Rogue Justice:

Rogue Justice Karen J. Greenberg, 2017-05-23 The definitive account of how America's War on Terror sparked a decade long assault on the rule of law weakening our courts and our Constitution in the name of national security The day after September 11 President Bush tasked the attorney general with preventing another terrorist attack on the United States From that day forward the Bush administration turned to the Department of Justice to give its imprimatur to activities that had previously been unthinkable from the NSA's spying on US citizens to indefinite detention to torture Many of these activities were secretly authorized others done in the light of day When President Obama took office many observers expected a reversal of these encroachments upon civil liberties and justice but the new administration found the rogue policies to be deeply entrenched and at times worth preserving Obama ramped up targeted killings held fast to aggressive surveillance policies and fell short on bringing reform to detention and interrogation How did America veer so far from its founding principles of justice *Rogue Justice* connects the dots for the first time from the Patriot Act to today's military commissions from terrorism prosecutions to intelligence priorities from the ACLU's activism to Edward Snowden's revelations And it poses a stark question Will the American justice system ever recover from the compromises it made for the war on terror Riveting and deeply reported *Rogue Justice* could only have been written by Karen Greenberg one of this country's top experts on Guantanamo torture and terrorism with a deep knowledge of both the Bush and Obama administrations Now she brings to life the full story of law and policy after 9/11 introducing us to the key players and events showing that time and again when liberty and security have clashed justice has been the victim *Kirkus Best Books of 2016* *Rogue Justice* Stacey Abrams, 2024-04-02 The #1 New York Times bestselling author of *While Justice Sleeps* returns with another riveting and intricately plotted thriller in which a blackmailed federal judge a secret court and a brazen murder may lead to an unprecedented national crisis A thoroughly compelling take on the machinations of Washington and those covetous of power New York Magazine Supreme Court clerk Avery Keene is back trying to get her feet on solid ground after unraveling an international conspiracy in *While Justice Sleeps* But as the sparks of Congressional hearings and political skirmishes swirl around her Avery is approached at a legal conference by Preston Davies an unassuming young man and fellow law clerk to a federal judge in Idaho Davies believes his boss Judge Francesca Whitner was being blackmailed in the days before she died Desperate to understand what happened he gives Avery a file a burner phone and a fearful warning that there are highly dangerous people involved Another shocking murder leads Avery to a list of names all federal judges and alarmingly all judges on the FISA Court the United States Foreign Intelligence Surveillance Court also known as America's secret court It is this body which grants permission to the government to wiretap Americans or spy on corporations suspected of terrorism As Avery digs deeper she begins to see a frightening pattern and she worries that something far more sinister may be unfolding inside the nation's third branch of government With lives at stake Avery must race the clock and an unexpected enemy to

Abrams's most entertaining novel to date **Rogue Justice** Ben Nicholls, 2021 Rogue Justice Rogue Justice, Stacey Abrams, 2023-06-08 The 1 New York Times bestselling author of *While Justice Sleeps* returns with another riveting and intricately plotted thriller in which a blackmailed federal judge, a secret court, and a brazen murder may lead to an unprecedented national crisis. Supreme Court clerk Avery Keene is back trying to get her feet on solid ground after unravelling an international conspiracy in *While Justice Sleeps*. But as the sparks of Congressional hearings and political skirmishes swirl around her, Avery is approached at a legal conference by Preston Davies, an unassuming young man and fellow law clerk, to a federal judge in Idaho. Davies believes his boss, Judge Francesca Whitner, was being blackmailed in the days before she died. Desperate to understand what happened, he gives Avery a flip phone and a fearful warning that there are highly dangerous people involved. Another shocking murder leads Avery to a list of names: all federal judges and alarmingly, all judges on the FISA Court, the United States Foreign Intelligence Surveillance Court, also known as America's secret court. It is this body which grants permission to the government to wiretap Americans or spy on corporations suspected of terrorism. As Avery digs deeper, she begins to see a frightening pattern, and she worries that something far more sinister may be unfolding inside the nation's third branch of government. With lives at stake, Avery must race the clock and an unexpected enemy to find the answer. Drawn from today's headlines and woven with her unique insider perspective, Stacey Abrams combines twisting plotlines, wry wit, and clever puzzles to create another immensely entertaining suspense novel.

