year Roderick Hudson was published in novel form in November by J R Osgood Roderick Hudson thus stands as the first major novel of what would become one of the most illustrious literary characters in American history Despite this James exhibited a clear ambivalence toward the final published product James conducted some minor revisions to the story prior to publication of the British edition in 1878 The revisions was much more significant for special New York Edition of the novel published in 1907 and also included a preface in which his James outlined the faults that he found with the original version One aspect of his novel with which James was in no way critical was the character of Christina Light So enamored of his creation was he in fact that James wrote an entire novel just for her Christina is the title character of his 1886 novel *The Princess Casamassima*
