

Role Of The Military In Politic

Kees Koonings, Dirk Kruijt

Role Of The Military In Politic:

The Man On Horseback Samuel Edward Finer, 1988-04-13 In this work Finer d 1993 he taught government at Manchester U and Oxford U UK proposes a paradigm for the role of the military in politics that is based on the inherent weakness of the military in politics on the one hand and their potential for intervention on the other The book was first published by Pall Mall Press in 1962 this new edition contains an introduction by Jay Stanley sociology Towson U who is on the advisory council and editor for the journal of the Inter University Seminar on Armed Forces and Society Annotation copyrighted by Book News Inc Portland OR

Political Roles and Military Rulers Amos Perlmutter, 2014-04-23 This book represents three decades of Perlmutter's experiences and observations The author studies the relationship between the military and politics in Middle East focusing mainly on Egypt as a case study He concludes by analysing the effect this internal relationship has on military performance

The Man on Horseback Samuel Finer, 2017-07-14 The role of the military in a society raises a number of issues How much separation should there be between a civil government and its army Should the military be totally subordinate to the polity Or should the armed forces be allowed autonomy in order to provide national security Recently the dangers of military dictatorships as have existed in countries like Panama Chile and Argentina have become evident However developing countries often lack the administrative ability and societal unity to keep the state functioning in an orderly and economically feasible manner without military intervention Societies of course have dealt with the realities of these problems throughout their histories and the action they have taken at any particular point in time has depended on numerous factors In the first world of democratic countries the civil military relationship has been thoroughly integrated and indeed by most modern standards this is seen as essential However several influential Western thinkers have developed theories arguing for the separation of the military from any political or social role Samuel Huntington emphasized that professionalism would presuppose that the military should intervene as little as possible in the political sphere Samuel E Finer in contrast emphasizes that a government can be efficient enough way to keep the civil military relationship in check ensuring that the need for intervention by the armed forces in society would be minimal At the time of the book's original publication perhaps as a consequence of a post World War II Cold War atmosphere this was by no means a universally accepted position Some considered the military to be a legitimate threat to a free society Today's post Cold War environment is an appropriate time to reconsider Finer's classic argument The Man on Horseback continues to be an important contribution to the study of the military's role in the realm of politics and will be of interest to students of political science government and the military

Political Armies Kees Koonings, Dirk Kruijt, 2002-05 Does the withdrawal of armies from direct rule in most countries herald an end to their role as actors in domestic politics Has political intervention by the military been superseded This comparative examination of the politicized armed forces looks at the consequences of military rule for nation building and economic development the effects of the passing of the Cold War and the rise of globalization on the political role of the

military the role of political armies in the consolidation of civil politics and democratic governance the lessons for policy makers in global governance and post conflict reconstruction The contributors build on successive theories about the role of the military in politics and look to the future The most threatening scenario may be a proliferation of armed actors and the rise of privatized forces of law and order **Military Politics in Nigeria** Theophilus Olatunde Odetola,1978-01-01 *The Man on Horseback* Samuel Edward Finer,2002-08-01 The role of the military in a society raises a number of issues How much separation should there be between a civil government and its army Should the military be totally subordinate to the polity Or should the armed forces be allowed autonomy in order to provide national security Recently the dangers of military dictatorships as have existed in countries like Panama Chile and Argentina have become evident However developing countries often lack the administrative ability and societal unity to keep the state functioning in an orderly and economically feasible manner without military intervention Societies of course have dealt with the realities of these problems throughout their histories and the action they have taken at any particular point in time has depended on numerous factors In the first world of democratic countries the civil military relationship has been thoroughly integrated and indeed by most modern standards this is seen as essential However several influential Western thinkers have developed theories arguing for the separation of the military from any political or social role Samuel Huntington emphasized that professionalism would presuppose that the military should intervene as little as possible in the political sphere Samuel E Finer in contrast emphasizes that a government can be efficient enough way to keep the civil military relationship in check ensuring that the need for intervention by the armed forces in society would be minimal At the time of the book s original publication perhaps as a consequence of a post World War II Cold War atmosphere this was by no means a universally accepted position Some considered the military to be a legitimate threat to a free society Today s post Cold War environment is an appropriate time to reconsider Finer s classic argument The Man on Horseback continues to be an important contribution to the study of the military s role in the realm of politics and will be of interest to students of political science government and the military

