and president of the day In this case the Obama administrations support for Israels right to self defense was qualified and as a result the Israeli political leadership felt constrained in its ability to defeat Hamas militarily without risking criticism from the United States that would impact negatively on the special relationship In its role as ally the United States was careful not to apply direct political pressure on Israel However US government public criticisms relating to Gazan civilian loss of life damaged Israel on the international stage via harrowing media coverage surrounding the conflict The Federal Aviation Administration order to airlines to stop flying to Israel enhanced Hamas claim that it had inflicted a strategic defeat to the Zionist State For the last 70 years Israel has recognized that the United States is its primary strategic ally a principle initiated by Israels first Prime Minister and Defense Minister David Ben Gurion Political and military policies have to be directed to prevent a rift But the Protective Edge experience has brought to the fore that in times of crisis Israel cannot rely on a special relationship to secure its safety and must of necessity possess the political will and military ability to defend itself and to take actions that may result in a strained relationship

[ISRAEL'S DIVINE MISSION AGAINST IRAN: How Meticulously Israel Plans To Break Iran's Ayatollah's Neck](#) Aaron Bernstein, Benjamin Netanyahu Israel s longest serving prime minister emerged from the ashes of the October 7 Hamas massacre with a singular unyielding vision to reshape the Middle East s geopolitical landscape by eradicating the Iranian axis of terror and ensuring Israel s unchallenged security dominance The catastrophic intelligence and military failures of that day which saw over 1 200 Israelis slaughtered and hundreds taken hostage became a catalyst for Netanyahu to recalibrate his strategy pivoting from containment to annihilation of threats Central to his post October 7 doctrine is the belief that Israel cannot coexist with a nuclear capable Iran or its proxies Hezbollah Hamas and the Houthis and that the Jewish state must act unilaterally if necessary to dismantle Tehran s ring of fire Netanyahu s plan hinges on a three pronged approach decimating Hamas in Gaza to restore deterrence forging unprecedented regional alliances with Sunni Arab states under the banner of countering Iran and preparing for a potential preemptive strike against Iran s nuclear infrastructure His government has accelerated defense partnerships including integrating a U S led Middle East NATO style air defense network into Israel s defense structure and expanding covert operations targeting Iranian nuclear scientists missile engineers and Revolutionary Guard commanders Netanyahu s historical obsession with Iran from his 2012 UN speech brandishing a cartoon bomb to his vehement opposition to the 2015 JCPOA nuclear deal has crystallized into an existential imperative Post October 7 he frames Iran not merely as a sponsor of terrorism but as the architect of a genocidal coalition leveraging proxies to encircle Israel while advancing toward weapons grade uranium enrichment To fracture this axis Israel

has intensified shadow war tactics cyberattacks crippling Iranian fuel stations and nuclear facilities drone strikes on IRGC convoys in Syria and assassinations like the 2023 takedown of Seyed Razi Mousavi a senior IRGC logistical intermediary in Damascus Netanyahu's ultimate objective however transcends tactical victories He seeks to realign the region by normalizing ties with Saudi Arabia a process frozen on October 7 but quietly revived through U S brokered talks conditioned on Riyadh joining an anti Iran coalition and accepting Israeli military supremacy Fordow's mountain shielded centrifuges and Natanz's fortified halls would require a complex aerial campaign likely involving hundreds of sorties mid air refueling and bunker buster bombs to penetrate granite and concrete Yet Netanyahu emboldened by Israel's growing self reliance in defense tech and Mossad's global reach appears undeterred His rhetoric echoes Menachem Begin's 1981 Osirak strike framing preemption as a moral duty Domestically he leverages the trauma of October 7 to silence opposition portraying critics as naive to Iran's apocalyptic ambitions Internationally he capitalizes on Arab states fatigue with Tehran's destabilization from Houthi Red Sea attacks to Iraqi militia rocket barrages to position Israel as the region's indispensable guardian Netanyahu's endgame is clear a Middle East where Iran's nuclear program lies in ruins its proxies disarmed and Sunni states integrated into an Israeli led security architecture But his legacy and Israel's survival hinge on eliminating the Iranian threat Until then he warns the October 7 horrors will repeat metastasizing into a nuclear nightmare Whether through diplomacy sabotage or war Netanyahu's unfinished revolution seeks to ensure that Iran's empire of terror never darkens the region again

**Israel's Wars** Ahron Bregman, 2016-01-22 Israel's Wars is a fascinating and essential insight into the turbulent history of this troubled country which since its foundation has endured almost constant violence. Bringing its coverage up to date with recent conflicts, this fourth edition includes a new chapter on the Gaza wars from 2007-2014, a new preface and an updated concluding chapter. From the 1947-8 Jewish Palestinian struggle for mastery of the land of Palestine to the Al Aqsa Intifada, the Second Lebanon War and the Gaza Wars, Bregman exposes hitherto unknown facts including details of secret Soviet involvement in inciting the 1967 Six Day War, Israeli bombing of the American warship the USS Liberty and Israeli assassinations of leading Palestinians in the Gaza Strip and the West Bank. Illustrated throughout with maps and photographs, this new edition is valuable reading for students of Arab-Israeli conflicts over the last seventy years.