Rogue Justice Wray Hunt, 1975-01-01 **Staff Study of Allegations Pertaining to the Department of Justice's Handling of a Contract with INSLAW, Inc** United States. Congress. Senate. Committee on Governmental Affairs. Permanent Subcommittee on Investigations, 1989 **Last Mission to Tokyo** Michel Paradis, 2021-06-08 A narrative account of the Doolittle Raids of World War II traces the daring Raiders' attack on mainland Japan, the fate of the crews who survived the mission, and the international war crimes trials that defined Japanese-American relations and changed legal history.

Reports from Secret and Select Committees of the House of Commons and Evidence Great Britain. Parliament. House of Lords, 1848 **The Districts** Johnny Dwyer, 2020-09-08 Johnny Dwyer examines the New York crimes we've seen in the news, in movies, and on television: drug trafficking, organized crime, terrorism, corruption, and white collar crime, while weaving in the nuances that rarely make it into headlines. Told in the kind of pointillist detail that can only come from years of hanging around the courthouse and doing old school shoe leather reporting, Patrick Radden Keefe, author of *Say Nothing*, The Rosenbergs, Rudy Giuliani, Bernie Madoff, James Comey, John Gotti, Preet Bharara, and El Chapo are just a few of the figures to have appeared before the courts in the Southern and Eastern District of New York, the two federal courts tasked with maintaining order in New York City. These two epicenters of power in our justice system have become proving grounds for ambitious prosecutors who turn their service in government into power position, and in some cases, celebrity. These attorneys don't hope for victory in court; they expect it. In *The Districts*, Johnny Dwyer takes us not just into the courtrooms but also into

the lives of the judges and defendants prosecutors and defense counsels and winners and losers who people the courts An unprecedented look at New York City s federal court system that exposes the incentives driving how America chooses to punish crime and what those choices reveal about our politics and our society The Districts paints a revelatory picture of how our justice system and the pursuit of justice really works *Justice of the Peace* ,1873 The justice of the peace reports ,1914 **Reimagining The National Security State** Karen J. Greenberg,2020 A comprehensive look at the toll US government policies took on civil liberties human rights and the rule of law in the name of the war on terror **Partisan Hardcover** Sean Taylor, **Pragmatism, Politics, and Perversity** Joseph L. Esposito,2012-06-14 The political project of pragmatism has focused primarily on its defense of democracy as the best political system to maintain and improve human well being over lifetimes and generations Pragmatism Politics and Perversity Democracy and the American Party Battle describes this project of Peirce Dewey Hook and Rorty and combines it with Charles Beard s study of the party battle as the most determinative influence upon American democracy The book updates and confirms Beard s hypothesis that the history of the party battle is a chronicle of perverse schemes and self inflicted wounds the most salient to date being the American Civil War because it reflects a ceaselessly disruptive contest over the creation of two largely incompatible political states nation state and market state The book supports its thesis with detailed historical accounts of the formation of the Constitution and early federal judiciary the sedition trials and political schemes of the 1790s the frustration of market state Whigs to attract white working class voters by exploiting their religious identities the reckless machinations of Whig Republicans in precipitating a national crisis over a contrived threat of oligarchy and white slavery and the ideological oscillations of the Supreme Court from market state to nation state jurisprudence and back again To reduce perversity in political rhetoric and free up pragmatic democratic practices the book proposes a robust neo Madisonian view of free speech where political actors and their surrogates are not only free to speak and write but are also obligated to explain retract and revise what they have said and written Political Islam, Justice and Governance Mbaye Lo,2018-11-08 This book argues that political Islam represented by its moderate and militant forms has failed to govern effectively or successfully due to its inability to reconcile its discursive understanding of Islam centered on literal justice with the dominant neo liberal value of freedom Consequently Islamists polities have largely been abject often tragic failures in providing a viable collective life and sound governance This argument is developed theoretically and supported through a set of case studies represented by the Muslim Brotherhood in Egypt under President Muhammad Morsi s tenure Hassan Turabi s National Islamic Front in Sudan and The Islamic State in Iraq and Syria ISIS It is ideal for audiences interested in Regional Politics Islamic Studies and Middle Eastern Studies