The Military in Thai Politics, 1981-86 Suchit Bunbongkarn,1987 This study documents the military s expansion into civilian affairs such as rural development peace keeping duties and mass mobilization in rural and urban areas In doing so the military has encroached upon the sphere of civilian politicians The military s view is that it is not only the guardian but the builder of democracy *The Politics of Military Reform* Jürgen Rüland,Maria-Gabriela Manea,Hans Born,2012-09-03 This volume seeks to explain why democratization and military reforms stagnate in newly democratizing countries The contributions blend historical ideational cultural and structural explanatory factors to analyze the trajectories of military reform in Indonesia and Nigeria two major regional powers that share many structural commonalities In the tradition of the literature on security sector reform SSR the book not only scrutinizes executive initiatives toward military reform but also provides ample coverage of societal actors Findings show that while military reform is stagnating in both countries societal

forces ought to be taken into account more as major driving forces in explaining military reform. Several chapters study how legislatures, non-governmental organizations and the civilian defence epistemic community contribute to the transformation of military institutions. The last part of the book tackles another aspect rarely studied in the literature on military reform, namely the role of militias in military reform.

The Military and Domestic Politics Rebecca L. Schiff, 2008-08-13

The intervention of the military in national politics and the everyday lives of citizens is a key question in civil-military relations. This book explains how concordance theory can provide a model for predicting such domestic intervention. Models dealing with the relationship between the military and society are usually based on Western nations with power and influence and therefore may not be appropriate for the circumstances of non-Western countries. By contrast, concordance theory considers national contexts where the balance of military involvement in civilian life depends greatly on historical circumstances, institutional nuances and cultural realities. Using five case studies (India, Pakistan, Israel, Argentina and Post-Revolutionary America), this book challenges traditional views on the role of the military in society and offers convincing examples for the continual application of concordance theory. It also explores the evolution of the theory from the field of military studies to one of corporate concordance. This book will be of much interest to advanced students of Civil-Military Relations, military sociology, political science and US politics.

Military Politics of the Contemporary Arab World Philippe

Droz-Vincent, 2020-10-29

Compares the crucial role of Arab armies in state building a decade after the 2011 Arab Uprisings in Tunisia, Egypt, Libya, Yemen and Syria.

The Political Resurgence of the Military in Southeast Asia Marcus Mietzner, 2012-11-12

In the late 1990s, prominent scholars of civil-military relations detected a decline in the political significance of the armed forces across Southeast Asia. A decade later, however, this trend seems to have been reversed. The Thai military launched a coup in 2006, the Philippine armed forces expanded their political privileges under the Arroyo presidency and the Burmese junta successfully engineered pseudo-democratic elections in 2010. This book discusses the political resurgence of the military in Southeast Asia throughout the 2000s. Written by distinguished experts on military affairs, the individual chapters explore developments in Burma, Thailand, the Philippines, Vietnam, East Timor, Indonesia and Singapore. They not only assess but also offer explanations for the level of military involvement in politics in each country. Consequently, the book also makes a significant contribution to the comparative debate about militaries in politics. Whilst conditions obviously differ from country to country, most authors in this book conclude that the shape of civil-military relations is not predetermined by historic economic or cultural factors but is often the result of intra-civilian conflicts and divisive or ineffective political leadership.

Military Politics, Islam, and the State in Indonesia Marcus Mietzner, 2009

Based on a decade of research in Indonesia, this book provides an in-depth account of the military's struggle to adapt to the new democratic system after the downfall of Suharto's authoritarian regime in 1998. Unlike other studies of the Indonesian armed forces which focus exclusively on internal military developments, Mietzner's study emphasizes the importance of

conflicts among civilians in determining the extent of military involvement in political affairs. Analysing disputes between Indonesia's main Muslim groups, Mietzner argues that their intense rivalry between 1998 and 2004 allowed the military to extend its engagement in politics and protect its institutional interests. The stabilization of the civilian polity after 2004 in contrast has led to an increasing marginalization of the armed forces from the power centre. Drawing broader conclusions from these events for Indonesia's ongoing process of democratic consolidation, the book shows that the future role of the armed forces in politics will largely depend on the ability of civilian leaders to maintain functioning democratic institutions and procedures.

