a cutting edge art form Finally Gendron takes us to the Mudd Club in the late 1970s where New York punk and new wave rockers were setting the aesthetic agenda for a new generation of artists Between Montmartre and the Mudd Club should be on the shelves of anyone interested in the intersections between high and low culture art and music or history and aesthetics

San Francisco and the Long 60s Sarah Hill, 2016-01-14 San Francisco and the Long 60s tells the fascinating story of the legacy of popular music in San Francisco between the years 1965 69 It is also a chronicle of the impact this brief cultural flowering has continued to have in the city and more widely in American culture right up to the present day The aim of San Francisco and the Long 60s is to question the standard historical narrative of the time situating the local popular music of the 1960s in the city s contemporary artistic and literary cultures at once visionary and hallucinatory experimental and traditional singular and universal These qualities defined the aesthetic experience of the local culture in the 1960s and continue to inform the cultural and social life of the Bay Area even fifty years later The brief period 1965 69 marks the emergence of the psychedelic counterculture in the Haight Ashbury neighbourhood the development of a local musical sound into a mainstream international style the mythologizing of the Haight Ashbury as the destination for seekers in the Summer of Love and the ultimate dispersal of the original hippie community to outlying counties in the greater Bay Area and beyond San Francisco and the Long 60s charts this period with the references to received historical accounts of the time the musical visual and literary communications from the counterculture and retrospective glances from members of the 1960s Haight community via extensive first hand interviews For more information read Sarah Hill s blog posts here <http://blogs.cardiff.ac.uk/musicresearch/2014/05/15/san-francisco-and-the-long-60s/> <http://blogs.cardiff.ac.uk/musicresearch/2014/08/22/city-scale/> <http://blogs.cardiff.ac.uk/musicresearch/2015/07/21/fare-thee-well/>
