Until Justice Rolls Down Frank Sikora, 2005-10-23 It was a time when Martin Luther King Jr and other leaders rallied black youth and adults to march for their civil rights a time when the Ku Klux Klan was active in cities and throughout the countryside of the Deep South employing 19th century tactics to intimidate blacks to stay in their place It was also the year that the worst act of terrorism in the entire civil rights movement occurred just as Birmingham Alabama was coming under close national scrutiny This book tells the story of one grim Sunday in September 1963 when an intentionally planted cache of dynamite ripped through the walls of the Sixteenth Street Baptist Church and ended the dreams and the lives of four young black girls Their deaths spurred the Kennedy administration to send an army of FBI agents to Alabama and led directly to the passage of the Civil Rights Act When the Justice Department was unable to bring anyone to trial for this heinous crime a young Alabama attorney general named Bill Baxley began his own investigation to find the perpetrators In 1977 14 years after the bombing Baxley brought one Klansman to trial and in a courtroom only blocks from the bombed church now a memorial to the victims persuaded a jury to return a guilty verdict More than 20 years later two other perpetrators were tried for the bombing found guilty and remanded to prison Frank Sikora has used the court records FBI reports oral interviews and newspaper accounts to weave a story of spellbinding proportions A reporter by profession Sikora tells this story compellingly explaining why the civil rights movement had to be successful and how Birmingham had to change

VanderPol, 2016-06-21 Reclaiming an Evangelical History of Activism In recent years there has been renewed interest by evangelicals in the topic of biblical social justice Younger evangelicals and millennials in particular have shown increased concern for social issues But this is not a recent development Following World War II a new movement of American evangelicals emerged who gradually increased their efforts on behalf of justice This work explains the important historical context for evangelical reengagement with social justice issues The authors provide an overview of post World War II evangelical social justice and compassion ministries introducing key figures and seminal organizations that propelled the rediscovery of biblical justice They explore historical and theological lessons learned and offer a way forward for contemporary Christians The Roll in England and France in the Late Middle Ages Stefan G. Holz, Jörg Peltzer, Maree

Shirota,2019-12-16 In the Middle Ages rolls were ubiquitous as a writing support While scholars have long examined the texts and images on rolls they have rarely taken the manuscripts themselves into account This volume readdresses this imbalance by focusing on the materiality and various usages of rolls in late medieval England and France Researchers from England France Germany and Singapore demonstrate in 11 contributions how this approach can increase our understanding of the rolls and their contents as well as the contexts in which they were produced and used **Year Books of Edward II.**,1916 **The Publications of the Selden Society** Selden Society,1916 **In Church as It Is in Heaven** Jamaal E.

Williams,Timothy Paul Jones,2023-06-13 Heaven is multiethnic a vast multitude from every nation tribe people and language But in this diverse community shouldn't have to wait until eternity to begin It can be a reality now Here the authors give biblical warrant for such a community and show how multiethnic churches provide a unique apologetic for the gospel

Race to Justice Robin F. Gray,José A. Ballester y Marquez,1995 *Let Justice Roll Down* John M. Teasdale,2022-04-12 Though we know that God cares about people's lives both in this world and eternity it can be hard to communicate the full picture of holistic salvation Mark Teasdale invites us to both participate in and share Jesus promise of abundant life connecting biblical perspectives of salvation and discipleship to contemporary concepts of well being and the common good **Priests of the Law** Thomas J. McSweeney,2019-11-21 *Priests of the Law* tells the story of the first people in the history of the common law to think of themselves as legal professionals In the middle decades of the thirteenth century a group of justices working in the English royal courts spent a great deal of time thinking and writing about what it meant to be a person who worked in the law courts This book examines the justices who wrote the treatise known as *Bracton* Written and re written between the 1220s and the 1260s *Bracton* is considered one of the great treatises of the early common law and is still occasionally cited by judges and lawyers when they want to make the case that a particular rule goes back to the beginning of the common law This book looks to *Bracton* less for what it can tell us about the law of the thirteenth century however than for what it can tell us about the judges who wrote it The judges who wrote *Bracton* Martin of Pattishall William of Raleigh and Henry of Bratton were some of the first people to work full time in England's royal courts at a time when there

was no recourse to an obvious model for the legal professional They found one in an unexpected place they sought to clothe themselves in the authority and prestige of the scholarly Roman law tradition that was sweeping across Europe in the thirteenth century modelling themselves on the jurists of Roman law who were teaching in European universities In Bracton and other texts they produced the justices of the royal courts worked hard to ensure that the nascent common law tradition grew from Roman Law Through their writing this small group of people working in the courts of an island realm imagined themselves to be part of a broader European legal culture They made the case that they were not merely servants of the king they were priests of the law Journey toward Justice (Turning South: Christian Scholars in an Age of World Christianity)

Nicholas P. Wolterstorff, 2013-11-05 Christianity's demographics vitality and influence have tipped markedly toward the global South and East Addressing this seismic shift one of today's leading Christian scholars reflects on what he has learned about justice through his encounters with world Christianity Philosopher Nicholas Wolterstorff's experiences in South Africa the Middle East and Honduras have shaped his views on justice through the years In this book he offers readers an autobiographical tour distilling the essence of his thoughts on the topic After describing how he came to think about justice as he does and reviewing the theory of justice he developed in earlier writings Wolterstorff shows how deeply embedded justice is in Christian Scripture He reflects on the difficult struggle to right injustice and examines the necessity of just punishment Finally he explores the relationship between justice and beauty and between justice and hope This book is the first in the Turning South series which offers reflections by eminent Christian scholars who have turned their attention and commitments toward the global South and East **Cobbett's complete collection of state trials and proceedings...**
