Feminist History in Canada Catherine Carstairs, Nancy Janovicek, 2013-11-25 In the late 1970s feminist historians urged us to rethink Canada by placing women's experiences at the centre of historical analysis Forty years later feminism continues to inform history writing and has inspired historians to look beyond the nation and adopt a more global perspective This exciting new volume of original essays opens with a discussion of the themes and methodological approaches that have preoccupied historians over the past twenty years The chapters that follow showcase the work of new and established scholars who draw on critical race theory postcolonial theory and transnational history to re-examine familiar topics such as biography and oral history paid and unpaid work marriage and family and women's political action Whether they focus on the marriage of Governor James Douglas and his Metis wife Amelia or on the experiences of Qu'becois domestic workers in the 1970s the contributors demonstrate the continued relevance of history informed by feminist perspectives and open a much needed dialogue between francophone and anglophone historians in Canada

**Rethinking Federalism** Karen Knop, Sylvia Ostry, Richard Simeon, Katherine Swinton, 2011-11-01 Federalism is at once a set of institutions the division of public authority between two or more constitutionally defined orders of government and a set of ideas which underpin such institutions As an idea federalism points us to issues such as shared and divided sovereignty multiple loyalties and identities and governance through multi level institutions Seen in this more complex way federalism is deeply relevant to a wide range of issues facing contemporary societies Global forces economic and social are forcing a

rethinking of the role of the central state with power and authority diffusing both downwards to local and state institutions and upwards to supranational bodies Economic restructuring is altering relationships within countries as well as the relationships of countries with each other At a societal level the recent growth of ethnic and regional nationalisms most dramatically in Eastern Europe and the former Soviet Union but also in many other countries in western Europe and North America is forcing a rethinking of the relationship between state and nation and of the meaning and content of citizenship Rethinking Federalism explores the power and relevance of federalism in the contemporary world and provides a wide ranging assessment of its strengths weaknesses and potential in a variety of contexts Interdisciplinary in its approach it brings together leading scholars from law economics sociology and political science many of whom draw on their own extensive involvement in the public policy process Among the contributors each writing with the authority of experience are Tommaso Padoa Schioppa and Jacques Pelkmans on the European Union Paul Chartrand on Aboriginal rights Samuel Beer on North American federalism Alan Cairns on identity and Vsevolod Vasiliev on citizenship after the breakup of the Soviet Union The themes refracted through these different disciplines and political perspectives include nationalism minority protection representation and economic integration The message throughout this volume is that federalism is not enough rights protection and representation are also of fundamental importance in designing multi level governments

**From Bourassa to Bourassa** L. Ian MacDonald, 2002 The story of the Quebec Liberal Party during its wilderness years between the 1976 election of the Parti Québécois and its return to power in 1985 *The Trickster* Jean-François Lisée, 1994-01-01 A much discussed bestseller in Quebec The Trickster tells the inside story of political events in that province during the tumultuous two years that followed the defeat of Meech Lake As support for Quebec sovereignty reached record proportions Premier Robert Bourassa had a clear opportunity to lead his province out of Confederation For months he led Quebecers to believe that he was moving in this direction while he privately assured prominent English Canadians that he was loyal to federalism Based on interviews with a wide range of political figures strategists pollsters and researchers The Trickster is an unparalleled examination of a crucial period in Quebec's history

**Canada's Francophone Minority Communities** Michael D. Behiels, 2004-03-10 Convinced that education was one of the essential keys to the renewal and growth of their communities revitalized Francophone organizations and leaders lobbied for constitutional entrenchment of official bilingualism and of a mandated Charter right to education in their own language including the right to governance over their own schools and school boards Having achieved their objectives in the 1982 Charter of Rights and Freedoms Francophone provincial and national leaders learned the techniques of micro constitutional politics to convince the Ontario Alberta and Manitoba provincial governments to implement full and unfettered school governance by and for Francophone minority communities These communities received the backing of Canada's Supreme Court which gave a collectivist and remedial interpretation to the Charter's official language minority education rights section 23 The Canadian government assisted the

