Browne, 1980-05-01 **Roger Corman** Constantine Nasr, 2011-09-13 Roger Corman b 1926 is known by many names craftsman artist maverick schlockmeister mini mogul mentor cheapskate and King of the B s Yet his commitment to filmmaking remains inspired He learned his craft at the end of the studio system only to rebel against Hollywood and define himself as the true independent And the list of directors and producers who learned under his tutelage Francis Ford Coppola Martin Scorsese James Cameron Jonathan Demme and many more is astonishing Collected here are many of the most honest and revealing interviews of his epic career several of which have never been seen in print Roger Corman Interviews brings into focus a life committed to the entertaining art of motion pictures Corman s rare talent combined artistic drive with business savvy ensuring a successful career that was constantly in motion At a remarkable pace more akin to silent movies than modern Hollywood he directed over fifty films in less than fifteen years some entertaining Not of This Earth trendsetting The Wild Angels daring The Intruder workmanlike Apache Woman stylized The Masque of the Red Death and even profound X The Man with the X Ray Eyes In a single year Corman famously shot a cult classic in two and a half days The Little Shop of Horrors reinvigorated the American horror film with a dash of Poe and Price House of Usher and still turned out a few more films shot across the globe Recently awarded an honorary Oscar for his lifetime contribution to cinema the self made Corman has created a legacy as a defining filmmaker

preservation in the National Film Registry by the Library of Congress and the Academy of Motion Picture Arts and Sciences awarded him with an Academy Honorary Award for his rich engendering of films and filmmakers This book investigates this duality and explores whether Corman is indeed a shlockmeister or an artist whose works are worthy of the highest cinema awards The scope of analysis is limited to his directorial efforts only still encompassing 50 features excluding the 400 films he produced The methodology adopted here is based on the auteur theory in its structuralist version by Geoffrey Nowell Smith and Peter Wollen and focuses on three areas of interest work ethic personal elements in the films personal control over and commitment to the production process outside direction themes topics and concerns common for many of the films regardless of the genre and style recurring stylistic motifs and elements in the camerawork editing and framing
