A is for Zebra Mark Shulman, 2006 Mark Shulman and Tamara Petrosino return with a fabulous follow up to last season's AA is for Aardvark And it's got a clever new twist The alphabetic antics continue starting from the end That's why A is for zebra and Z is for jazz and nothing's what you'd expect The featured letter doesn't appear just once it's sprinkled throughout the hilarious illustrations The I page not only has sushi there's deli spaghetti graffiti and khaki too And if you think working backwards makes it easier well just try to come up with words that end in Q or J The results can be quite surprising Teachers librarians parents and kids will love the silly but smart acrobatics involved in unearthing all these words along with the witty way the book reinforces the sounds of letters and teaches kids how much fun playing with language can be