Role Of The Military In Politics Tarbush, 2012-11-12. Published in 1982, *Role Of The Military in Politics* is a valuable contribution to the field of Middle East Studies. [The Military in Brazilian Politics, 1821-1970](#) Raymond Estep, 1971. [Security Challenges and Military Politics in East Asia](#) Jongseok Woo, 2011-02-24. This comparative work examines the political role played by armed forces in South Korea, Indonesia, the Philippines, and Taiwan. The work brings together theory and empirical study, analyzing how security threats have shaped the military's organization, doctrine, and domestic political role at various stages of political development from the state building period to today's post democratization era. Using four representative case studies, Woo sets to answer: What determines the armed forces' political influence? How does it affect political development? How do democratically elected leaders establish civilian control over them? The book first looks at how security threats led to military expansion and authoritarianism at the onset of the Cold War. Next, it examines military dictatorial rule, followed by a study of the military's withdrawal process during democratization. Lastly, it focuses on contemporary civil-military dynamics in the four countries, discussing the obstacles faced by civilian authority and what maybe the most desirable model for civil-military relations in post democratization Asian societies. *Security Challenges and Military Politics in East Asia* will be an essential resource for anyone studying Asian political development, civil-military relations, and comparative democratization. [Military Foundations of Panamanian Politics](#) Robert C. Harding, This is a comprehensive examination of the evolution of the politicization of the Panamanian military and the legacy of this transformation in modern Panamanian politics. It addresses the fundamental role that the Panamanian military played in influencing and molding the modern day Panamanian political system, structurally, legally, and constitutionally, and chronicles the corporate and political growth of the Panamanian military, filtering its analysis through civil-military theory to achieve its two primary goals.

Power Politics and the Indonesian Military Damien Kingsbury, 2005-08-18. Throughout the postwar history of Indonesia, the military has played a key role in the politics of the country and in imposing unity on a fragmentary state. The collapse of the authoritarian New Order government of President Suharto weakened the state, and the armed forces briefly lost their grip on control of the archipelago. However, under President Megawati, the military has again begun to assert itself and re-impose its heavy hand on control of the state, most notably in the fracturing outer provinces. Based on extensive original research, this book examines the role of the military in Indonesian politics. It looks at the role of the military

historically examines the different ways it is involved in politics and considers how the role of the military might develop in what is still an uncertain future

The Political Impact of African Military Leaders Sabella Ogbobode Abidde, Felix Kumah-Abiwu, 2023-06-28 This edited volume examines the cases of four African military leaders who had enormous impact on the continent and beyond These military officers and later heads of state Jerry Rawlings of Ghana Moammar Gaddafi of Libya Thomas Sankara of Burkina Faso and Gamal Abdel Nasser of Egypt were provocative and polarizing figures beloved domestically but mostly viewed with suspicion and hostility by foreign governments This volume studies these leaders as a group engaging in a critical but systematic examination of their personalities leadership styles official performance legacies and their continuing impact on the future and political destiny of the continent Providing a survey of controversial but important African political figures this volume will be of use to scholars and students in the social sciences especially those interested in African history African studies military science Black studies political science leadership studies and the politics of developing nations

Military Disengagement from Politics Constantine P. Danopoulos, 2024-12-06 First published in 1988 Military Disengagement from Politics explores the reasons and conditions for military withdrawal from politics It gives an in depth analysis of specific grounds and circumstances of a representative list of countries whose military intervened ruled and eventually withdrew allowing for either full scale civilian rule or a more circumscribed set up in which the armed forces retain varying degrees of control in the governing process The book provides a comparative and cross cultural examination of eight countries covering a wide region of the world It offers a carefully chosen array of case studies representing Asia Africa Europe the Middle East and Central and South America This volume is a must read for students and researchers of political science

Role Of The Military In Politic Introduction

Role Of The Military In Politic Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Role Of The Military In Politic Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Role Of The Military In Politic : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Role Of The Military In Politic : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Role Of The Military In Politic Offers a diverse range of free eBooks across various genres. Role Of The Military In Politic Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Role Of The Military In Politic Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Role Of The Military In Politic, especially related to Role Of The Military In Politic, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Role Of The Military In Politic, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Role Of The Military In Politic books or magazines might include. Look for these in online stores or libraries. Remember that while Role Of The Military In Politic, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Role Of The Military In Politic eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Role Of The Military In Politic full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Role Of The Military In Politic eBooks, including some popular titles.

FAQs About Role Of The Military In Politic Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before

making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Role Of The Military In Politic is one of the best book in our library for free trial. We provide copy of Role Of The Military In Politic in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Role Of The Military In Politic. Where to download Role Of The Military In Politic online for free? Are you looking for Role Of The Military In Politic PDF? This is definitely going to save you time and cash in something you should think about.
