is Bob Morris's best book yet a rollicking island yarn that turns the historical puzzle thriller on its head God's Diamond Among Rocks Sandra H. McKoy, 2009-05-27 God's Diamond Among Rocks is a captivating moving true story of the incredible struggles of a single parent and her adopted son. It is a story of love, hope, sacrifice, endurance, and an unwavering trust in the promises of God for her son's life. This story will capture your heart and reveal the hand of God and His unconditional love. Twenty years ago the author was my special needs son's teacher. Her love for children is amazing. She lives her everyday life for the glory of God. I highly recommend this book. Diane L. Mikell, RN, Former President, National Association for Healthcare Quality, Former Director, Quality, Muhlenberg Regional Medical Center. The most striking aspect of Sandra's story is that amazing people and opportunities seemed to step forth right out of the ether when she needs them the most. As the story progresses, don't be surprised if you find yourself praying right along with Sandra as she becomes a mom, secures a more ideal job situation, and buys her own home. God is simply amazing, and this hilarious, mournful, and soul-stirring story is a testimony that will edify us all. Donna Mitchell, Journalist, New York City, New York. In our American society, one barely hears about adoption with the exception of a celebrity and a child from a foreign land. As great as those occurrences are, the fact is that there are many within our neighborhoods that undergo the arduous process without all the fame and finances. Americans rarely know what actually happens to children in foster care, and how many are not adopted. You hold in your hand a compelling true story on the struggles that exist within our foster care and adoption programs. Sandy McKoy reveals the complications that accompanied her pursuit of simply touching another life and writes about the realities that will try to exhaust one from reaching the wonderful goal of adoption. As you read this book, you will experience the suspense as she not only faces bureaucratic resistance but spiritual resistance also. This book will show you what faith is, why it is needed, but most of all, how it is the only way to have victory. I believe that God's Diamond Among Rocks has all the power and intensity to become a great movie someday. Open this book and enter a place not often visited. Rev. Benjamin Valentin, Staff Minister of Faith Fellowship Ministries, Sayreville, New Jersey. The Word of God tells us to tell the truth out of a loving place. So often as Christians and as people, we sugarcoat the truth because we know it might challenge us and make us uncomfortable. Yet life goes on with its daily lessons and unavoidable truths. I salute my dear friend and sister for sharing her powerful testimony and for reminding us that with GOD, all things are possible. Let this memoir encourage you to know you can choose to be content. The Joy of The Lord can be your strength. And those who dwell in the secret place of the Most High shall abide under the shadow of the Almighty. Thank you, Sandra McKoy, for telling your story with unflinching honesty. Sandra shares her true, honest, tearful, joyful, triumphant truth of God's love, patience, deliverance, and endurance in her life and the life of her son. My former college friend. It is who she was and is. It is and was what she was raised to do. It is and was the way she lived. Their story affects everyone that has crossed their path, and it will affect you if you'll simply let it. With Loss** Susan Nolen-Hoeksema, Judith Larson, Judith M. Larson, 2013-01-11 Coping With Loss describes the many ways in
which people cope with the death of someone they love Most earlier books on bereavement have fallen into two categories
distillations of the clinical experience of individual therapists or collections of chapters reporting the results of empirical
studies Each category is valuable but has tended to serve a narrow group of readers practitioners with particular theoretical
orientations or researchers in quest of the latest findings Coauthored by a leading research psychologist and an experienced
therapist who specializes in bereavement education and intervention this book is different The authors weave together the
strands of theory research and clinical wisdom into a seamless and readable narrative While they discuss previous work they
also present new data never before published from one of the largest studies of bereaved people ever conducted the
Bereavement Coping Project Unlike most studies to date which focused on only one type of bereaved group usually widows or
widowers the Bereavement Coping Project examined the experiences of several different groups during the first 18 months
after the death The groups included those who had lost a spouse a parent an adult sibling or a child and those who had lost
their significant other to cancer or cardiovascular disease on one hand as opposed to the stigmatized disease of AIDS on the
other The book begins with a critical overview of theories of bereavement succeeding chapters explore in depth the impact of
specific types of loss the impact of particular coping strategies on recovery the impact of social supports and religion and the
special cases of children and of people who seem to grow and change for the better after a loss A final chapter considers
implications for intervention with bereaved people Each chapter is richly illuminated with real life examples throughout and
ends with a section called Voices in which bereaved people describe their various attempts to cope in their own words