Francophone minority in two ways it made funds available to Francophone organizations and parents via the Court Challenges program and it signed lucrative financial agreements with the provinces to help defray the additional costs of establishing French language schools and school boards While the Francophone minority communities were pursuing implementation of their section 23 Charter rights they found themselves drawn into the mega constitutional negotiations and ratification procedures surrounding the controversial Meech Lake Constitutional Accord 1987 90 and the omnibus Charlottetown Consensus Report 1990 92 During the Quebec Provincial Round their Charter rights remained intact when the Meech Lake Accord failed to obtain ratification During the Canada Round they managed to obtain recognition of their conception of a pan Canadian cultural and linguistic duality which helped minimize the constitutional and political impact of the Quebec government's insistence upon a territorial conception of duality that is an asymmetrical Canada Quebec federation When Canadians rejected the Charlottetown deal neither conception achieved formal constitutional recognition Nevertheless Canada's Francophone minority communities were regenerated by the intertwined developments of constitutional renewal and their winning of school governance A new vigorous Francophone pan Canadian national community emerged one capable of ensuring the survival of its constituents communities well into the twenty first century

**Twentieth-century Newfoundland** James Hiller, Peter Neary, 1994 *Twentieth Century Newfoundland Explorations* brings together ten papers by eight well known historians of Newfoundland and Labrador The papers address a wide variety of subject matter and open many avenues for further research The book concludes with an extensive bibliography on the Newfoundland and Labrador in the Twentieth century This bibliography is organized by topic and will serve the needs of the general reader and specialists alike *Twentieth Century Newfoundland Explorations* highlight the scope and complexity of present day writing about the history of Newfoundland and Labrador James Hiller Professor of History at Memorial University and author of a number of articles on Newfoundland in the Nineteenth and Twentieth Centuries Peter Neary Professor of History at the University of Western Ontario and the author of *Newfoundland in the North Atlantic World 1929 1949 1998* *The Symbolic State* Karlo Basta, 2021-11-15 The nation state is a double sleight of hand naturalizing both the nation and the state encompassing it No such naturalization is possible in multinational states To explain why these countries experience political crises that bring their very existence into question standard accounts point to conflicts over resources security and power This book turns the spotlight on institutional symbolism When minority nations in multinational states press for more self government they are not only looking to protect their interests They are asking to be recognized as political communities in their own right Yet satisfying their demands for recognition threatens to provoke a reaction from members of majority nations who see such changes as a symbolic repudiation of their own vision of politics Secessionist crises flare up when majority backlash reverses symbolic concessions to minority nations Through a synoptic historical sweep of Canada Spain Yugoslavia and Czechoslovakia *The Symbolic State* shows us that institutions may be more important for

what they mean than for what they do A major contribution to the study of comparative nationalism and secession comparative politics and social theory The Symbolic State is particularly timely in an era when the power of symbols exemplified by Brexit the Donald Trump presidency and the rise of the Black Lives Matter movement is reshaping politics

**Newfoundland and Labrador** Sean Cadigan, 2017-06-22 Published to coincide with the sixtieth anniversary of Newfoundland and Labrador joining Canada Sean T Cadigan has written the book that will surely become the definitive history of one of North America's most distinct and beautiful regions The site of the first European settlement by Vikings one thousand years ago a former colony of England and known at various times as Terra Nova and Newfoundland until its official name change to Newfoundland and Labrador in 2001 this easternmost point of the continent has had a fascinating history in part because of its long held position as the gateway between North America and Europe Examining the region from prehistoric times to the present Newfoundland and Labrador is not only a comprehensive history of the province but an illuminating portrait of the Atlantic world and European colonisation of the Americas Cadigan comprehensively details everything from the first European settlements the displacement and extinction of the indigenous Beothuk by European settlers the conflicts between settlers and imperial governance to the Royal Newfoundland Regiment's near annihilation at the Battle of the Somme the rise of Newfoundland nationalism Joey Smallwood's case for confederation and the modernization and economic disappointments instigated by joining Canada Paying particular attention to the ways in which Newfoundland and Labrador's history has been shaped by its environment this study considers how natural resources such as the Grand Banks the disappearance of cod and offshore oil have affected the region and its inhabitants Richly detailed compelling and written in an engaging and accessible style Newfoundland and Labrador brings the rich and vibrant history of this remarkably interesting region to life

**Lions or Jellyfish** Raymond B. Blake, 2015-01-01 Asked in 2010 about his pugnacious approach to federal provincial relations Newfoundland premier Danny Williams declared I would rather live one more day as a lion than ten years as a jellyfish He was only the latest in a long line of Newfoundland premiers who have fought for that province's interests on the national stage From Joey Smallwood and the conflict over Term 29 of the Act of Union to Williams and his much publicized clashes with Paul Martin and Stephen Harper Newfoundland and Labrador's politicians have often expressed a determination to move beyond a legacy of colonialism and assert greater control over the province's own affairs Lions or Jellyfish examines the history of these federal provincial clashes with both clarity and wit Written by a noted expert on Newfoundland politics and intergovernmental affairs in Canada this book studies a vital but frequently overlooked aspect of modern Canadian federalism