Israel's Military Doctrine Ehud Eilam, 2018-05-29 Israel's military doctrine was aimed at defeating powerful Arab militaries, mostly those of Egypt, Syria and Jordan. In the years 1948-1982, Israel and Arab states had a series of wars, i.e. high intensity wars. Israel since 1948 also dealt with guerrilla and terror attacks. Since 1982 and mostly in the last 15 years, Israel faced hybrid forces: Hamas and Hezbollah. Those groups are a mix between a conventional military and a guerrilla group. Israel fought against Hezbollah in Lebanon in 2006 and against Hamas in the Gaza Strip mostly in two wars in 2008-2009 and in 2014. This book begins with explaining Israel's national security policy. Then it focuses on how the IDF (Israel Defense Forces) had to adjust its doctrine and build up to confront hybrid forces by examining Israel's air and the ground corps and major issues such as offense and defense infrastructure and manpower. The IDF can inflict heavy casualties and damages to a hybrid foe. Yet destroying the latter is a tall order because Hezbollah and Hamas are too elusive; they hide inside populated areas etc. However, compared with past wars against Arab states, there is much less danger to Israel, let alone to its survival, since even a coalition between Hezbollah, Hamas and other groups can't defeat the IDF. Furthermore, since fighting a hybrid force is less demanding than

running a high intensity war against an Arab state then Israel does not rely that much on the United States in receiving weapon systems ammunition and spare parts      Scientific and Technical Aerospace Reports ,1992-11      **The Crash of Flight 3804** Charlotte Dennett,2020-04-02 Charlotte Dennett has written an excellent book summarizing the geopolitics of the Middle East historically through to current events This is an amazing piece of historical writing Students foreign affairs experts and officials should have this work as required reading Jim Miles Palestine Chronicle Dennett is an expert in resource based politics Time Unraveling the mystery of a master spy s death by following pipelines and mapping wars in the Middle East In 1947 Daniel Dennett America s sole master spy in the Middle East was dispatched to Saudi Arabia to study the route of the proposed Trans Arabian Pipeline It would be his last assignment A plane carrying him to Ethiopia went down killing everyone on board Today Dennett is recognized by the CIA as a Fallen Star and an important figure in US intelligence history Yet the true cause of his death remains clouded in secrecy In Follow the Pipelines investigative journalist Charlotte Dennett digs into her father s postwar counterintelligence work which pitted him against America s wartime allies the British French and Russians in a covert battle for geopolitical and economic influence in the Middle East Through stories and maps she reveals how feverish competition among superpower intelligence networks military and Big Oil interests have fueled indiscriminate attacks misguided foreign policy and targeted killings that continue to this day The book delivers an irrefutable indictment of these devastating forces and demonstrates how the brutal violence they incite has shaped the Middle East and birthed an era of endless conflict Follow the Pipelines also brings new questions to the fore To what lengths has the United States negotiated with the Taliban Al Qaeda and ISIS to secure Big Oil s holdings in Syria Iraq Afghanistan and Yemen Was the Pentagon s goal of defeating ISIS a fraudulent pretext for America s occupation of Syrian eastern provinces and a land grab for oil Did the infamous double agent Kim Philby who worked for the British while secretly spying for the Russians have anything to do with Dennett s death Why have the US and China made North Africa the next major battleground in the Great Game for Oil Part personal pilgrimage part deft critique Dennett s insightful reportage examines what happens to international relations when oil wealth hangs in the balance and she shines a glaring light on what so many have actually been dying for      Israel / Palestine Alan Dowty,2023-01-19 What explains the peculiar intensity and evident intractability of the Israeli Palestinian conflict Of all the hot spots in the world today the apparently endless clash between Jews and Arabs in the Middle East seems unique in its longevity and resistance to resolution Is this conflict really different from other ethnic and nationalist confrontations and if so in what way In this fully revised and expanded fifth edition of his highly respected introductory text Alan Dowty demystifies the conflict by putting it in broad historical perspective identifying its roots and tracing its evolution up to the current impasse His account offers a clear analytic framework for understanding transformations over time and in doing so punctures the myths of an age old conflict with an unbridgeable gap between the two sides Rather than simply reciting historical detail this book presents a clear overview that serves as a road map through

the thicket of conflicting claims Updated to include recent developments such as the recent Israeli elections and the debate over the two state solution the new edition presents in full the opposed perspectives of the two sides leaving readers to make their own evaluations of the issues The book thus expresses fairly and objectively the concerns hopes fears and passions of both sides making it clear why this conflict is waged with such vehemence and how for all that the gap between the two sides has narrowed over time     The Palestine-Israel Conflict Gregory Harms,Todd M Ferry,2012-06-14 The Palestine Israel conflict is the most notorious and ingrained conflict of the twentieth and now twenty first century Yet the way it is reported in the media is often confusing leading many to assume the hostilities stretch back to an ancient period The Palestine Israel Conflict is the first book to provide a clear accessible and annotated introduction that covers the full history of the region from Biblical times until today Perfect for the general reader as well as students it offers a comprehensive yet lucid rendering of the conflict setting it in its proper historical context Harms and Ferry show how today s violence is very much a product of recent history with its roots in the twentieth century This balanced account is now fully up to date including the ongoing situation in Gaza making it a valuable resource for anyone who wants a clear guide to the conflict between Israel and the Palestinian territories and its place in the history of Middle Eastern affairs     *The 51 Day War* Max Blumenthal,2015-07-06 On July 8 2014 Israel launched air strikes and a ground invasion of Gaza that lasted 51 days leaving over 2 000 people dead the vast majority of whom were Gazan civilians During the assault at least 10 000 homes were destroyed and according to the United Nations nearly 300 000 Palestinians were displaced Max Blumenthal was on the ground during what he argues was an entirely avoidable catastrophe In this explosive work of reportage Blumenthal reveals the harrowing conditions and cynical deceptions that led to the ruinous war Here for the first time Blumenthal unearths and presents shocking evidence of atrocities he gathered in the rubble of Gaza
