Rockefeller "Internationalist" Emanuel M. Josephson, 2018-12-01 In *Rockefeller Internationalist The Man Who Misrules the World* which was first published in 1952 author Emanuel M Josephson purports to expose the global conspiracy between the Rockefeller family and the Axis powers Alleging that the Rockefeller Institute of Pacific Relations controlled the spy ring responsible for the attack on Pearl Harbor the author goes to great lengths to describe the links between the Rockefellers and companies such as IG Farben which supported Hitler's concentration camps as well as links between the Rockefeller family and Stalin in an effort to establish a global society An interesting and important historical document **Rockefeller** Emanuel Mann Josephson, Fred H. Johnson, 1962 **Review of Rockefeller, "internationalist,"** Emanuel Mann Josephson, 1952 **The World Government** Nicholas Hagger, 2010-11-26 The dream of world government is becoming a reality A Universalist blueprint for a philanthropic democratic supranational World State **The Fall of the West** Nicholas Hagger, 2022-11-25 In *The Syndicate* 2004 Nicholas Hagger described how in the 20th century a Syndicate of litist mega rich families levelled down the leading Western countries by promoting revolutions wars and independence movements against their empires and planned a New World Order and world government that would control the earth's resources for their own benefit In *The Secret History of the West* 2005 he traced the Syndicate's roots back to secret Freemasonic organisations and revolutions that undermined the West from the Renaissance to the early 20th century In *The Fall of the West* 2022 the third book in his trilogy on the West Hagger updates the story to include the pandemic and describes how Syndicate driven 21st century events from the War on Terror to Covid have brought the Western financial system to the brink of collapse and shifted power from the West to the East and China In this first impartial attempt to assemble all the evidence to date for the origin of Covid like fitting together available pieces of a jigsaw to reveal the main picture Hagger the first to discover the Cultural Revolution in China in March 1966 finds that the three main features of Covid 19 were man made by American NIAID funded medics in 2002 and patented 73 times since 2008 and seem to have been surreptitiously used as a bio weapon in a Syndicate plan to limit the rise of China and its expanding trade A dangerous new Biological Age has been born and the West faces being levelled down and a sudden fall Hagger sees the post Covid West's dream of creating a good New World Order a vaccine protected democratic presidential part federal world government and World State with sufficient authority to abolish war and solve the world's post Covid problems as being challenged by the self interested Syndicate's levelling down and to survive it first has to go along with the Syndicate's plan for West and East to draw together into an authoritarian world government involving China and democratise later This is a thought provoking work with a prophetic vision of the future **Conspiracies of Conspiracies** Thomas Milan Konda, 2019-03-15 The most comprehensive intellectual history of American conspiracy theories yet produced *The American Historical Review* It's tempting to think we live in an unprecedentedly fertile age for conspiracy theories with seemingly each churn of the news cycle bringing fresh

manifestations of large scale paranoia But the sad fact is that these narratives of suspicion and the delusional psychologies that fuel them have been a constant presence in American life for nearly as long as there s been an America In this sweeping book Thomas Milan Konda traces the country s obsession with conspiratorial thought from the early days of the republic to our own anxious moment Conspiracies of Conspiracies details centuries of sinister speculations from antisemitism and anti Catholicism to UFOs and reptilian humanoids and their often incendiary outcomes Rather than simply rehashing the surface eccentricities of such theories Konda draws from his extraordinary assemblage of conspiratorial writing to crack open the mindsets that lead people toward these self sealing worlds of denial What is distinctively American about these theories he argues is not simply our country s homegrown obsession with them but their ongoing prevalence and virulence Konda proves that conspiracy theories are no harmless sideshow They are instead the dark and secret heart of American political history one that is poisoning the bloodstream of an increasingly sick body politic Meticulous scholarship essential context for understanding our present mess Survival Global Politics and Strategy Incisive and engaging Konda s assessment of the new dynamics of conspiracy theories in contemporary US politics is a significant contribution Written with a clarity of expression rare in academic writing the book is accessible to a wide readership Choice [Conspiracy Theories in American History](#) Peter Knight,2003-12-11 The first comprehensive history of conspiracies and conspiracy theories in the United States Conspiracy Theories in American History An Encyclopedia is the first comprehensive research based scholarly study of the pervasiveness of our deeply ingrained culture of conspiracy From the Puritan witch trials to the Masons from the Red Scare to Watergate Whitewater and the War on Terror this encyclopedia covers conspiracy theories across the breadth of U S history examining the individuals organizations and ideas behind them Its over 300 alphabetical entries cover both the documented records of actual conspiracies and the cultural and political significance of specific conspiracy speculations Neither promoting nor dismissing any theory the entries move beyond the usual biased rhetoric to provide a clear sighted dispassionate look at each conspiracy real or imagined Readers will come to understand the political and social contexts in which these theories arose the mindsets and motivations of the people promoting them the real impact of society s reactions to conspiracy fears warranted or not and the verdict when verifiable that history has passed on each case **Right-Wing Populism in America** Chip Berlet,Matthew N. Lyons,2016-05-06 Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of

contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America **the Secret American Dream** Nicholas Hagger,2012-01-01 This powerful sequel to *The Secret Founding of America* presents compelling evidence of a secret American Dream nothing less than the establishment of a benign World State which would establish a universal peace under which all the peoples of the Earth would flourish
