

Rock's Wild Things

THE TROGGS FILES

Alan Clayson & Jacqueline Ryan

"From the outset the band was primitive. While British music was getting mellow and expanding its horizons, The Troggs used the most elementary three-chord power riffs, with lyrics expressing little more than a need to get laid."

Rocks Wild Things The Troggs :

Rock'n'Roll's Strangest Moments Mike Evans,2014-03-28 Rock music since its pre history in blues country music and 40s and early 50s pop through to the well publicised excesses of touring bands of today has left a legacy of thousands of weird and wonderful stories in its wake We ve all read about the Who s Keith Moon driving a Rolls Royce into a hotel swimming pool but far more bizarre tales of on the road mayhem have never been widely told Likewise Svengali like managers have manipulated starstruck musicians since rock began though hanging your well known client from a third floor window was a less usual way of ensuring their loyalty And just where was the stalled hotel lift in which all four Beatles according to legend were turned on to marijuana There are the unsung heroes of rock pioneering eccentrics who helped make the music what it is and ended up as mere footnotes in the history books Men such as UK producer Joe Meek who created seminal classics from a bed sit above a cleaners on the Holloway Road and the New York DJ who originally coined the phrase rock n roll and died in alcoholic poverty Not to mention the stories behind the stars when Debbie Harry was a Playboy Bunny Paul Simon wrote Homeward Bound on Widnes railway station in Lancashire and the Gallagher brothers so they claim were petty thieves

Rock Band Name Origins Greg Metzger,2015-03-20 This book details the origins of the names of 240 musical acts focusing on the most popular groups and a few individual performers from the 1960s through today Even casual music fans will recognize almost all of the acts discussed A few one hit wonders are included simply because their name is so unusual Mungo Jerry for example that they warrant a place in the study Each entry focuses on the meaning and or origin of the act s name what it had been called previously and any other names that were considered and rejected during the naming process Also included are facts and figures about the act s history and place in the rock music pantheon the year the act was formed the names of original members and later members of note and the act s best known hit The book lists bands alphabetically to give the casual reader the opportunity to open it to any page and read at leisure the historian the ability to easily pinpoint the subject of his or her research or the die hard rock fan the chance to learn from A to Z the name origins of the biggest acts in rock and pop music history

[Listen to Classic Rock!](#) Melissa Ursula Dawn Goldsmith,2019-11-22 Listen to Classic Rock Exploring a Musical Genre provides an overview of this diverse and complex musical genre for scholars of classic rock and curious novices alike with a focus on 50 must hear musicians songwriters bands and albums Listen to Classic Rock Exploring a Musical Genre explores in detail the genesis evolution and proliferation of classic rock It begins with a background on the development of classic rock and its subgenres Next an A to Z listing of artists musicians songwriters and bands albums important concerts and songs a chapter on classic rock s impact on popular culture a chapter on classic rock s legacy and a bibliography This organization gives readers the choice of starting from the beginning to learn how classic rock and each of its subgenres emerged after rock and roll or skip ahead to a specific artist recording or song in the Must Hear Music section This volume stands out from other resources on classic rock for its

listening centered approach Most books on classic rock focus on trivia history terminology or criticism It also explores the sound of the music of important artists and offers musical analyses that are accessible to upper level high school and lower level undergraduates while at the same time maintaining the interest of classic rock aficionados and scholars

The Musical Language of Rock David Temperley, 2018-01-25 In all of the books about rock music relatively few focus on the purely musical dimensions of the style dimensions of harmony and melody tonality and scale rhythm and meter phrase structure and form and emotional expression The Musical Language of Rock puts forth a new comprehensive theoretical framework for the study of rock music by addressing each of these aspects Eastman music theorist and cognition researcher David Temperley brings together a conventional music analytic approach with statistical corpus analysis to offer an innovative and insightful approach to the genre With examples from across a broadly defined rock idiom encompassing everything from the Beatles to Deep Purple Michael Jackson to Bonnie Raitt The Musical Language of Rock shows how rock musicians exploit musical parameters to achieve aesthetic and expressive goals for example the manipulation of expectation and surprise the communication of such oppositions as continuity closure and tension relaxation and the expression of emotional states A major innovation of the book is a three dimensional model of musical expression representing valence energy and tension which proves to be a powerful tool for characterizing songs and also for tracing expressive shifts within them The book includes many musical examples with sound clips available on the book's website The Musical Language of Rock presents new insights on the powerful musical mechanisms which have made rock a hallmark of our contemporary musical landscape

Joel Whitburn Presents Rock Tracks 1981-2008 Joel Whitburn, 2008 Book For the first time ever Rock Tracks lists every artist and song to appear on Billboard's Modern Rock Tracks also known as Alternative and Mainstream Rock Tracks charts all in one combined comprehensive A to Z artist listing This all inclusive format gathers all chart data from both charts in one master listing so it's easy for you to instantly compare your favorite artist's achievements on either or both of Billboard's two premier Rock charts

Rock the Nation Roberto Avant-Mier, 2010-05-06 Rock the Nation analyzes Latino identity through rock n roll music and its deep Latin o history By linking rock music to Latinos and to music from Latin America the author argues that Latin o music people and culture have been central to the development of rock music as a major popular music form in spite of North American racial logic that marginalizes Latino as outsiders foreigners and always exotic According to the author the Latin o Rock Diaspora illuminates complex identity issues and interesting paradoxes with regard to identity politics such as nationalism Latino as use rock music for assimilation to mainstream North American culture while in Latin America rock music in Spanish is used to resist English and the hegemony of U S culture Meanwhile singing in English and adopting U S popular culture allows youth to resist the hegemonic nationalisms of their own countries Thus throughout the Americas Latino as utilize rock music for assimilation to mainstream national culture's for resistance to the hegemony of dominant culture's and for mediating the negotiation of Latino a

The History of Rock and Roll Stuart A. Kallen,2012-05-09 Rock and roll Those three words are understood by people in almost every nation on Earth They describe a type of music and an attitude that made history and continues to change the musical landscape Readers will learn that the music style started out in the United States as a new type of dance music for teenage baby boomers during the mid 1950s By the 1960s the music transformed the cultural and political landscape of much of the world Never before in history has a style of music come along that so quickly and so completely changed the world Author Stuart Kallen traces the history of rock and roll from its early 1950s beginnings through its most significant developments to date

Rock Eras James M. Curtis,1987 From 1954 to 1984 the media made rock n roll an international language In this era of rapidly changing technology styles and culture changed dramatically too In the 1950s wild eyed Southern boys burst into national consciousness on 45 rpm records and then 1960s British rockers made the transition from 45s to LPs By the 1970s rockers were competing with television and soon MTV made obsolete the music only formats that had first popularized rock n roll Paper is temporarily out of stock Cloth 0 87972 368 8 is available at the paper price until further notice
