Role Of Design In The Furniture Industry:

The Role of Design in the Furniture Industry AKTRIN Research Institute, Lorraine Tierney, 1995 **The Role of Design in the Furniture Industry** Lorraine Tierney, 1995 **History of Design and Design Law** Tsukasa Aso, Christoph Rademacher, Jonathan Dobinson, 2022-04-22

For the first time this book provides an up to date history of product design and product design law covering 17 countries Japan Korea China Singapore the United Kingdom Germany France Italy the Nordic countries Denmark Finland Iceland Norway and Sweden Russia the United States Brazil and Australia selected for their innovative or influential approach to design or design protection Each country is the subject of two chapters one on the history of design and the other on the history of design law authored by experts in design and intellectual property IP law This unique interdisciplinary approach explains why and how various national design protection systems that can include design copyright trade mark competition and civil laws developed making it an ideal book for students researchers and lawyers The book also serves as an international survey of different national policy and legal responses to historical developments and specific design and legal issues allowing readers to consider their advantages and disadvantages and so is also recommended for policy and law makers as well as organizations that administer IP rights Topics include the subject matter of design protection procedural and substantive requirements design registration infringement and the overlap of design rights and other IP rights The chapters on design history provide further context to the historical development of these legal concepts by considering major design movements key designers and iconic designs and the current state of design The chapters highlight the connected and often complementary relationship between the two histories not only for each country but at the regional and international level often as a result of government policies trade colonialism immigration and globalisation Design and design practice continue to become more global and evolve with developments in technology At the same time design laws are not internationally harmonized and continue to develop at the national level with a number of significant changes occurring in recent years This timely book shows how the lessons of the past continue to inform the future direction of design and the legal systems developed to protect it

Local Knowledge Through the Integration of Design and Perspectives of Visual and Performing Arts Ahmad Zuhairi Abdul Majid, A.S. Hardy Shaffi, Local knowledge plays a key role in sustainable practices in the realm of design from various fields such as visual and performing arts This book of 11 chapters deals with indigenous knowledge and local wisdom related closely to the contemporary issues of these two important fields which interconnected and complement each other This book mainly discusses the visual language of local genius on art installation the prototype model script reproduction tool and the designer role in furniture industry Another interesting aspect presented in this book is the integration of psychology in the applicability of sound art as the therapy for Alzheimer's patients and exploring the realm of meanings and symbols in music and dance movements This book also highlights on how indigenous knowledge is crucial in enhancing religion relationships

through dance and the implementation of an appropriate technology via Kinect based tracking in performing arts This book is definitely a reference for researchers academicians and students especially from the field of visual design and performing arts and those who are interested in investigating and learning the local knowledge in a wider spectrum not only for local context but also in other cultures

Rethinking Plastics in Product Design Geoff Isaac,2025-03-06 This book addresses the urgent need to reduce our use of virgin fossil plastics It provides a framework for designers and manufacturers to re evaluate their use of plastics and promotes the use of alternative materials with lower environmental impacts Lightweight strong and cheap plastics are often the obvious choice when designing consumer durables but their use is resulting in devastating health and environmental consequences Recycled plastics and bioplastics are often suitable replacements however mechanical and aesthetic differences mean working with these materials is often challenging and expensive In this book Geoff Isaac outlines strategies for developing more environmentally friendly design solutions and provides practical guidance for designers who seek to use plastics more sustainably Chapters include case studies selected from sixty chairs made from renewable plastics as chairs are often developed to showcase the potential of new materials and their suitability for applications across other consumer products The book also features interviews with a range of industry representatives and international designers including Philippe Starck Barber Osgerby Konstantin Grcic Bertjan Pot and Karim Rashid to illustrate recent designs using renewable plastics This book provides an empowering blueprint for designers to make environmentally responsible decisions in today s business landscape

Mid-Century Modern - Visionary Furniture Design from Vienna Caroline Wohlgemuth,2021-12-31 Visionary furniture design from Vienna In 1938 Vienna lost its best and most creative minds This rupture was manifested in all of the arts and sciences and its mark is felt to this day not least in the field of furniture design With inexhaustible creativity the Jewish furniture designers who were forced to flee Vienna continued to work while in exile They taught at the best universities and spread their ideas and vision throughout the entire world Their creations became classics of twentieth century furniture design the epitome of mid century modern style This book honors the memory of the exiled designers with a thorough overview of their work It details their life stories and their visionary designs which remain as relevant and contemporary as ever and brings to light new aspects of the history of Viennese furniture design A new history of Viennese furniture design with 27 detailed biographies Numerous previously unpublished photographs and sketches Including works by Friedl Dicker Brandeis Martin Eisler Josef Frank Friedrich Kiesler Richard Neutra Bruno Pollak Margarete Sch tte Lihotzky Franz Singer Ernst Schwadron among others
